**Built in 1937** to replace Denison Hall which burned three years before, Willard Hall houses the physical sciences.

# Foreword

In 1945, a plan of campus building improvement at Kansas State University was designed and labeled the "Campus of Tomorrow." At that time, buildings such as the Student Union, Ahearn Fieldhouse, Boyd and Putnam dormitories, Eisenhower Hall, Justin Hall, Student Health, the Chapel, wings to Waters and Seaton Halls, Bushnell Hall and the Auditorium were merely drawings on paper.

The campus of tomorrow as envisioned was not complete, for many more buildings have been added. Aside from the original plans, Veterinary Hall and Hospital, Feed Technology building, Umberger Hall, the Animal Industries Building, Goodnow Hall, Denison Hall, an addition to Kedzie Hall, three Scholarship houses, Nuclear Science Hall, and Jardine Terrace, married students housing, to name but a few, have been constructed.

The 1962 Royal Purple features the campus of tomorrow—the newest buildings, equipment, research programs. However, the campus of tomorrow is only as accurate as today. The face of the University will change; the campus of tomorrow will change. The Royal Purple records it as we saw it in 1962.

**New Denison Hall**, dedicated in 1961, bears only the name of its forerunner, as the new building holds English, not Chemistry classes.

# *Administration*

Built in 1923, four presidents have lived in this native stone home.

State, faculty and student governments strive to attain the academic, social and cultural goals intended for a modern, dynamic democracy.

**President James A. McCain** is directing the activities of the new Second Century Fund Drive for Kansas State

University and also is serving on the 1962 national advisory council for the United States Peace Corps program.

# McCain Encourages Academic Progress

A steady and consistent rise in the academic excellence of Kansas State has taken place since President James A. McCain took office 12 years ago. Under his guidance, the scholastic standards of the University have risen in the last five years, and scholastically delinquent students have been reduced 50 per cent.

The President, primarily concerned with the teaching, research, extension and public relations programs of the University, was chosen to serve on the National Advisory Council for the Peace Corps Program, and as a trustee of the Eisenhower Exchange Fellowships.

His interest in the building program has added many needed classrooms and dormitories to the campus to alleviate crowded conditions caused by an expanding enrollment. Two of the newest buildings now under construction are a \$2,700,000 physics-mathematics building and a \$1,460,000 agriculture-science building to be completed in 1963.

Governor John Anderson's vigorous and enlightened support of higher education was recognized by the University during his second year in office.

**Marking the annual Rig-a-Twig party held for President and Mrs. McCain, 70 organizations decorate the tree.**

Governor John Anderson's visit to Kansas State to speak to student groups presents a rare but valuable occurrence.

**Board of Regents**—*Top Row:* Clyde M. Reed, Russell R. Rust, Leon N. Roulier, W. F. Danenbarger, Charles V. Kincaid, Ray R. Evans, George B. Collins, Clement H. Hall. *Bottom Row:* Chairman Whitley Austin.

**Presidential assistant** since 1949, Max W. Milbourn provides KSU information and publicity to the public.

## Administrators Direct University Activities

The most extensive building program in K-State's history, coupled with an all-time high in faculty salaries, were gained through the efforts of the Board of Regents. Establishing the general policies of the five state schools, the Board this year abolished out-of-state tuition for international students.

Albert L. Pugsley, dean of academic administration, coordinates and supervises the academic program, and approves all staff appointments.

Max Milbourn, assistant to the president, frequently fills in for the president. He is chairman of such committees as the KSU Civil Defense Committee, Public Relations Council, and the General Scholarship Committee. Milbourn works with the state legislature and coordinates a variety of university matters.

Business manager Daniel D. Beatty is responsible to the president for preparing the annual budget and all appropriation requests. He is also in charge of the financial operation of all auxiliary enterprises and the finances of the university and subdivisions.

**Dean of academic administration** Albert L. Pugsley determines the faculty ranking, salaries, and research grants.

**Daniel D. Beatty** handles the headaches of K-State's budget planning and fund distribution as business manager.

**Administrative Heads**—*Top Row:* A. B. Cardwell, Bureau of General Research Director; C. M. Correll, Historian; D. G. Danskin, Counseling Center Director; A. T. Edwards, Housing Director; F. D. Farrell, President Emeritus. *Second Row:* E. M. Gerritz, Admissions and Registrar Director; R. F. Gingrich, Physical Plant Administrator; H. D. Hess, Executive Alumni Secretary; K. M. Heywood, Endowment and Development Director; H. P. Jublet, Student Health Director. *Bottom Row:* W. R. Kerr, Veterans' Service and Housing Director; J. W. Kraus, Director of Libraries; C. E. Peters, Placement Center Director; R. H. Perry, Comptroller; F. L. Whan, Summer School Director.

# Deans Aim Attention At Student Problems

Dean of Students Herbert J. Wunderlich headed the division of Personnel Services. Concerned with the selection and hiring of the staff for all divisions of the personnel program, Dean Wunderlich also focused his attention on more adequate housing for women students. A \$1,200,000 women's residence hall now under construction will be used in 1962.

Primarily concerned with improving housing and dormitory facilities for women students, Margaret Lahey, associate dean of women, selected the staffs for the women's residence halls and directed the housemother's workshop. Advising and counseling women students also filled Dean Lahey's time.

Advising international students was one of the major responsibilities of Charles Wildy, assistant dean of students. He was also executive secretary of the general scholarship committee, counseled men students, and coordinated the orientation program.

The Faculty Senate shaped the purposes and character of the University. Concerned with the overall academic program, the Senate made a major policy decision by approving the discontinuation of class attendance reports to the deans' offices.

**Encountering** both academic and disciplinary problems of K-State students is Herbert Wunderlich, dean of students.

**Serving from the Dean of Student's offices** are Associate Dean Margaret Lahey, faculty advisor to the All Womens'

Students program, and Assistant Dean Charles H. Wildy, international students advisor and men's counselor.

**Danforth Chapel** nestles in the small wooded valley descending from the heights of Anderson Hall and approach-

ing the southeastern corner of the campus. It is the scene of many student weddings and houses the new pipe organ.

Spending a lot of time throughout the state, Dean Glenn H. Beck works with industry, farmers, and farm and civic

organizations. The head administrator also doubles as the acting director of the Agricultural Experiment Station.

## Ag Dean Coordinates 3 Major Programs

Beginning his second year at K-State as Dean of Agriculture, Glenn H. Beck coordinates the development of the three major agricultural programs. These include the School of Agriculture, concerned with the training of college students; the Agricultural Experiment Station, which conducts research programs, and the Agricultural Extension Service.

Before becoming Dean, Beck was the director of the Agricultural Experiment Station. He also served as head of the Dairy Science Department at the University of Maryland and as professor of Dairy Husbandry at K-State. He received his bachelors degree from Idaho University, his masters from K-State, and his doctorate from Cornell University.

# Ag School Gets New Department, Buildings

The unique tri-branched make-up of the School of Agriculture forwarded research information to American farmers through the agriculture experiment stations, the extension department and the education of students. The 105 counties of Kansas were each served by K-State professors and county agents directly responsible to the extension division.

A significant area of development was in the expanding of research in social science. Agricultural economists, sociologists and extension specialists crossed disciplinary lines to do research on Kansas farmers instead of animals. The problem was finding why and how Kansans wanted agriculture and farming methods improved and finding the solutions.

The Departments of Horticulture and Forestry worked on making the sandy Arkansas River valley more profitable. Natural pecan trees worth \$1.5 million were thinned to stimulate a larger pecan

yield. The thinned trees were processed into charcoal briquets by a K-State owned plant near Chetopa. The endeavor was estimated to be worth nearly \$4.5 million in the near future.

#### **Study Increased Vegetable Production**

The low-calorie high-protein diets desired by Americans also induced the horticulturists to study the increased production of vegetables in Kansas. Kansas has been attempting to produce more of what consumers want instead of surplus, despite the fact that wheat is most likely to be her main crop.

#### **K-State Continues India Project**

Sporting the second largest number of international students on campus in the nation, K-State's Agricultural School was homegrounds for 100 per cent of the Indian students. While Indians were working on the experiment stations and research projects, K-State was participating for the sixth year in technical and educational assistance to India under the International Cooperation Administration supported by the United States government.

Orville Freeman, United States Secretary of Agriculture, dedicated the Flour and Feed Milling building on May 18, 1961. After the 1957 fire gutted East Waters Hall and the mill, East Waters was restored. Completed in 1960, the mill cost approximately \$620 thousand to build.

for a Dairy and Poultry Science building on which construction is to begin in March of 1962. The cost of the structure, which will be located to the west of the Animal Industries building, was estimated at hitting the \$1.5 million mark, when fully equipped for use. This new research building, designed for both classroom and research study, is expected to be completed by the fall of 1963.

#### **Incorporate Department of Bio-Chemistry**

A newly created department for the School of Agriculture, the Department of Bio-Chemistry, was headed by Dr. Howard L. Mitchell. This new department was staffed by faculty from the School of Agriculture instead of the Chemistry Department of the School of Arts and Sciences. The faculty associated with the new department was one of a few in the entire University which could boast 100 per cent PhD. degrees.

Dr. A. D. (Dad) Weber, former Dean of Agriculture now on leave with an assignment as a head administrator of a Ford Foundation project in India until June 30, 1962, was selected as one of the ten outstanding Kansans in the first 100 years of Kansas history. He was awarded this honor by the Kansas State Federation of Labor.

**An auditorium,** classrooms and offices for the extension branch of the School of Agriculture are located in Um-

berger Hall. Extension work covers not only studies in Kansas but also the experiments sent to foreign countries.

**Dean Thomas M. Hahn**, Dean of the School of Arts and Sciences, is a noted nuclear physicist as well as admin-

istrator. He directs the policies and programs for both graduate and undergraduate students in the A&S School.

## Hahn Accepts Duties At Virginia Polytechnic

Thomas M. Hahn, dean of arts and sciences, will assume new duties as President of Virginia Polytechnic Institute at the end of the academic year. Dean Hahn has been head of the largest school at K-State for three years. Developing an excellent faculty for the school and providing its members with opportunities was the main job of Hahn.

Counseling many of the 3,500 students enrolled in the A & S School was also his duty.

Before coming to K-State, Hahn was head of the Physics Department and chairman of the nuclear engineering program at Virginia Polytechnic Institute. He received his education at Kentucky University and Massachusetts Institute of Technology.

# A & S School Aids Research Programs

New programs concerned with both basic research and instruction have greatly aided the School of Arts and Sciences with respect to the development of scientific and cultural understandings. Supporting the largest enrollment of any of the six schools, each of the 23 departments of the School of Arts and Sciences were actively engaged in continuous research.

Dedication of the \$50,000 chapel organ was a highlight of the year. Made possible by funds donated to the University Endowment Association, the organ contains 40 ranks and a total of 2,458 pipes. The organ was custom built to suit the acoustics of the chapel and its exposed location.

Dr. Harry Helson, a foremost experimental psychologist, was named to the first Regents' Professorship at Kansas State. Dr. Warren W. Brandt, an outstanding analytical chemist and educator, was appointed head of the Department of Chemistry, while Dr. John A. Nordin, formerly the director of graduate

research at Iowa State University, was chosen to serve as head of the Department of Economics and Sociology.

In keeping with the growing demand for greater proficiency in foreign languages, the Department of Modern Languages installed a language laboratory in Eisenhower Hall. Through the use of this electronic equipment, the language laboratory, under the direction of Dr. Robert E. Pyle, gave each student an opportunity to hear the language spoken by a native as well as by himself.

#### **Anti-radiation Pills Perfected**

Dr. Scott Searles of the Department of Chemistry effectively perfected anti-radiation compounds, assimilated in pill form, which absorb radiation rendering it harmless to the human body in the event of atomic fallout. The Chemistry Department also investigated the properties of electronic energy and the chemical equilibrium of humans.

Faculty members and students of the Department of Physics studied the nuclear forces and high energy scattering of elementary particles, the imperfections present in metallic whiskers, and the mani-

Basic life processes and the relationship of living organisms to their environment were studied by the faculty and students of the Department of Biological Sciences. The research program ranged from the composition of the single cell, its heredity, growth and reproduction, to the diseases which destroy it. Specimens which served as experimental examples to

the botanists, plant pathologists, and zoologists included viruses, staphylococci, and worms, as well as samples of fungi, pollen, and wheat.

Earle Davis, head of the Department of English, was appointed a Fulbright lecturer at the University of Adelaide in Australia.

**Denison Hall**, homefront for the English Department, is the catch-all for homeless classes. Its one-year old lecture

hall and classrooms seat not only English students but also psychology, government and mathematics students.

**Eisenhower Hall** houses the offices of the School of Arts and Sciences plus a lecture hall and classrooms.

The Department of Education revised its curriculum in secondary education as the block system of teaching was initiated for the first time.

#### **Create Natural Park Laboratory**

The K-State University Endowment Association has leased 80 acres of land near the Tuttle Creek Reservoir district that will provide a natural park area to serve as an experimental laboratory for the investigation and study of biological science problems. This natural park will make it possible for students and faculty members to observe and obtain specimens for detailed study of both fauna and flora in their natural environment.

The Arts and Sciences School Council was composed of 17 members chosen in campus elections to represent each of the departments. Larry Wolgast served as president of the council which acted in an advisory capacity to the Arts and Sciences School by reflecting student opinions.

Before assuming duties as Acting Dean of the Engineering and Architecture School, John Shupe carried out

research on the procedure for evaluating the properties of highway materials and the development of equipment.

## Shupe Named Acting Dean of E & A School

John Shupe became Acting Dean of the School of Engineering and Architecture this year, replacing M. A. Durland who retired after serving 12 years as Dean. Shupe served as a professor of applied mechanics before becoming associate dean under Durland in 1960.

As Acting Dean, Shupe's major responsibility is

in making policy decisions to keep the school in stride with the dynamic changes taking place in the fields of engineering and architecture. He focused his attention on public relations to counteract the recent decreases in the school's enrollment. Shupe received his education at K-State, the University of California, and Purdue University.

# Engineers Purchase New Critical Reactor

Funds provided by the U. S. Atomic Energy Commission, the National Science Foundation and the state of Kansas made possible the purchase of a nuclear reactor for the School of Engineering and Architecture. K-State was awarded funds totaling a quarter of a million dollars for the Triga Mark II which will be used in teaching and research.

Special features of Triga Mark II include a graphite thermal column, four radial beam ports, a bulk shielding facility, a 40-position irradiation specimen rack, a central thimble, and a pneumatic transfer system for the rapid removal of samples. The critical reactor will be housed in the new Nuclear Science and Engineering building now under construction north of the Engineering Lecture Hall.

Engineering in cooperation with the office of Civil and Defense Mobilization. The prototype shelter was built by students and combines simplicity of design and construction, a high degree of protection from blast, initial radiation and fallout, low initial cost and a low maintenance cost. The shelter, furnished with food and cooking equipment, supplies and sanitation equipment, holds 6 to 10 people.

#### Human Environment Lab Grows

A research project on environment which began in the late 1940's has been greatly expanded this year due to additional support. The Institute for Environmental Research was organized to investigate human response to thermal environment as it affects health, comfort, learning and productivity, and for study of air pollution problems affecting health and comfort of the population.

One of the world's largest and best equipped environmental research laboratories, representing a total investment of \$150,000, was transferred to K-State. The research facilities of the American Society of Heating, Refrigerating and Air-Conditioning Engineers is housed in the new research center. K-State received a grant of \$80,000 from the National Institutes of Health for the building.

Filling around and under, construction men complete work on the model fallout shelter behind Seaton Hall.

### Durland Retires As Dean

Dean Emeritus M. A. Durland, who has been closely associated with engineering at K-State for 47 years and Dean of the School of Engineering and Architecture since 1949, retired this year to a full time teaching professorship in the Mechanical Engineering Department. Acting Dean is John Shupe.

Charles Wilson, a mechanical engineering senior, headed the Engineering Council. The Council coordinated the activities of the nine departments, promoted projects to solicit interest in the engineering field, and supervised the publication of the school's magazine, the "K-State Engineer."

### Open House Creates E & A Interest

"Today for Tomorrow" was the theme of the 1962 Engineers' Open House. The annual event introduced the Engineering School to high school students and promoted interest on the campus. Roger Coulter, a mechanical engineering senior, served as the general chairman for the open house.

ished by January of 1962. The reactor is expected to reach critical stage and peak pulsing power of 250 megowatts.

**Curriculum revisions** and coordination of the sections of the School of Home Economics, in addition to state

and national home economics projects and research work occupy the time and efforts of Dean Doretta S. Hoffman.

## Dean Hoffman Guides Teaching, Research

Serving her seventh year at K-State as Dean of the School of Home Economics, Doretta S. Hoffman administered both the teaching and research program. In addition to her administrative work with faculty and students, she lectured at high schools, universities, conferences, and alumni meetings. Dean Hoffman was elected this year to be chairman of the

Research Advisory Committee of the Home Economics Division of the Association of Land Grant Colleges and State Universities. Representatives of home economics research in four regions of the United States composed this committee. The Dean was chairman of the American Home Economics Association's National Committee of Visual Aids.

## 14 Research Studies

Extensive research in the School of Home Economics revealed new facts and theories in five areas of home economics. Nearly one-half of the year old teaching and research center, Justin Hall, was used for experimental study in foods and nutrition, institutional management, clothing and textiles, family economics, and family and child development.

Supported mainly by the Agricultural Experiment Station, a total of 14 research projects were conducted by both faculty and graduate students. One project by the Foods and Nutrition Department involved a comparison of the quality of home prepared frozen products with commercial packaging.

A fluorescent tracer was added to the cooking fat, and samples were collected which measured fluorometrically for mass concentration.

A parental control study was a project of the Family and Child Development Department, while the Clothing and Textiles Department evaluated carpetings of nylon, rayon, modacrylic, acrylic, cotton, and wood fibers for their service qualities. A study in the Department of Institutional Management tested the use of dry milk in white sauce mix.

### Enrollment Figures Rise

With a greater number of women students entering K-State, enrollment in the School of Home Economics increased 22 per cent. The number of

undergraduate students rose to 677. Graduate students totaled 37. A new curriculum was added last year for those who want a broad educational background, but do not want to concentrate on a particular profession. Almost one-half of the courses in the liberal arts curriculum are general education, the others divided between home economics and unrestricted electives. Ruth Hoeflin, serving her second year as associate dean, handled student's schedules and coordinated other academic revisions.

#### **Favorite Man Selected by Coeds**

An annual highlight sponsored by the home economics students was the Snowball dance and crowning of the Favorite Man On Campus. Marion Karr, Farm House, was chosen FMOC. Attendants were Phil Barger, Phi Delta Theta; Dee Burcham, Acacia; Tom Carrico, Kappa Sigma; Richard Ewy, Beta Theta Pi; Jack King, Goodnow Hall; Richard Gunn, Goodnow Hall; and Al Peithman, Sigma Alpha Epsilon. Finalists were chosen by two panels of judges on the basis of personality, poise, and activities. Only the finalists campaigned. Brenda Morgan was chairman of the event.

the Home Economics School held its annual Hospitality Day. "Dial KSHE—Kansas State Home Economics" was the theme of the event. High school students and their sponsors from all over Kansas viewed exhibits of the various areas of home economics. Included in the day's program were tours of the campus, skits, a tea in the freshman dormitories, a campus style review, and a luncheon. Kay Randel was 1962 general chairman.

#### **Home Ec Council Governs**

The 22-member Home Economics council acted as both a governing body for the School and a coordinating group for the home economics clubs. The council was composed of four officers, the presidents of each of the eight home economics clubs, two Student Council representatives, and the chairmen of eight standing committees. Kathryn Reeves headed the activities of the council as president and Margaret Raffington was faculty sponsor.

**Who's Who in America**, American Men of Science, and the International World Who's Who, along with six other

professional directories, lists Dr. E. E. Leasure, Dean of the School of Veterinary Medicine, as a member.

## Leasure Wins Fame in Veterinary Field

For 13 years Dean Elden E. Leasure has directed the activities of the School of Veterinary Medicine. He has seen the completion of Dykstra Veterinary Hospital, one of the most modern animal clinics in the country, in 1955, the remodeling of Burt Veterinary Science Hall in 1959, and the partial remodeling of the Veterinary Hall in 1961.

Dean Leasure, author of numerous research papers, discovered the disease feline infectious enteritis, and has perfected the vaccine and antiserum. As a member of an Indo-American survey team, he has twice surveyed India's agricultural, educational and research programs in veterinary medicine. He served as president of the Association of Deans for 10 years.

# Vets Offer Services For Rabies Project

Extensive research contributions made by the School of Veterinary Medicine were valuable not only to Kansas livestock and poultry industries, but also to the public health program. Students and faculty members participated as human volunteers for a rabies immunization research-public health project conducted by Dr. C. H. Kitzelman. A study of avitaminosis E and nutritional muscular dystrophy was headed by Dr. G. K. L. Underbjerg.

The school has facilities for gross and microscopic anatomical studies, as well as equipment for special histological and anatomical-surgery. With these facilities and equipment, the students were able to treat and study over 33,445 animal patients.

## **New Vaccine to Replace Antiserum**

At present a long-term research study on the relationship of genetics to anatomical anomalies is

being carried out by Dr. R. W. Adrian. Dr. M. J. Twiehaus directed the experimental use of a modified hog Cholera vaccine in swine instead of the previous treatment given using an antiserum.

New facilities and equipment were available to 285 students enrolled in the School. The Scopicon, a multiple microscopic unit, enabled the instructor to show magnified tissue sections to nine students in one group. The Polyviso, an electronic device capable of monitoring all body functions, was used by the students. A new piece of equipment was the Gordon Veterinary Medicine Mobile Service six passenger truck unit, providing students and instructors with complete mobile veterinary medicine facilities for nearby field service calls.

#### Veterinary School Remodels

Remodeling of the West wing of Burt Hall was completed, providing isolation quarters for animal virus research work, experimental animal rooms and pens, and an X-ray therapy unit room. Completion of the partial remodeling of Veterinary Hall provided three new offices and three laboratories.

nary Hospital. Working with the animals provides valuable field experience for the veterinary medicine students.

**Dykstra Veterinary Hospital**, completed in 1955 at a cost of \$575,000, is hailed as one of the most complete

veterinary clinics in the country. The modern surgical rooms are equipped for student observation and surgery.

bers Don Lonker, James Gammell, John Cerney, Doug Leigh, Frank McLaughlin, Bruce Little, Clint Stalker.

**Special consultant** to the National Science Foundation on programs concerning science education is Acting Dean

of the Graduate School, Alfred Borg. He also now holds a grant for research in the field of microbial ecology.

## Dean Borg Channels Grad Student Grants

As Acting Dean of the Graduate School, which has grown more than twice its size in the last five years, Alfred Borg channels grants to and advises graduate students. Borg replaces Dean Harold Howe, who now serves as chief of the graduate fellowship section in the U. S. Department of Education.

Borg, former head of the bacteriology department

at K-State, this year oversaw grants awarded to graduate students totaling \$50 to \$60 thousand.

He received his BA, MA and PhD from the University of Washington. Acting Dean Borg spent four years at the University of Illinois and four years at the University of North Carolina State where he was involved in extensive building programs.

# Grad School Doubles Enrollment Figures

Enrollment in the Graduate School has more than doubled since 1956, as the number climbed to 858 students last fall. The largest increase recorded in the School came from the high number of international students enrolled, as 29 per cent of the participants were from India and Formosa. Of the 1,500 National Defense Education Act fellowships awarded in the United States, K-State marked a net gain of 14 this year, bringing the overall total to 49. Seven students are finishing their third year of study under this national grant.

K-State was awarded five National Science Cooperative fellowships, available on a yearly basis. Grants from the National Institutes of Health for pre-doctoral and post-doctoral study were available and two fellowships from the National Science Foundation were awarded to graduate students.

The number of doctor's degrees offered by the University has risen to 23 since the first PhD was granted in 1933. A doctorate in Bio-Chemistry was offered for the first time this year. Graduate students are required to maintain a "B" grade average in the last two years of undergraduate study prior to admission to the Graduate School program.

## Staff Members Vary In Work, Recreation

Faculty members proved themselves versatile by extending themselves to broad areas of work and recreation. Guest professors from such countries as Germany and Australia lectured and conducted seminars. This addition to the staff brought new ideas and new teaching methods.

Finding that there was time to spend away from books and classrooms, faculty members extended themselves to recreational areas. Besides patronizing such events as the Artist and Chamber Music Series, faculty members sponsored campus clubs and formed departmental bowling leagues. Couples formed squares at meetings of the Square Dance Club, and faculty families were offered recreation and instruction on swim nights. Faculty women and wives of staff members belonged to the Social Club. Some faculty members published textbooks and others spoke at national and international conferences.

Faculty members swing their partners during a meeting of the Square Dance Club. Square dancing twice a month is

only one of the recreational activities afforded faculty members as an escape from texts, classes and laboratories.

**Selected by colleagues** for recognition as an outstanding teacher, Herbert H. Haymaker, professor of plant pathol-

ogy, is honored at a faculty lectureship dinner. Haymaker joined the Kansas State faculty in November of 1917.

**The 99th birthday** of Kansas State University is commemorated with an all-University birthday tea, February 16.

**A visiting professor** from Ohio State University, Dr. Tibor Rado is lecturing in the Department of Mathematics.

# SGA Representatives Enact Student Laws

Joe Giarrusso led the Integrity Party to victory last spring when he was elected president of the Student Body. Student Council was divided equally between University and Integrity Party members. Invested with the executive power of the Student Governing Association, Giarrusso approved measures passed by Student Council. His veto power was used once when the Council voted to maintain an existing eligibility rule for student offices.

As chairman of the Apportionment Board, Giarrusso oversaw appropriations of more than \$230,000 granted to student organizations for the school year.

David All, chairman of the Student Council, coordinated the Council activities and presided at the bi-monthly meetings. He also represented the student body at meetings of the Faculty Council on Student Affairs. Under his leadership, the Council worked on measures to improve the student parking situation. The proposal prepared by Student Council was rejected by the Traffic Control Board. Council members voted to appoint interim members to serve on Student Council next year.

**Joe Giarrusso** became Student Body President by a narrow margin of 11 votes defeating Jim Fairchild, 828 to 817.

**Confronted with** student cases, Tribunal justices Marilyn Moore, Mike Rose, Raymond Baran, John Carlin, Kenneth

Heatherman, Judy Oberhelman, Betty Skiles and Gary Mundhenke serve on the judicial board until graduation.

**Chancellor** John Carlin presides over Tribunal meetings and guides judicial recommendations for any offenders.

## Justices Hear Cases Violating Honor Code

All judicial powers of the Student Government Association were vested in Tribunal. Composed of a student justice from each of the five undergraduate schools and four faculty justices, the court was primarily responsible for maintaining the K-State honor code. In determining a fair and reasonable solution to the cases brought to the court's attention, Tribunal recommends its decisions to Dean of Students Herbert Wunderlich, who either approves or overrules the court's recommendations.

Petty larceny, minor hit and run cases and intoxicated driving cases were indicative of the violations handled by Tribunal.

Rehabilitating offenders, not punishing them, is the goal of Tribunal. If a student disagrees with a decision, he may appeal to the Board of Appeals, which consists of the dean from the school in which the student is enrolled, the president of the Faculty Senate and the Student Body President. Tribunal, with an agreement of two-thirds of the justices, retains the right to expel a student.

One of the duties performed by girls of the AWS service committee is cleaning instruments for Student Health.

## AWS Probe System, Recategorize Queens

After investigating the campus queen contests, the Associated Women Students designated four as major contests. These major queens are the Homecoming Queen, Royal Purple Queen, Military Ball Queen and Miss K-State-Manhattan. AWS also conducted a survey of the off-campus living groups to see if the housing was meeting the standards maintained by the University Housing Office. Coeds were questioned about campus activities and organizations to determine which groups were the most beneficial.

A fall and spring All Women's Day was planned by AWS which featured discussion groups, banquet and a spring style review. Penny-A-Minute night, an annual money raising project, enabled coeds to stay out one-half hour past regular closing hours.

All coeds were members of AWS. Ann Hanson presided over the representatives from all women's organized living groups. Margaret Lahey, associate dean of students, sponsored the group which was organized in 1956. AWS published "Starbeams," a guide booklet for freshmen and transfer students.

**AWS Council**—*Top Row:* Mickey L. Howard, Peggy J. Chrisman, Judy R. Schmidt, Susan P. Smith, Geneva L. Lewis, Karol S. Hooper, Dorothy L. Glanville, Joyce M. Banks, Pauline S. Nomura, Jean A. **Serving** on the Apportionment Board which allocates funds to recognized student organizations are Bob Baker,

Tom Carrico, Karen Lowell, Peter Pallesen, Joe Giarrusso, John DeMand, Herbert Wunderlich and Germain Marion.

## Boards Allot Funds, Sponsor Publications

Apportionment Board allotted \$228,200 to more than 30 campus groups. The major amounts went to Student Publications, \$72,149; Union, \$69,878; and Athletic Department, \$38,433. Student Council and President McCain approve all appropriations. Joe Giarrusso, SGA president, was head of the board.

The Board of Student Publications has the Collegian, Royal Purple, and Student Directory under its jurisdiction. Selecting editors and business managers is their primary job. It also awarded K-Keys to outstanding students, sponsored Editor's Day for Kansas editors, and made publication contracts.

**Regulating contracts** for the Collegian, Royal Purple and Student Directory are Board of Student Publications

members Byron Ellis, Joan Faulconer, Frances Towner, Ralph Lashbrook, Virginia Von Riesen, and Fritz Moore.

The master calendar in the Activities Center keeps students informed on forthcoming Union and campus events.

## Union Ends Studies For Lake Property

A research study to determine site possibilities for a Lake Union at Tuttle Creek Reservoir was completed this year, and negotiations were made for the purchase of property for student facilities. Work on a \$900,000 addition to the K-State Union was started this fall. The new wing will provide larger and newer recreational facilities, a new activities center and additional meeting rooms. The State Room and cafeteria area will be doubled.

A 10-country European summer tour, co-sponsored by the K-State Union and the University of Munich, Germany, was offered to students for the first time. The cost of the tour was estimated at one-half the commercial rates. Selected from more than 100 travel programs, the tour was termed the best one for educational opportunities.

Forming the largest representative group of students on campus, more than 300 students worked on the 12 committees which planned the Union activities. Committee chairmen were members of the Union Program Council. Formulation of the Union's rules and regulations was the responsibility of the Union Governing Board. The Board prepared the budget and determined use of Union facilities.

## Mortar Board, Chimes Support Scholarship

Selling mums for Homecoming was one of many activities sponsored by the 14 members of Mortar Board, senior women's honorary. The money from the sales was used to finance two \$150 scholarships which were given to the two sophomore women with the highest overall grade averages for their freshman year. Members helped with the high school visitation programs, sponsored the annual scholarship dinner in October and raised money for the World University Service fund drive. Connie Cristler served as president of the senior honorary and Dorothy Pettis was the faculty sponsor.

The Chimes award for the senior woman with the highest cumulative grade average was presented to Caroline Preddy by Chimes President Mary Sue Snider. Miss Preddy had a grade average of 3.907 for 107 hours of credit. Chimes members served as ushers at the Little American Royal, Engineers' Open House, Y-Orpheum and the President's Convocation. They sponsored Parents' Day in the fall and a cultural program for the freshman women's dormitories. The 12 members were chosen on the basis of scholarship, leadership and service to the University. Golda Crawford was faculty advisor.

## Blue Key Organizes Homecoming Events

A traveling trophy was presented to the Homecoming Queen for the first time by Blue Key, senior men's honorary. The men were responsible for coordinating all Homecoming festivities, including the

preview skits, half-time ceremonies and dance.

The 13 members of Blue Key were chosen for outstanding qualities in scholarship, leadership and service to the University. Members were tapped at an informal rush-smoker last spring. A Blue Key money-raising project was selling comic window signs to Manhattan merchants the week preceding the KSU-KU basketball game. The proceeds went toward a student scholarship. Les Dugan was president and Chester Peters, faculty advisor.

**Blue Key members** look on approvingly as Les Dugan, president, prepares to exchange Judy Whitesell's royal blue

cape, worn by all Homecoming finalists, for the white satin cape that signifies her as the 1961 Homecoming Queen.

# Phi Kappa Phi's Tap By Revised Method

One hundred twelve students were elected to Phi Kappa Phi, student and faculty scholastic honorary, during the year. Under the new amendment passed in December, 1960, candidates were chosen from two classifications. One category states that a student will be awarded recognition upon completion of 45 residence hours, or rated senior standing, hold at least a 3.4 grade average, and the number of students in one year will not be in excess of 10 per cent of the graduating class in each school. The second category requirements are that a student will have completed one semester as a junior or 32 residence hours, maintain at least a 3.7 grade average, and the number of juniors in one year will not exceed 25 per cent of undergraduates.

# Med Tech Honorary Shows Blood Typing

An exhibit showing the process of blood typing was set up at the Activities Carnival by members of the medical technology honorary, Alpha Delta Theta. A tour of the medical technology facilities at the Kansas University Medical Center and a cookie sale to raise funds were other activities.

Medical technology students who have above a 2.0 grade average were eligible for membership. Jane Beck served as president and V. D. Foltz was faculty sponsor of the 10-member organization.

## Alpha Lambda Delta Taps Frosh Women

In its fourth year on campus, Alpha Lambda Delta, freshmen women's scholastic honorary, increased its membership to a total of 47. All freshmen who earned a 3.5 or higher college grade average during their first semester were eligible for membership. The honorary was headed by Mary Newman, president, and Margaret Beeson, faculty advisor.

## Phi Eta Sigma Men Promote Scholarship

A study-aids pamphlet was distributed to all incoming freshmen by members of Phi Eta Sigma, freshmen men's scholastic honorary. Membership requirements of a 3.5 grade average for the first semester were fulfilled by 33 men. President Roger Shenkel and Faculty Sponsor Fritz Moore planned a spring initiation banquet and a smoker.

# Delta Phi Delta Sale Benefits Art Students

Over 100 student paintings, ceramic pieces and sketches were sold at the annual Thieves Market, sponsored by Delta Phi Delta, national art honorary. Approximately \$490 was received from the art sale, 80 per cent of which went to the contributing artist. Twenty-six members were required to maintain a 3.0 grade average in allied art and architecture courses and an overall grade average of a 2.5. The recommendations of faculty members are required for membership. President of the honorary was Ken Miller. Faculty advisor was J. Cranston Heintzelman.

# Phi Epsilon Kappas Win National Award

For the fourth year, Phi Epsilon Kappa, national men's physical education honorary, received an award as the outstanding chapter in the nation.

Under the direction of Bill White, president, and Veryle Snyder, faculty advisor, the 40-member or-

ganization aimed at promoting the ideals of the physical education profession. Group events included donating blood to Riley County and St. Mary's hospitals, contributing to the Mercy Bowl and donating a picture to the Physical Education Department.

Phi Epsilon Kappa members ran the local punt, pass and kick contest, held a free throw contest for grade school boys, and sent a box of athletic equipment to students in West Africa. Three money-making projects included selling eyeshades at football games, distributing pictures of the K-State basketball team, and selling cowbells at athletic events.

## Alpha Zeta Members Tutor Underclassmen

Sixty members of Alpha Zeta, honorary for agriculture and veterinary medicine students, planned and carried out a tutoring-counseling service for underclassmen who encountered academic and adjustment problems. Names of members who were eligible blood donors were added to the lists at Riley County and St. Mary's hospitals. Selling tickets and

ushering at the Little American Royal was another project of Alpha Zeta members.

Under the guidance of Whayne Hill and faculty advisors Dr. G. B. Marion, Dr. Don Good and Dr. Bruce Wren, the group actively supported the National Alpha Zeta Scholarship Foundation. At the fall and spring banquets, scholarship recognition awards were presented to Janice Lilly, Wayne Hagemoser, Lawrence Schrader and Gary Eilrich.

Requirements for membership are the completion of three semesters of college work, rank in the upper two-fifths of their class and by invitation issued by student and faculty members.

## Alpha Mu Presents Best Exhibit Trophy

Awarding a trophy to the best exhibit at Ag Science Day in the spring was the honorary milling fraternity, Alpha Mu. A fall and spring banquet, the annual Alpha Mu smoker for both faculty and students, and the presentation of an award to an outstanding student in feed technology or milling technology were the major activities of the organization. The 28-member honorary recognized men of the feed and milling professions and hung their pictures in the Agricultural School's hall of fame.

President Ronald Janasek and Faculty Advisors John Johnson, Royce Pence and Harry Pfost helped the organization in planning and carrying out projects. Minimum academic requirement for membership is a 2.9 grade average for sophomores, a 2.6 grade average for juniors and a 2.3 grade average for seniors. Graduate students must meet special scholastic requirements in their field of study.

Alpha Mu was organized on campus in 1926 to promote the profession of flour and feed milling and related fields. The honorary encourages high standards in scholarship, character, leadership, fellowship and general good will among individuals.

## Steel Ring Chooses Open House Judges

Judges for the Engineers' Open House exhibits were chosen by the members of the engineering organization Steel Ring. An exhibit for a Kansas high school science program was planned by the group. President Dan Miller and Faculty Advisor Wilson Tripp directed the work of the club which was composed of at least one representative from each department in the School of Engineering. The seventeen members maintained a 2.2 grade average.

## Radio-TV Honorary Prepares Broadcasts

Two radio programs for the University station were planned by members of Alpha Epsilon Rho, radio-television honorary. One program featured interviews with President McCain, international students and IFYE students; the second was an annual Christmas broadcast. Club members planned a visit to a television station in the spring, sent a delegate to the national convention in Miami, Fla., and served a departmental coffee in the fall. Jeanette Gamba was president and Robert Snyder was faculty sponsor.

## Architecture Society Awards Scholarship

A \$100 scholarship is awarded annually to a freshman who shows promise in the architectural profession by the architecture honorary, Tau Sigma Delta. Earl Smith served as president and John Helm was the faculty advisor. Striving to stimulate mental achievement and effort, Tau Sigma Delta tapped students who attained a high scholastic standing in architecture, landscape architecture and allied arts.

## Sigma Tau Men Schedule St. Pat's Prom

St. Pat's Prom, held in connection with the Engineers' Open House, was sponsored by Sigma Tau, engineering honorary. The members selected St. Pat and St. Patricia to reign over the Open House and dance. Providing tours through the newly-constructed model fallout shelter was another group effort. Tay-

lor Merrill was president of the honorary and John Fagan served as faculty sponsor. Members rank in the upper one-third of the junior and senior engineering classes. The 60 members of the honorary are required to exhibit leadership and professional ability in meeting practical engineering problems.

## Chi Epsilon Chapter Hosts Kansas Confab

Members of Chi Epsilon fraternity, national civil engineering honorary, served as hosts to the Kansas Highway Conference and the Kansas section of the American Society of Civil Engineers. Other group activities included the reorganization of the civil engineering library and the presentation of four cigarette receptacles to the Civil Engineering Department. Now in its second year as a campus organization, the honorary planned a group picture for seniors who were graduating in civil engineering. A spring and fall smoker and an initiation banquet were scheduled for the 18 members.

As the 51st chapter of the national honorary, the local group was started in May, 1960, as an outgrowth of the Civil Engineering Honors Committee. The first chapter of Chi Epsilon was founded at the University of Illinois in 1922. Civil engineers who have a 2.5 grade average or who are in the upper one-third of their class are eligible for membership in the professional honorary. The members worked closely with the Department of Civil Engineering, and all activities of the group were for the benefit of the School of Engineering. The honorary was guided by George Ristau, president.

## Pi Tau Sigma Offers Reviewing Programs

Review sessions for seniors preparing to take engineer-in-training tests were conducted by members of Pi Tau Sigma, mechanical engineering honorary. Entering a project in the Engineers' Open House and planning a banquet for new members were additional projects. Roger Craft was president and Dr. F. C. Appl was faculty advisor. Membership was based on scholarship and engineering ability.

## Eta Kappa Nu Taps Electrical Engineers

Eta Kappa Nu, electrical engineering honorary, was headed this year by Dennis Zitterkopf. R. M. Kerchner was faculty sponsor of the 48-member group. Instruction for Physics I and II review sessions and slide rule classes were conducted by members. Juniors in the upper quarter and seniors in the upper third of their electrical engineering classes were eligible for membership in the scholastic honorary.

## Debate Group Stages All-University Contest

Backing two annual speech events this spring were members of Delta Sigma Rho, debate honorary. The intracollegiate extemporaneous speaking contest and the recognition banquet for outstanding debaters were the products of combined group effort. Jim Dean was president of the seven-member honorary, and Anita Taylor served as the faculty sponsor. Each year the chapter honors students who have participated in intercollegiate speaking events.

## Speech Confab Hosts Collegiate Delegates

Two delegates from Sigma Alpha Eta, speech therapy honorary, attended the National Speech and Hearing Convention in Chicago. Another project was the setting up of a booth at the Activities Carnival last fall. On display in the booth were machines that are used in the speech clinic. Guest speakers and films rounded out the year's activities of the 20-member honorary. Linda Mull was the president and B. T. Thorne was the faculty sponsor.

## Business Club Tours Company, Brokerage

Touring Hallmark Cards and a stock brokerage in Kansas City and the KU business administration building were the 68 members of Alpha Kappa Psi, professional business fraternity. Doubling its membership, they took charge of the renters division of the Centennial Cents Campaign. Business majors with a 2.4 grade average were members. Jim Logback was president and Joseph Barton, faculty sponsor.

## Phi Mu Alpha Lands Award for Activities

Phi Mu Alpha Sinfonia, national music fraternity, won a province music award for activities and projects developed in the field of music. In receiving the honor, the organization presented a yuletide buffet and sang Old English Christmas carols at the co-sponsored Feast of Carols. Led by Kurt Werner, president, and Thomas Steunenber and Luther Leavengood, faculty sponsors, the group ushered at the Artist Series and the Chamber Music Series.

## Mu Phi Epsilon Aids Child Music Center

Donating money to a music center for underprivileged children in Chicago, co-sponsoring the Feast of Carols, and ushering at recitals and concerts were activities of Mu Phi Epsilon, women's music honorary. Headed by Rebecca Pannbacker, president, and Jean Sloop, faculty advisor, the honorary requires a 2.5 average in non-music courses and a 3.0 average in music classes for membership.

**Mu Phi Epsilon**—*Top Row:* Joleen J. Irvine, Carol D. Stewart, Sue J. Young. *Bottom Row:* Rebecca K. Pannbacker, Judy R. Schmidt, Vicki C. Meier, Charlotte Davis.

## Theta Sigs Present Annual Matrix Table

Theta Sigma Phi, national fraternity for women in journalism, sponsored the annual Matrix Table banquet for more than 250 guests. Headed by Pat Hubbs, president, and Helen Hostetter, faculty advisor, the 14 members exchanged ideas with professional journalists at their monthly meetings.

## Journalists Sponsor Visit by Press Club

Kansas City Press Club's first visit to the KSU Journalism Department was sponsored by Sigma Delta Chi, men's professional journalism society. President Monte Miller and Advisor C. J. Medlin directed the activities of the group, including the publishing of the Collegian April Fool's edition.

## Photo Journalist Men Take Party Pictures

A newly organized honorary in photo journalism, Kappa Alpha Mu, was organized on the campus last fall. The proceeds made from taking pictures at Greek and dorm parties sent a delegation to the

national convention in Peoria, Ill. The chapter was a student affiliate of the National Press Photographers Association and the Kansas News Photographers Association, a state chapter of NPPA.

In correlation with the Department of Journalism, the honorary presented a display, "News Pictures of the Year," for Editor's Day. Jerry Hiatt, president, served as an official photographer at the National Press Photographers Association national convention in Wichita last summer. Owen Brewer and Elliott Parker were correspondents for two wire services.

Hirt, Joellen W. Michaelis, Judith A. Golitko.

## Omicron Nu Honors Home Ec Sophomore

A scholarship was awarded to the home economics sophomore who accumulated the highest freshman grades by Omicron Nu, home economics honorary. The society held a dessert honoring sophomore and international students. The organization, guided by Eunice House, president, and Mercedes Hunsader, faculty sponsor, recognized superior scholarship.

## Phi Upsilon Assists Home Ec Graduates

Donating money for graduate study scholarships in home economics was a project of Phi Upsilon Omicron, professional home economics honorary. Under the leadership of Jean Reehling, president, and Patty Annis, sponsor, the group assisted with Hospitality Days and honored a freshman woman student majoring in home economics.

**Phi Upsilon Omicron**—*Top Row:* Connie L. Dick, Margaret L. Cooper, Phyllis J. Jacobson, Carmen M. Anderson, Judith A. Hammons, Jeanettia M. Mannen, Joyce I. Unger. *Second Row:* Jean E. ## Guest Speaker Visits Phi Lambda Upsilon

Highlighting the fall program of Phi Lambda Upsilon, honorary chemical society, was the guest lecturer, J. E. Callen of the Research and Development Department of Procter and Gamble. At the spring banquet a \$25 research award and five recognition certificates were presented to chemistry students. Dr. H. C. Moser was faculty advisor and Russell Johnson was president. Male graduate students and juniors and seniors with a 3.2 grade average are eligible for membership.

## Geologists Volunteer Services as Tutors

Members of Sigma Gamma Epsilon, geology honorary, made a drawing of the floor plan of Thompson Hall which was placed in the lobby to direct students through the building. They offered a free tutoring service to general geology students and helped establish a geology library. Plans were executed for a five-day field trip in the spring to the Black Hills. Fifteen members belonged to the honorary headed by Bill Baysinger and Dr. Henry Beck, faculty sponsor.

**Constant practice** at the rifle range helped members of the Varsity Rifle team compile impressive team victories.

## Rifle Team Defends Third Big Eight Title

Defending their Big Eight championship title at South Dakota State late in April, the K-State Varsity Rifle Team will be trying for their fourth consecutive conference title win. An outstanding record was posted during the year as the team won 18 out of 19 duel matches, losing only to the Air Force Academy, and four of the six intercollegiate tournaments entered. These four intercollegiate wins included the St. Louis Intercollegiate Sectional Tournament and the Oklahoma State University meet, each with 12 participating schools, the University of Nebraska Invitational Tournament, with 14 teams entered, and the Pittsburg State meet, hosting nine guest teams. The Rifle team placed third out of 16 teams entered in the K-State Turkey Shoot, won by the University of Alaska. In the Southwest Invitational Rifle Tournament in El Paso, Texas, the team placed fifth out of 22 entering groups.

Before each of the competitive meets, a "shoot off" is held to determine which 11 members will compose the traveling squad. Approximately 20 men and one woman vie for these 11 positions which represent the University at rifle meets. Sgt. Earnest Lancaster was the team coach and Capt. Sherlund Prawl served as faculty manager. Allen Boge was chosen team captain. Membership in the organization is open to all interested students with rifle shooting ability. Organized as a campus competitive team in 1947, the team ranked first among college teams in the nation in 1959 and third in 1960.

**Varsity Rifle Team**—*Top Row:* Sherlund D. Prawl, Robert H. Dorian, Margaret L. Thompson, James D. Kent. *Second Row:* Howard E. Hall, James K. Leipper, Henry F. Thorne, Michael L. Wentz, Arthur F. Millard. *Bottom Row:* Allen D. Boge, James N. Allee, Burt E. Eustace, Earnest H. Lancaster.

## Scabbard and Blade Stages Military Ball

Forming an arch of crossed sabers honoring the queen of the Army-Air Force ROTC Military Ball were the members of the military science honorary, Scabbard and Blade. Participating in a national Scabbard and Blade rifle match, holding the annual Turkey shoot and entering a display for both the Engineers' Open House and the Union Activities Carnival rounded out the year's activities.

The honorary was composed of 20 cadet officers. To be eligible for membership, a 2.2 grade average and an 85 per cent average in ROTC courses was required. James Mertz was president of the group and Capt. Jack Jones was the faculty advisor. The K-State chapter was founded in 1914, 19 years after the organization was nationally established.

## Air Society Changes Rules of Membership

A change in the membership qualifications of the Arnold Air Society allowed outstanding Air Force basic cadets and second semester freshmen to join the society which previously had been restricted to upperclassmen. Forty men belonged to the group led by President Dwight Hayden and Faculty Advisor Capt. Jack Schlatter.

Shares of stock were sold within the society to purchase an airplane for flight instruction. The men sponsored a local chapter of the Girl Scouts, an Explorer Scout Post and Angel Flight, women's drilling organization. K-State representatives traveled to the national conclave in Los Angeles in the spring and attended the annual spring dinner and dance festivities at Schilling Air Force Base in Salina.

## Angel Flight Serves University, AFROTC

Official hostesses for the AFROTC, Angel Flight had the largest flight since the group's organization on the K-State campus. Flight members added feminine beauty to the AFROTC spring and fall reviews. They ushered at theatre productions, took campus visitors on tour of the University and performed a precision drill during the halftime of the Iowa State-K-State basketball game. Other activities included being guests of the Officers Club at Ft. Riley, Forbes and Schilling Air Force Bases and working with the Arnold Air Society in the spring on a money-making project to help pay for ten additional flight uniforms.

In the fall a group of the girls and AFROTC members flew to Wichita in a Transport C-47 which landed at McConnell Air Force Base. The K-State visitors were taken on tour of the base and were briefed on the airpower role and readiness of the

Kansas Air National Guard. In September Sherry MacPherson was selected to represent the local chapter at the Angel Flight National Convention in Philadelphia. The girls planned a Christmas dinner for flight members.

The 45-member organization was headed by President Sherry MacPherson and Faculty Sponsors Major Kent McKusker and Woody Kimsey. Angel Flight members work to promote better relations within the service corps and to stimulate campus interest in the Air Force and the Arnold Air Society. The coeds function as a college service organization. New members are selected each fall by the incumbent Angel Flight girls and the Arnold Air Society. The flight members must have at least sophomore rating and are required to have earned above a 2.1 overall college grade point average.

**Angel Flight** members Ruth Veazey, Martha Mulloy and Carolyn Basore examine the instruments of a supersonic

airplane. As guests of Brig. Gen. Edward Fry, the girls observe the airpower readiness of the National Guard.

## Family, Child Group Guides Nursery Art

Working with handicapped children at the University nursery on Friday afternoons was a new service of the Family and Child Development Club. Members of the club helped organize creative activities for seven such children. They also visited nursing homes in Manhattan. Another effort of the club was the establishment of a baby sitting agency for the townspeople. Linda Akin served as president and Dr. Marjorie Stith and Carol Niday were faculty advisors. Thirty-two girls belonged to the club which is a division of the Margaret Justin Home Economics Club. Girls interested in the study of family and child development or related fields in home economics may join the organization.

**Family and Child Development Club**—*Top Row:* Janice K. Stucky, Sonja K. Gigstad, Marlene K. McBride, Linda L. Davis. *Second Row:* Linda L. Akin, Bonnie J. Maxim, Barbara H. Lanning, Evelyn M. Hoyt. *Bottom Row:* Janice K. Widner, Sharon M. Marcy, Sandra L. Gutru, Kay A. Moore.

Glanville, Linda A. Hemphill, Myoan J. Swilley, Kathryn L. Chism, Margaret K. Hurley. *Bottom Row:* Mary D. Apel, Margaret V. Severns, Roberta A. Glanville, Doris M. Imhof, Judith C. Blount.

## Extension Club Girls Send Books to India

President Doris Imhof and Faculty Sponsor Mary Apel directed the work of the Home Economics Extension Club which sent college text books to India as one of their service activities. The 17 members held a fall and spring workshop, sponsored a spring picnic, helped with the annual Hospitality Day and sold candy for a money-making project.

The group strives to acquaint women who are interested in extension with the career opportunities available. Made possible by the organization, members are able to meet with the state extension staff and extension specialists to learn about the field.

## Nursing Club Helps Handicapped Children

Working with handicapped children at the University nursery school, the 30 members of the Home Economics Nursing Club gained experience in teaching and caring for such cases. A field trip was taken to the Kansas University Medical Center in Kansas City and the club sponsored a display for the Home Economics Hospitality Day. Regular meetings featured doctors and professional nurses as guest speakers. Barbara Lang, president, and Margaret Raffington and Ruth Hoeflin, faculty sponsors, directed the work of the organization which promotes interest in professional careers in nursing.

## Clothing Club Women Show Fall Fashions

A fall style review commentated by a representative of Simplicity Patterns was a highlight of the Clothing Textiles Club activities. Monthly meetings featured guest speakers from the fields of marketing, clothing and buying. Betty Lou Skiles, faculty advisor, reported to the members on a research project.

Introducing the members to clothing textiles and related fields, the club membership was raised during the fall membership drive to 45. Judy Allen, president, directed the club activities which also included participation in Home Economics Hospitality Day and the annual Home Economics Christmas Tea.

## Foods Group Bakes Cookies for Hospital

Fifty-six members of the Professional Foods Club baked 32 dozen cookies to send to Irwin Memorial Hospital at Ft. Riley. Directed by Marianne Hirt, president, the club served a luncheon at Hospitality Day and prepared food for a Christmas tea. Other club activities included a foreign foods dinner and work with handicapped children at the University Nursery. Members attended the Kansas Home Economics College Clubs workshop, the National American Dietetics Association convention and the Kansas Home Ec. Association convention. Nina Browning and Marjorie Hemphill were sponsors.

## Home Ec Journalists View Offset Printing

An offset printing company in Junction City was toured by the 18 members of the Home Economics Journalism Club. In April, the group visited the School of Journalism at the University of Nebraska in Lincoln. Other activities included setting up a booth at Hospitality Day and giving a Christmas party for an Egyptian couple. Frances Towner was president, Helen Hostetter was faculty sponsor.

## Art Club Decorations Adorn FMOC Dance

Headed by President Marilyn Larson and Faculty Advisor John Hannah, the Home Economics Art Club helped decorate the Union ballroom for the FMOC Dance. Members held a chile supper, made Halloween tray favors for an old folks home, and sold Japanese prints for a money-making project. Fashion trends were explained by Jean Peterson in a meeting with the Clothing-Retailing Club.

# HEc Teaching Club

## Works on Projects

Making and sending St. Patrick's Day favors to the home for the aged was one service project of the Home Economics Teaching Club. Members also did volunteer work with the handicapped children at the University nursery school. Affiliated with the Margaret Justin Home Economics Club, the group attended the State Future Homemakers of America Convention in Topeka. An annual dessert meeting in April was a highlight of the spring semester when the new club officers were installed. Home Ec Teaching Club members worked on the annual Christmas

Tea, Home Economics Hospitality Day and helped promote the annual FMOC Dance.

Guest speakers at the monthly meetings gave general background information on the home economics teaching profession. A home economics teacher expounded on her experiences with home economics and education in Norway. Another speaker talked on the role of fashion in the world of today. At a joint meeting with the Home Economics Extension Club, a beautician demonstrated helpful pointers on hair care and personal beauty.

Judy Oberhelman, president, guided the largest of the home economics clubs in its striving for professional ability and improvement of the status of the home. Laura Baxter and Mildred Mussey were faculty sponsors. Seventy-five home economics teaching majors belonged to the club this year.

# Flying Club Aviators Purchase New Plane

A new training plane was secured last summer by members of the K-State Flying Club. The trade of a Cessna 140 for a 1959 model Cessna 172 improved flying facilities for the 36-member club to teach student pilots. Formed for the promotion of improving flying and its techniques, the club helped members to obtain their private pilot licenses. A few of the members have their commercial licenses which require a minimum of 200 hours of flying time. Three planes are owned by the club, a Cessna 170, a Cessna 120 and the newly-acquired Cessna 172. Members purchased an Aeronica Champ when the club was organized in 1955. This plane was swapped for the Cessna 170. Logging more than 1000 flying hours each year, the club planes were flown throughout the United States.

A fast means of travel, the planes were often used by club members for out-of-town basketball games and a quick fishing trip. Seniors flew the planes on out-of-town job interviewing trips. Marvin Thompson, assistant to the comptroller, flew the planes for official school business. Thompson also served as flight officer of the club. Meetings provided time to practice maintenance of the airplanes.

To belong to the club, one must be affiliated with the University as a student or staff member. Before membership is granted, a medical examination must be passed and the member is required to purchase one share of stock in the planes. The club provides plane usage at a low student rate.

# Astronomers Watch Planets and Nebulas

The seven members of the Astronomy Club were afforded the opportunity to view their celestial interests, including man-made satellites, planets and nebulas, through the telescope on the roof of Willard Hall. In an effort to increase their knowledge of astronomy and its related fields, the members discussed other planets, constellations and outer space at the monthly meetings. Walter Murphy, president, and John McKinley, faculty sponsor, directed the club which was organized to study outer space.

# Sports Car Drivers Sponsor Rallies, Speed Trials

Driving skills were tested at the local and inter-collegiate level by the members of the Sports Car Club. Rallies, which tested the individual driving ability of the members against the stop watch, were planned each month. Gymkhanas, short obstacle races which are timed skill events, and speed trials also taxed the members' driving ability. Members matched their skills intercollegiately in a joint rally and gymkhana in the spring with the University of Kansas and Washburn University clubs. The sports

car enthusiasts also displayed their own sports cars in a show at the annual Engineers' Open House.

Members encouraged the ownership of sports cars and served as a source of technical information for sports car owners. The club encouraged better driving habits and techniques on campus streets and on public roads. Thomas Gilley, president, directed the activities of the club which has grown to a membership of 37 since its founding in 1957. Robert Doty was this year's faculty sponsor.

## India Club Sponsors Indrani Performance

Indrani, billed as India's most talented dancer, was brought to campus last fall by the India Association. Indrani and her six-member company captivated an audience of 1,000 people in the University Auditorium. A climax to India Week, the performance illustrated the Indian style of dance through intricate foot and hand techniques. The dramatic dances interpreted some religious legends and portions of the lives of important Indian gods.

The India Association was the largest international student organization on campus. The group strove to promote understanding and goodwill between visiting Indian students and the students and people from the U. S. and other countries. All Indians were eligible for membership. Dinkar Gokhale directed the activities of the organized group as president. George Filinger served as the faculty advisor.

Members of the association entertained graduating members at the annual spring banquet. The association also sponsored a movie, "Pathar Panchali," which was presented before a near-capacity audience in the Union Little Theater in January. Visiting Indian officials were entertained by the India Association during their stay on campus.

# Iraqi Group Extends Invitation to McCain

Iraqi Independence Day was celebrated in January by the Iraqi Student Society members. In its first year on campus, the club sponsored a banquet at which President McCain was the speaker. The society invited the president to visit Iraq during the summer. The 11 members were directed by Adnan Darwash, president, and John O'Shea, faculty advisor.

# Scheherazade Night Shows Arab Culture

The annual Scheherazade Night, sponsored by the 52-member Arab-American Club, was held in December. Among the festivities was a variety show, which was attended by approximately 300 people. The acts were composed and presented by both Arabs and Americans. The program consisted of an Arabian variety show, an American jazz ensemble, and a

dance concluded the entertainment. Scheherazade Night was aimed at acquainting American students with some of the segments of Arabian culture and at promoting better relations between the two countries.

Ahmad Hamad, a graduate student, taught the Arabic language to interested students as one of the club activities. Guest speakers were invited to speak at the monthly club meetings. Arabian students studying at K-State for the first time were helped to orientate and adjust themselves to all aspects of the campus life of the university. Naweesh Abdul-Hadi, president, and Werner Barth, faculty sponsor, directed the group's showing of Arabian films.

## Y-Mart Profit Sends Students to Colorado

Celebrating its 76th anniversary as a K-State organization, the Young Women's Christian Association sponsored the annual Y-Mart on November 16. The Mart, an international sale, displayed gift items from such countries as Switzerland, Sweden, Norway, France, Thailand, Holland, Spain and India. The money obtained from the annual sale was used to send club members to conventions and to the YWCA Regional Conference in Estes Park, Colo. Part of the money from the sale was also used to finance projects. Financial contributions were made by the YWCA to religious groups.

The club's service projects included such activities as giving Christmas favors and centerpieces to occupants of local rest homes and Student Health. The 55 members sang Christmas carols at Ft. Riley and furnished a snack bar in the Fieldhouse at enrollment time. They also helped with the fall picnic for international students given by the Cosmopolitan Club. The playing of Christmas carols from Anderson Tower was another product of YWCA effort.

Understanding religions of different countries was one of the goals of the club. International students spoke at club meetings, explaining their religious beliefs. Devotional services were sponsored at Thanksgiving, Christmas and Easter. Students of all religions were invited to attend these non-denominational services. President of YWCA was Linda Akin. Marceil Wood served as the faculty advisor.

## Music Ed Featured In Kansas Magazine

Assisting the Music Department with choral and instrumental workshops and scholarship auditions for talented high school seniors were the members of the Music Educators National Conference. The music majors encouraged high school seniors to visit the campus, to acquaint themselves with the Music Department, and to explore the music opportunities offered. Guided in their work by Bill Dick, president, and Paul Shull, faculty sponsor, the group was featured in the March issue of the "Kansas Music Review", the state MENC magazine.

## Organist Guild Helps With Chapel Recital

The recital given by Robert Baker at the dedication of the new \$50,000 Jamison organ in the All-Faith Chapel auditorium was in association with the American Guild of Organists. Baker is the director of the School of Sacred Music at the Union Theo-

logical Seminary, New York City. In cooperation with the Topeka student chapter, the 20-member Guild also presented a student recital in December.

Membership in the student chapter is open to anyone studying under a member of the American Guild of Organists. There is no academic requirement, but the national organization is affiliated with the University of New York City and is accredited academically.

The Guild, headed by Clifford Ochmapaugh, president, and Robert Hays, faculty sponsor, strives to improve church music. More than 10,000 members make up the national organization, which now has a chapter in every state.

## Education Students Host FTA State Convention

The Student Education Association was host to approximately 250 high school students, members of Future Teachers of America chapters in more than 20 Kansas schools, at the FTA State Convention March 30 and 31. The 730 SEA members held the annual recognition banquet March 29 at which time new officers were announced and outstanding education students were honored. Two coeds were selected as national and state officers. Connie Cristler served as national membership chairman, and Mary Alice Humes as state corresponding secretary. The K-State chapter was the second largest in the nation out of 815 chapters.

SEA activities included an orientation program in

October for freshmen and transfer students in education, study groups on topics of health education for members, and monthly meetings. Among the subjects discussed at the meetings were teaching of deaf and blind children, realization of the importance of the teacher as a social worker and discussion of classroom problems. Directing the activities were Donna Dunlap, president, and John DeMand, faculty advisor.

Kappa Delta Pi, education honorary, completed its first year on campus by coordinating its activities with SEA. Diane Baker, president, and Joe Loeb, faculty sponsor, led the select group whose membership was based on high scholarship and leadership.

# Service Group Men Exhibit 'Cat to Fans

Exhibiting Touchdown VII, K-State's mascot, to Wildcat fans at home basketball and football games was a primary project of Alpha Phi Omega, national service fraternity. The fraternity also helped take care of the wildcat. Alpha Phi Omega men conducted a student book exchange at the beginning of each semester in the Union and were in charge of placing and repairing the bulletin boards on campus.

To help students find rides home for vacations, Alpha Phi Omega maintained a ride board in the Union. Other projects included helping with the Boy Scout and Eagle dinner, repairing the picnic facilities at Top of the World, and organizing the Homecoming rally and parade in the fall.

To qualify for membership, a student must have been connected with the Boy Scouts of America at some time. Approximately 30 members, an increase of five over last year, made up the group. Pi chapter, which was founded on campus in 1931, received a 30-year award this year from the national secretary. Carroll Arndt served as president and W. H. Honstead and Thornton A. Edwards were sponsors.

Cheered by avid fans, Touchdown VII attends all basketball and football games, escorted by Alpha Phi Omega.

## Whi-Purs Show Pep For Wildcat Sports

Members of Whi-Purs, freshman women's pep club, supported the spirit of University athletics by attending home football and basketball games. The girls wore standardized uniforms of white sweaters, white blouses and purple skirts. The group purchased new uniforms for the cheerleaders.

Whi-Purs, an organization open to all freshman women, strives to promote the spirit of athletics and good sportsmanship. The club also aimed to develop friendliness, sincerity and enthusiasm. The 160-member group was headed by Mary Dunlap, president, and Margaret Kohls, faculty sponsor.

# Cheering Clubs Yell For Team Victories

Sitting in a body at all football and basketball games were the members of Phi Sigma Chi, upper-class women's pep club. Dressed in purple and white uniforms, the girls actively supported the Wildcat athletic teams.

During football season the 111-member group marched in the Homecoming Parade, chartered a bus to Lawrence for the K-State-Kansas University game and promoted the spirit of University athletics by posting victory signs on campus. The hoop the basketball players break through when entering the court was built by the group. Mary Alice Humes was president and Sandra Hick faculty advisor.

Eight cheerleaders led the fans in supporting the Wildcats. The group, which included a set of twins and four boys, attended two out-of-town football games and five out-of-town basketball games, including the pre-seasonal Big-8 tournament in Kansas City. Selected by a committee of faculty members and students, the cheerleaders planned all pep rallies. Charles Howard was head cheerleader.

## Aerospace Scientists Visit Aircraft Center

Monthly films showing institutions concerned with aerospace science were sponsored by the K-State chapter of the Institute of Aerospace Sciences. All engineering students were invited to view the films.

The club visited the Boeing Aircraft Company in Wichita and sponsored an exhibit at the Engineer's Open House. Guest speakers were invited to speak at the club meetings. Robert Hart was president of the group and Wilson Tripp was faculty advisor.

## Visiting Prof Speaks At Physics Program

An outstanding program of the American Institute of Physics was a talk given by Dr. Tibor Rado, a guest professor in the math department. Rado spoke on the "Respective Roles of Intuition in Ingenuity." Fall and spring picnics were other highlights of the year for the 50-member club. Charles Prevo guided the group as president and F. W. Crawford served as the faculty sponsor. Membership was open to all students interested in the field of physics.

## Industrial Engineers Initiate New Chapter

Established on campus last fall following the accrediting of the Department of Industrial Engineering was a student chapter of the American Institute of Industrial Engineers. The 58-member chapter was led by Patrick Noud, president, and Arthur Carson, faculty sponsor. Outstanding guest speakers were brought to meetings to promote study and discussion of job opportunities in the field.

## Ag Engineers Serve At Departmental Day

Serving refreshments at Agricultural Engineering Day in the fall and setting up a display for the Engineers' Open House were two activities of the American Society of Agricultural Engineers. Directed by President Olin Vanderslice and Faculty Advisor John Funk, the 40-member society heard professional speakers from the field at weekly meetings. Members attended a Mid-Central Section meeting.

Collecting materials for the "Sketch Pad" booklet, members of the AIA make ready for their first publication.

## Architects Contribute To Egyptian Temples

A financial contribution was made to UNESCO this year by the K-State student chapter of the American Institute of Architects which will assist with the preservation of ancient Egyptian temples that were built more than 3,500 years ago.

The "Sketch Pad" was published by AIA members for the first time. The new monthly publication was distributed to K-State architectural students and alumnae in the Kansas City area. Club members also wrote and distributed the "Sharette," a publication which was published quarterly and sent to all architecture schools in the Big Eight Conference.

Outstanding architects and the president of the Kansas City AIA chapter were invited to speak at club meetings. Members also took a field trip to Kansas City in the fall to visit buildings which had received architectural awards from the Kansas City AIA chapter. The 125-member organization sponsored the annual Beaux Arts Ball in January. Homer Williams led the activities of the club as president and Alden Krider was faculty sponsor.

## Radio Engineers Hear Technical Speeches

Space communications was the topic of a Bell Telephone representative speech given to the Institute of Radio Engineers. Members of the club also entertained a speaker from MacDonald Aircraft who told about astronautics and new electronical ad-

vancements. Seeking to further their knowledge in the related fields of electronics and communications, the radio engineers found the lectures beneficial in correlating theory with practice. Herschel Richter directed the club; C. A. Halijak was faculty sponsor.

## Architects Auxiliary Attends Open House

The American Institute of Architects Auxiliary was entertained at an open house held by the wife of a local architect. Seeing the operation of a typical architect's office helped the members towards their goal of better understanding their husbands' professions. Wives of local architects attended the open house in addition to the 40-member auxiliary.

Meeting once a month, the auxiliary gathered at the home of Mrs. Emil Fischer for a Christmas party. The group was sponsored jointly by Mrs. Fischer and Mrs. Kay Lippenberger. To aid the auxiliary's financial status, a white elephant sale and candy project were conducted. Proceeds from these events sponsored the annual spring dance, picnic and supported the general financial operation of the organization. Rounding out their active year was

a special exercise for the members whose husbands were graduating. Emil Fischer, head of the department of architecture, officiated at the informal presentation ceremony and awarded honorary diplomas and roses to the wives of the graduating architects.

## Civil Engineers Rate National Recognition

The American Society of Civil Engineers received a Certificate of Commendation recognizing the K-State chapter as one of the top 15 in the nation. This was the fourth time in the past five years that the chapter has received this national honor.

Activities included joint meetings with the KU chapter in the fall and spring, and with the Kansas

City section in conjunction with a field trip to study hydraulic systems. Speakers from engineering groups and commercial firms visited the group. The society also participated in the Engineers' Open House.

Dr. John McEntyre, faculty sponsor, and Charles Baker, president, directed the work of the 98-member society. All juniors and seniors enrolled in the curriculum of civil engineering are eligible for membership. The K-State chapter of the American Society of Civil Engineers was organized in 1923 and is aimed at encouraging the development of a professional consciousness and promoting a spirit of congeniality among civil engineering students.

# Engineering Society Takes Industrial Trip

Touring industrial concerns in Kansas City as a part of a Student Industrial Forum were the 67 members of the American Society of Mechanical Engineers. Professional engineers were brought to the campus to observe the facilities available in the Department of Mechanical Engineering.

Two technical engineering experiment-research papers, written by members of the K-State branch of the American Society of Mechanical Engineers, were entered in the student-paper contest at the regional ASME contest held in Lawrence in April. These reports were judged by faculty members, students, and industrial engineers.

An exhibit was entered by the ASME in the Engineers' Open House and the society sponsored an annual spring picnic for all mechanical engineering students and faculty members. Richard Burandt served as the president of the student society and John Lindholm was the faculty advisor.

## Chemical Engineers Study Related Fields

Speakers and films related to the field of chemical engineering were program attractions at the monthly meetings of the American Institute of Chemical Engineers. These programs were centered around topics concerning the work of a chemical engineer in industrial situations and the other types of jobs avail-

able after graduation. Panel discussions by faculty members and reports by undergraduates on their research projects were given.

In December three of the members attended the AICE Regional Meeting in Columbia, Mo. Representatives were present from colleges and universities located in the Midwest. In the spring, the institute planned their annual picnic and took an inspection field trip to a chemical plant.

Ronald Havenstein was president of the 85-member group and William H. Honstead was the faculty advisor. The chapter was established in 1930.

## Nuclear Enthusiasts Invite Alum to Speak

Walter Mitchel, a 1932 Kansas State graduate, spoke to the 83 members of the student branch of the American Nuclear Society. His address was entitled "Technical Problems in Nuclear Weapons Testing." A colonel in the British Army also spoke to the organization about the British nuclear tests which are conducted on Christmas Island. Films shown by the members depicted other segments of the nuclear

engineering field. The Triga Mark II research reactor proposed last year was completed.

Approximately a dozen displays and exhibits were sponsored by the society for Engineers' Open House. The exhibits were primarily displays of reactor models, nuclear equipment, and radiation safety devices. Also included in the exhibits was an activation analysis demonstration.

Jon Rueck led the group as president and R. W. Clack served as faculty advisor. At the senior honors banquet, graduating seniors were recognized and those with high grades were presented awards. The club sponsored fall and spring picnics. Membership is open to students in nuclear engineering.

## Electrical Engineers Look Ahead to Jobs

A panel discussion on "After Graduation, What?" provided members of the American Institute of Electrical Engineers with up to date information concerning available job opportunities. Representatives of the Kansas City section of the National Society of Professional Engineers discussed the employers expectations of engineering graduates. Several mem-

bers attended a district meeting of the professional chapter in Kansas City.

Exhibitors for the Engineers' Open House displayed miniaturized electronic tubes and transistors. The Electrical Engineering Institute also participated in a "Prize Paper" contest for the writing of technical electronic engineering articles.

With the addition of 65 new men, the total membership reached a high of 130. Any student in electrical engineering was eligible to join the Institute. Gerald Clubine served as fall semester chairman and Ellis Rewerts was chairman during spring semester. Melvin Cottom was faculty sponsor.

# Cosmopolitans Serve Feast to Community

Sponsorship of the annual Feast of Nations gave members of the Cosmopolitan Club opportunity to acquaint students and the community with foods, traditional dress and music symbolic of international students' homelands. Proceeds from the dinner went to a scholarship for international students.

A picnic launched the fall membership drive for the 200-member club which sought to promote international understanding. A Christmas party and a roller-skating party, in conjunction with the People-to-People international program, were other forms of entertainment. Members of the KU international students club were invited to an April Fool's party.

Cosmopolitan Club meetings were scheduled bi-monthly with programs featuring guest speakers, panel discussions and films. In the spring the club affiliated with the Collegiate Council of the United Nations, and initiated a Sunday afternoon walk session. Giving students an opportunity to socialize informally, the walks originated at the Union. Susie Young, president, conducted meetings. Cecil Miller served as faculty advisor for the club which was organized on the campus in 1919.

**"Think International,"** the theme of the Cosmopolitan Club, drew 450 people to the annual Feast of Nations.

## Dames Club Women Edit, Sell Cookbooks

"Kitchen Klatter," a cookbook compiled and sold by the 300 members of the Dames Club, replenished the club treasury. The wives of students and married women students participated in 10 interest groups, ranging from ceramics to figure toning. Sharon Fox, president, and Mrs. Emil Fischer, faculty sponsor, directed the donation of a silver tea service to the men's scholarship houses. Wives of graduates received P.H.T., Pushing Hubby Through, degrees.

## AVMA Auxiliary Establishes Student Fund

In conjunction with the Manhattan Kennel Club, the Student Chapter of the American Veterinary Medical Association Auxiliary established a fund for grants-in-aid to veterinary medicine students. The fund was financially established through the proceeds from food sold at the Kennel Club Dog Show.

Monthly business meetings were enlivened with a variety of presentations, including a fall and winter style show, a book review, a dance exhibition, and a talk by a woman veterinarian.

A tea for new brides and freshmen veterinary student wives began the social activities. A Valentines party for husbands plus a weekend of entertainment for veterinary medicine students and their wives from Oklahoma State University were spring parties. Auxiliary members ended the year with their own commencement exercises, followed by a Junior-Senior banquet. Leading the 133 women were Delaine Stalker, president, and Mrs. Dan Upson and Mrs. Donald Kelley, sponsors of the organization.

## Student AVMA Sponsors Vet Open House

Displays showing the treatment of Brucellosis and rabies, communicable diseases contacted from animals and household pets, and Bovine dental capping were among the exhibits at the fifth annual Veterinary Medicine Open House. Senator Frank Carleson opened the day's events sponsored by the Student Chapter of the American Veterinary Medical Assn.

Two delegates were sent to Detroit to the national AVMA convention. Other activities included a fall smoker for first year veterinary medicine stu-

dents, fall and spring dances, and a spring banquet honoring the graduating seniors.

The K-State Student Chapter of the AVMA was organized in 1906 and was nationally affiliated in 1939. With a membership totaling 251, the association was composed of the entire student body of the School of Veterinary Medicine. President for the fall semester was Frank McLaughlin and Clint Stalker was president during the spring semester. Faculty advisors were Dr. Lee Railsback and Dr. Stan Larsen.

## Forensic Tournament Drills New Debaters

A highlight of the Forensic Union activities last fall was the sponsorship of a debate tournament for University students who had never debated in college competition. More than 25 colleges and universities from Kansas, Nebraska and Oklahoma sent representatives to participate in the one-day tournament. A small trophy was awarded to the winning school, but emphasis was placed on the learning of debate techniques rather than actual competition. The Forensic Union is a local organization for debaters and University students interested in speech.

During the spring semester, debaters from Kansas State University and Rockhurst College at Kansas City, Mo., met in a case-study tournament. Both groups of debaters were given a body of information concerning the affirmative and negative side of a specific issue. The students were allowed to study the material for a specified time and then present the case using only the available information.

The 45 members of the Forensic Union met bi-monthly at which time interested students practiced manuscripts, extemporaneous speeches and orations. Demonstrations were also presented to further the members' knowledge of proper debating techniques. At the end of the year, Forensic Union members honored the outstanding first-year debater and the

outstanding senior debate member for their work at the annual awards banquet.

Completing its second year on the K-State campus, the Forensic Union was sponsored by Debate Coach Anita Taylor and Assistant Coach Martha Stout. Bill Robinson was student moderator.

## Social Club Compiles Etiquette Guidebook

Distributing a handbook of social etiquette to all campus social chairmen were the 53 members of the Social Coordinating Council. Promoting, coordinating, informing and contributing to the social education of the living groups, the Council also revised social rules and regulations for the organized houses. Men's organized houses extended bids to women's houses for exchanges through the SCC. Phil Barger served as president and Margaret Lahey and Caroline Peine were faculty advisors.

## Amateur Radio Club Tapes Space Flight

The conversation of Lt. Col. John Glenn, first American to orbit the earth, was taped by members of the Amateur Radio Club during the astronaut's space flight. The tape was sent to the National Aeronautical Space Administration for study.

Howard Benton, president, and Nathan Plotkin, faculty sponsor, led activities which included a spring field day. Twenty licensed radio operators set up portable radio equipment and contacted competing amateur operators throughout the nation.

## Clinic Club Members Visit Health Centers

A visit to the KU Medical Center in Kansas City and the St. Mary's Hospital in Manhattan to observe laboratories and use of equipment were two field trips of the Clinic Club. Other highlights included inviting doctors and dentists to speak at monthly meetings. Faculty sponsors were Dr. O. W. Tiemeier and Dr. E. J. Wimmer. Rex Stephenson was president of the 70-member club from which membership was composed entirely of students in the pre-dental and pre-medical fields.

## Psychology Club Has Discussion on Freud

Discussing the effects of Freud on literature were the seventeen members of the Psychology Club, under the direction of President Jack Birkinsha and Faculty Sponsor Roy Langford. The organization, composed of both majors and non-majors interested in psychology, familiarized themselves with new psychological trends by studying areas of psychology and religion, extrasensory perception, physiological psychology and the psychology of art. A Christmas party was also held for the Psychology Department.

# Pershing Rifles Rank Fifth in Annual Meet

At the annual Cherry Blossom Parade in Washington, D. C., the K-State Pershing Rifle drill team was ranked fifth out of 51 competing teams from colleges and universities throughout the country. Participating in national and regional drill meets was one of the primary activities of the team. The ROTC cadets directed traffic at home basketball and football games and for homecoming festivities.

## Frog Club Members Present Water Show

A demonstration for the High School Play Day and "Number Please," the annual water show, were exhibitions presented by the Frog Club, synchronized swimming organization. Club members were chosen after passing a swimming test. Carolyn Beardmore, president, and Sandra Hick, faculty advisor, stressed perfect swimming form, not speed.

## Soccer Group Plays KU, Emporia, Riley

In their second year on campus, the Soccer Club competed against teams from Ft. Riley, Kansas University, and Emporia State. An award was presented to the team's most valuable player. Ulrich Mathis served as president and Frank Orazem was faculty sponsor. The club, playing under international rules, was approved in the fall of 1960.

## Phems Event Draws High School Students

Approximately 200 high school girls attended Sports Day which was sponsored by Phems, an organization for women majoring in physical education. Under the leadership of President Barbara Bell and Faculty Advisor Eva Lyman, the group sponsored a freshman initiation picnic for new members, a faculty tea on Parents' Day, a Christmas party and honored the seniors at a spring banquet.

## Orchesis Production Evidences Originality

The Orchesis Dance Concert, presented February 15 and 16, featured Joseph Schlichter, professional dancer from New York, in a guest appearance. Orchesis members arranged their own choreography for the concert under the direction of Judith Hodge, faculty sponsor. Carol Donham was president. The 39 members performed at Ft. Riley and for other groups and sponsored films on dance.

## Geography Honorary Provides Field Trip

Members of Gamma Theta Upsilon, honorary fraternity of geographers, took their annual field trip to the Black Hills for study and observation April 26-29. Speeches at monthly meetings featured such topics as the geography of Europe and the oceanography of the Hawaiian Islands. The honorary worked to gain a better understanding of international neighbors and to further interest in geographic fields. A 2.5 grade average in geography with an invitation from members were membership requirements. Jim Rose was president and Huber Self, advisor.

## Geology Club Hears Earth Science Talks

Monthly seminars provided a medium for exchanging ideas on earth science topics for Williston Geology club members. Among the speakers were Dr. Han Pflug, a visiting professor from Germany, who spoke on "Geologic Research," "Palynology," and "Color Photometry Used in Rock Identification," Dr. Herb Rau who discussed "Urban Developments," and Dr. W. L. Estlow who talked on "Volcanoes in Hawaii." Members took a five-day field trip to the Black Hills. The club is sponsored by Sigma Gamma Epsilon. Henry Beck was advisor of the club.

# Campus Republicans Host Prominent Men

Collegiate Young Republicans were host to Governor John Anderson, McDill "Huck" Boyd, Congressman William Avery and Senator Frank Carlson at their monthly meetings. Students wanting to analyze and discuss information concerning political topics were invited to hear these politicians.

Members attended the State Young Republicans Convention at Wichita and the Midwest Federation at Indianapolis, Indiana. Phil Barger was chairman of the state convention and Art Groesbeck was the state publicity chairman. President of K-State's 400-member group was Dorothy Parker and faculty advisor was Dallas Nelson.

Enthusiastic Collegiate Young Republicans took an active part in the Model Congress held in April. They took positions as senators or representatives to gain insight into situations encountered in Congress.

Speaking on the threat of Communism, Bob Dole, Republican Congressman, addressed the Young Republicans.

## Milling Men Address Association Seminars

Prominent people from the milling industry and allied fields spoke at the monthly seminars sponsored by the Milling Association. Ag Science Day offered the opportunity to exhibit displays explaining the milling industry. The 120-member club also sponsored its annual spring picnic for students and staff members of the Milling Department. Gary Hohner was president and John Johnson was faculty advisor.

## Klod, Kernel Group Publishes Newsletter

President Lawrence Schrader and Faculty Advisor Hyde Jacobs directed the publishing of a monthly newsletter, the "Agronomy Informer," for members of the Klod and Kernel Klub. Three delegates were sent to the National Agronomy meeting. The 40 members sponsored collegiate crop judging contests, prepared crop judging samples for high school students and participated in Ag Science Day activities.

Collegiate 4-H members prepare to pre-record their monthly radio programs which are broadcast over KSAC.

## 4-H Members Clean Rock Springs Ranch

A clean-up day at Rock Springs Ranch was organized by the 300 members of the Collegiate 4-H club as a spring service project. Individual members of the organization served as assistant judges at many county and district 4-H Day events held throughout the state of Kansas.

Preceding each Thursday night business meeting, the group enjoyed a social hour of folk dancing and social dancing. Guest speakers informed the members of current problems. Thornton Edwards, campus housing director, spoke about the existing housing problems for students. Chester Peters, placement center director, talked about the qualifications employers look for when interviewing applicants. Dave Wilson led the organization as president while Cecil Eyestone was the faculty sponsor.

A 15 minute radio program, consisting of a description of the activities and services of the Collegiate 4-H, was presented on KSAC.

Linda Ahlstedt was editor of the "4-H in Review" magazine. This magazine was distributed throughout Kansas to all 4-H members. The "Review" included articles on leadership abilities plus some of the outstanding projects and activities carried out by members of the club. About 75 Collegiate 4-H'ers worked on the publication. Kansas City and Wichita merchants were principal advertisers.

## Block, Bridle Group Presents Little Royal

The Little American Royal, presented in March, was co-sponsored by members of the Block and Bridle Club and members of the Dairy Club. More than 100 K-Staters participated in the annual event which was attended by people from all areas of the state. The Little American Royal, patterned after the annual American Royal held in Kansas City, provided students with the opportunity to acquaint themselves

with the livestock judging procedures and the accompanying judging techniques.

Interested students signed up for college livestock six weeks before the event. In preparing the animals, grooming and breaking to lead were essential.

President John Teagarden and Faculty Advisor David Mackintosh arranged for guest speakers to appear at many of the group's semi-monthly meetings. Among the visitors were Joe Lewis, a Larned Hereford breeder; Gene Watson, a Hutchinson auctioneer; and Bill House, a Cedarvale rancher.

The organization planned a fall steak fry for the new members and a spring steak fry for those who participated in the spring judging contests.

**Chaparajos**, a club for those interested in horses and horsemanship, solicit members at the activities carnival.

## Chaparajos Clubbers Engage in Trail Ride

Thirty-five Chaparajos Club members participated in the annual fall trail ride around the newly constructed Tuttle Creek reservoir area. Leaving the campus Saturday at noon, riders camped out Saturday night. Members ate a barbecued buffalo supper and returned to the campus on Sunday.

A three-day rodeo, staged in Ahearn Fieldhouse, was planned as a climaxing club event by Chaparajos members. The intercollegiate rodeo brought approximately 50 contestants from 28 schools in Colorado, Wyoming, Nebraska, Kansas and the Dakotas to the campus. Staged on May 11, 12 and 13, the rodeo featured events in bareback bronc riding, saddle bronc riding, Brahma bull riding, bulldogging, calf roping, ribbon roping, girls' barrel racing and girls' cow milking. At the last performance, an all-around cowboy and cowgirl were chosen on the basis of total points earned in the rodeo events.

First place in the independent division for Homecoming floats went to the Chaparajos Club. The 65-member organization, headed by President Lowell Slyter and Faculty Advisor George Halazon, also sponsored picnics throughout the year.

## Horticulturists Obtain National Membership

Receiving a charter to the newly formed collegiate branch of the national organization of American Society for Horticulture Science was one important event for the K-State Horticulture Club this year. Only 22 other college chapters are members.

Larry Stouse led the group as president and Ray Keen was their faculty sponsor. The club participated in Ag Science Day, sponsored fall and spring picnics and published an annual newsletter.

## Extension Members Probe Job Question

Devoting studies to the organization and program of the Cooperative Extension Service, 28 members of the University Extension Club were led by Gary Van Leeuwen, president, and E. H. Teagarden and Mary Dean Apel, faculty advisors. The club, organized in the spring of 1948, devoted monthly meetings to discussing opportunities and procedures for obtaining jobs in extension work. Club members became acquainted with all extension programs.

## Ag Economics Men Plan Business Meal

Preparing and serving a luncheon for the participants of the Farm-Business Days were the members of the Agricultural Economics Club. An exhibit set up for Ag Science Day, a fall smoker held in the Union for new members, and a spring steak fry were other activities. Jim Birkbeck served as president.

## Dairy Science Hosts Judging Competition

Members of the Dairy Science Club sponsored the FFA judging contest and prepared and served a luncheon for the Formula Feed Conference. They also held a banquet for faculty and club members and helped present the Little American Royal. Leading the 25 members as president was Lyle Helmer.

# Future Farmer Men Assist High Schools

Providing housing for high school students attending the state Future Farmers of America convention were the 30 members of the Collegiate Future Farmers of America. Speakers for the high school banquets were arranged through the collegiate chapter. Members assisted in state FFA judging contests and planned a fall watermelon feed.

Chartered three years ago, club members traveled to Kansas City for the national FFA convention. Monthly meetings featured guest speakers or slides planned as special programs. Membership in the K-State FFA chapter requires an agricultural education curriculum and high school activity in the Future Farmers of America. Led by President Gary Harmon and Faculty Sponsor Nelson Galle, club members sought to develop agricultural leadership.

# Plow and Pen Booth Displays Print Shop

Plow and Pen Club maintained a booth for the 1961 Ag Science Day which contrasted the production of a newspaper one hundred years ago with the modern methods of today. The Club also sponsored the Future Farmers of America newswriting contest as a part of the FFA state convention for high school students. Editorial positions on the agricultural magazine, the Ag Student, were filled by members of the Plow and Pen Club. During the fall semester the club met monthly and during the spring semester, bi-monthly. Speakers highlighted the programs.

Seventeen members belonged to the club which provided students in agricultural journalism with a means of learning about the professional field. David Good, president, and Albert Macy, faculty advisor, directed the activities of the departmental club.

## Off-Campus Women Give Fort Program

A musical program at the Irwin Army Hospital at Fort Riley was presented by the Association of Off-Campus Women. The organization aided women living off campus to learn about University activities and how to obtain an active voice in campus government and student affairs. Karen Johnson, president, and Caroline Peine, faculty advisor, helped to plan a chili supper, dances, and picnics.

## College Confabs Host Residence Hall Reps

Mid-western and national conventions were attended by the K-State representatives of the Association of College and University Residence Halls. Striving to encourage the exchange of ideas between the 11-member universities, the group backed a religious talk at Goodnow Hall. Albert Glad, chairman, and Joanne Burkes and C. W. Thomas, faculty sponsors, directed the local representatives.

## Players Polish, Stage Theater Productions

In a joint production with the Music Department, the K-State Players opened the dramatic season with a presentation of "Allegro." Other major plays were "Antigone," "A Midsummer Nights Dream" and "The Beautiful People." Led by Jerry Holloway, president, the Players also staged three one-act plays. J. B. Stephenson was the faculty advisor.

## Religious Councilmen Distribute Directory

A religious directory containing information about local churches was published and distributed by the Religious Council. During Religious Emphasis Week, Wayne Geist, president, and William Trimel, faculty advisor, brought outstanding speakers to the campus to discuss current religious issues. Brotherhood Week was sponsored by the Council.

## Mennonite Fellowship Correlates Activities

Members of Mennonite Fellowship, led by Maurice Miller, president, and Monroe Funk, faculty advisor, correlated their group activities with religious and educational advancements. Worship services, held twice a month, featured guest speakers such as Dr. W. Fretz from the Peace Corps, Ervin Goering,

and speakers from Bethal and Tabor Colleges.

The 65-member fellowship sponsored a volleyball and basketball team for recreation. Social events included a Halloween party, a get-acquainted social and an annual Christmas banquet. A smorgasbord supper was a highlight of the spring semester.

## UCCF Grows With Student Merger Plan

**Sunday-night suppers** offer UCCF members an opportunity to discuss aspects of campus, social and religious life.

Four religious groups worked in harmony to further the mission of the church in the campus community. Member groups of the United Campus Christian Fellowship included the Disciple Student Fellowship, Westminster Fellowship and the Evangelical United Brethren Student Fellowship. In the spring, the United Student Fellowship merged with UCCF making a total of five member groups.

Group activities for the year included a reading theater group, after-game parties and a buffet supper after commencement exercises. Delegates were sent to the state UCCF conference and the National Study Conference. A lobby group for the Model Student Congress was formed by UCCF members. Sunday-night supper meetings were held weekly, and luncheons during the week provided opportunity for group discussions. Bill Ryan was the UCCF president.

## Players Stress Art At Methodist Center

Religious art was emphasized at the Wesley Foundation, Methodist student center, by the Wesley Players in a Christmas play and the Liturgical Dance Choir in a Thanksgiving program. The Foundation, under the leadership of Richard Schwartz, president, the Rev. Warren Rempel, director, and Bob Shelton,

assistant director, acted as foster parents for Athen, a Greek boy. Twelve representatives were sent to the International Methodist Student Movement which convened at the University of Illinois. Students also attended a fall retreat at the Marydale Camp. The group was in attendance at the Methodist Student Movement State Convention at Southwestern College, and the year closed with a spring retreat.

Worship services were held every Sunday morning, followed by a "talk back" session after the sermon. On Sunday evenings a dinner and worship program helped students learn about religion.

## Kappa Phi Members Aid Korean Missions

Participating in a Christmas card sale for Korean Missions were the sixty-five members of Kappa Phi, Methodist women's organization. A food sale for African students, the service of coffee and doughnuts on Sunday mornings and a weekly kitchen clean-up were directed by Kathy Frick, president, and Mrs. Warren Rempel, group sponsor.

## Sigma Theta Epsilon Clears Retreat Area

Stoney Brook Farm was the scene of a Sigma Theta Epsilon work project as they prepared the area for future retreats. In cooperation with the Wesley Foundation, the members obtained funds to sponsor an African student for four years of study in the United States. The forty-four members were led by Duane Daily and Rev. Warren Rempel.

## Fellowship Members Hear Graham Speak

Traveling to Urbana, Illinois, 18 members of the Student Christian Fellowship attended the organization's national convention. Evangelist Billy Graham lectured to the 5,000 participating members and to 200 visiting foreign missionaries.

Led by presidents James Walker and Harold Classen, the members held daily prayer meetings and organized weekly Bible study groups. Working with their advisor, Dr. Herbert Moser, members of the fellowship sponsored a summer leadership camp.

and organized panels play an important part in the scheduled activities of the various campus religious groups.

# Canterbury Members Establish Scholarship

An open scholarship fund from which awards will be presented annually to a student interested in the Episcopal Church was newly created by the Canterbury Association. Weekly meetings, consisting of a supper, worship service and program, helped members learn more of their religion. Monthly bowling parties provided recreation. Holy Communion was held every Thursday morning in the Danforth Chapel. William Benedict was president of the 205-member organization and Doug Weaver was advisor.

# United Student Group Merges With UCCF

The United Student Fellowship merged with the United Christian Campus Fellowship during the second semester as part of a national unification movement which began in August, 1960. The members of United Student Fellowship participated in the UCCF Sunday-night supper-meetings. A winter retreat to Colorado during semester break provided a setting for group discussions which were intermingled with winter sports. The 25 member fellowship was directed by Marvin Hammond, president, and Maurice Woolf, faculty sponsor.

## Baptist Center Funds Grow With Campaign

The "Manhattan Mission," a \$58,000 building fund campaign to provide money for needed expansion of the Baptist Campus Center facilities, was a major project of the year for the 100 members of the Roger Williams Fellowship.

The Fellowship concentrated its attention on the Thursday evening study groups. The topic of these small-group meetings was "Faith and Life Conversations." Other activities included a get-acquainted supper for new students, state and national student conferences, a sacrifice Thanksgiving dinner with proceeds going to the World Student Christian Federation, a between-semester snow camp in Colorado and a spring planning retreat. The Fellowship is affiliated with the First Baptist Church of Manhattan, and the Kansas and American Baptist conventions.

## Baptist Student Union Raises Membership

Since their founding in 1957, the Baptist Student Union has increased its membership to a total of 50. Promoting religious and spiritual growth among Baptist students, Douglas Cron, president, and Bob Harley, sponsor, planned an introductory dinner following convocation. Scheduled activities included a fall picnic, an international students retreat at Thanksgiving, a Christmas Student Night and monthly informal dinners with international students. Noon devotions were held twice a week.

## Grace Baptist Panels Study Church History

Panel discussions concerned with the history of the Baptist Church and its doctrines were presented to the members of the Grace Baptist Student Fellowship. Philosophies of different religions of the world were studied. Philip Seagreen, president, and Dr. Herb Moser, sponsor, opened membership to all interested Baptist students desiring Christian fellowship. Activities included a bowling party and hayrack ride. Weekly supper meetings and discussion programs were held every Sunday evening.

After the ground breaking ceremonies, Newman Club members examine the blueprints for the proposed center.

## Newman Club Builds New Catholic Center

Ground breaking ceremonies were carried out in the spring for a new Newman club student center which will be valued at more than \$300,000. The new foundation will feature a chapel, with seating space for more than 400 people, and a parish hall, with a small kitchen, that will accommodate 250. A library, classrooms and Newman club offices will also be housed in the new Catholic student center.

Activities of the 400 Newman club members included a fall get-acquainted mixer and an annual retreat for all Catholic students. A Christmas dinner and dance at the Country Club, Christmas caroling and a spring picnic at the city park were also planned.

Delegates and sponsors from the local Catholic center went to the regional, province and national Newman club federation meetings. President of the student group was Marianne Hirt and serving as the faculty sponsor was Stanley Wearden. The Rev. Carl Kramer was chaplain.

Bi-monthly communion breakfasts were followed by special programs, featuring guest speakers such as a priest from the Biblical Institute in Jerusalem. The Rev. E. J. Weisenberg conducted a weekly courtship and marriage class, and an International Students Newman club was sponsored to fill the special religious needs of Catholic international students studying at the University.

## LSA Members Plan Regional Conference

Plans for the Midwest Regional Training Conference were executed by members of Lutheran Student Association. President Ronald Havenstein and Faculty Sponsors Inex Ekdahl, Roberta Anderson and Ingemar Larson planned a freshman retreat, parents day, parties and the Little Ashram.

## Gamma Delta Guides Discussion Meetings

Forty members of Gamma Delta, Lutheran student association, participated in weekly dinners and discussion periods. President Norb Zander led members in promoting Christian service among Lutheran students. Faculty Advisor was Bob Snyder. Exchange meetings were held with other Lutheran groups.

Talking with old acquaintances, sorority members enjoy the annual fall panhellenic picnic held at Sunset Park.

# Panhellenic Creates New Rush Weekend

A new spring rush system was devised by Panhellenic Council representatives. The formal rush weekend involved second semester freshman and upperclass women. The Panhellenic Day program, held in previous years for high school seniors, was discontinued in favor of the new plan.

Panhellenic and Interfraternity Councils voted to create a joint committee. The group, Fraternity-Sorority Public Affairs Committee, was instigated on recommendations by the Faculty Senate. It was designed to improve relations and standards between the fraternity-sorority system at K-State with respect to public events sponsored by the Greek houses.

## Council Has Three-Point Purpose

Panhellenic Council's three-fold goal was to govern, coordinate and advise the social sororities on campus. Rules concerning formal and informal rushing, pledging and initiating members were compiled by the Council Scholarship was also stressed and the name of the sorority with the highest yearly grade average was engraved on a permanent plaque. Panhellenic Council presidents. Mary Frances White was the faculty sponsor of the Senior Council.

All undergraduate members of sororities were members of Panhellenic, including pledges. The Council was composed of two delegates from each sorority, each chapter receiving one vote. Binding the sororities closer together, the Council discussed questions and problems common to all groups about the University and sorority life.

#### **Panhellenic Prints Rush Books**

Formal fall rush week for women was planned by the house representatives on Panhellenic Council. A Panhellenic handbook and "Sorority Sketches," a

booklet telling about each sorority's activities, are distributed to rushees to acquaint them with rush rules and the ten sororities on campus.

Each year Panhellenic actively co-sponsors Interfraternity Sing and Greek Day with the Interfraternity Council. Panhellenic also assists with Homecoming activities and the Council members voted to donate \$200 to the Second Century Fund drive.

Junior Panhellenic Council completed its second year on campus. As a council designed to familiarize freshman women with the Greek system and senior Panhellenic Council, it is composed of two representatives from each pledge class. Nancy Dumler was president of the 20-member junior council and Dorothy Craig served as the faculty advisor.

## IFC Gives Donation To Scholarship Fund

Interfraternity Council, the central governing body of the fraternity system, gave \$500 to the Second Century Fund to be used for scholarships in the name of V. D. "Tiny" Foltz, IFC faculty advisor. The Council plans to donate another \$500 to the Fund next year. Led by Jim Mertz, president, IFC established a seven-member public relations committee to review all Greek public events. The committee will study all aspects of the events and then approve or make corrections on the proposed activity. Warren Stanley was Big-8 IFC secretary.

Each of the 22 fraternities select two men to represent them on the Interfraternity Council, which serves as a coordinating group for fraternity activities. A judicial board, made up of the senior representatives, makes disciplinary decisions.

Standing activities backed by the Interfraternity Council include sponsoring Interfraternity Sing, Greek Day events, and men's rushing procedures, and publishing a rush booklet which introduces each fraternity on the campus to prospective members. The Council encouraged high scholarship achievement within the fraternity system by presenting a trophy each year to the house with the highest grades and to the house with most improved grades.

## Rush Autumnal Rites Acquire 625 Pledges

Twenty-two fraternities and ten sororities augmented their ranks during fall rush week issuing 335 and 290 pledge invitations respectively. Clovia and Farm House do not participate in the regular fall rush system, but rush later in the semester.

Open house parties launched the sorority rush week giving all rushees the opportunity to visit each house. A feverish pace was set as decorations were torn down and replaced in the hour or two between parties. Skits were rehearsed, costumes changed, and the sorority members put on a fresh smile as the rush chairman cried, "Be peppy, y'all." Feelings of tension, excitement and occasional depression were felt by both rushers and rushees. At last the final bids came out, met by suspense and squeals of delight.

Conversation was the primary rushing technique used by the fraternities as elaborate skits, costumes and decorations were avoided. At informal dinners and smokers, the fraternity men worked hard to convince and sell the rushees on the advantages and merits of their particular fraternity.

# Alpha Xi Delta Wins Homecoming Honors

Homecoming honors highlighted the year for Alpha Xi Deltas as they won the second place trophy for house decorations and Julia Jahnke was homecoming queen attendant. House decorations and costumes of the girls and their dates carried out the Disney Land theme of their annual pledge party. Twenty-six Alpha Xi fathers were entertained on Fathers' Weekend and Alpha Xi mothers were honored on Mothers' Day. The pledge-active picnic, legacy weekend, monthly Sunday dinner dates, the spring banquet and formal dance, and the Christmas formal filled their social calendar.

Alpha Xi's were active on campus as members of Student Council, Home Economics Council, Alpha Lambda Delta and Angel Flight. The girls rolled up their sleeves and washed cars to earn money to contribute to their Chicago Hull House project.

## Chi Omegas Capture Production Trophies

One hundred thirty chapters • Founded University of Arkansas 1895 • Kappa Alpha chapter established 1915 • President: Margaret Cooper.

Trophies bedecked the Chi Omega house as members placed first in the Greek Orgy productions and third in the 1961 Y-Orpheum. Chi Omega queen honors included the Kansas Dairy Princess, the Honorary Pershing Rifle Commander and the Sweetheart of Delta Upsilon fraternity.

Activity-minded girls filled positions as social chairman of the Social Coordinating Council, president of Alpha Lambda Delta and Alpha Epsilon Rho, secretary and treasurer of AWS and a representative on Student Council. Chi O's were tapped for membership in Phi Kappa Phi, Phi Alpha Mu, Kappa Delta Pi, Chimes and Mortar Board.

A relaxing weekend at Rock Springs Ranch followed fall rush week for Chi Omega actives and new pledges. Social highlights were the White Carnation Ball, and Christmas Stocking Party.

Numerous campus offices and royalty titles were claimed by the residents of the Chi Omega house at 1803 Laramie.

Delta Delta Delta pledges entertained the actives and their dates with the annual Firebug party. All costumes worn to the party were red and the partygoers entered the house through the back fire escape. Other social activities scheduled for the year included the Spring Formal and Christmas caroling at St. Marys and Riley County Hospitals and President McCain's home. The girls held a Fathers' weekend in December and a Mothers' Weekend in March.

Bringing honors to the house was Connie Ditch, Sigma Nu-Alph Tau Omega Blackfoot-Whitefoot Queen and Colleen Ungerheuer, first attendant in the Miss K-State-Manhattan contest. Finalists for the Sigma Chi Derby Darling, Miss Football, Barnwarmer Queen, St. Patricia and IPC Queen were all Tri-Delts. Six girls were active in Angel Flight.

# Kappa Alpha Thetas Complete First Year

Thirty-one spring pledges were initiated into the newly chartered K-State chapter of Kappa Alpha Theta on May 13, 1961. During the regular fall rush week, the Thetas pledged fifteen additional women. Construction on their new chapter house, to be located on McCain Lane, was started in April.

In their initial year on campus, Thetas were represented on campus with members in Chimes and Alpha Lambda Delta honoraries. Teaming with the Alpha Chi Omegas, the Thetas celebrated the founding of both sororities with the first DePauw Duo. The Royal Purple Queen attendant and the Delta Sigma Rho traveling cup were honors brought to the house. A Christmas pledge-decorating party followed by the Twin Star formal, a Valentines party, and the Kite Flying party were social engagements.

Completing their first year on campus, the Kappa Alpha Thetas experience many happy moments at 421 North 16th.

## Campus Honoraries Initiate Kappa Deltas

Next winter Kappa Deltas will move from their 1716 Fairchild home into the new house on Centennial Drive.

Women of Kappa Delta belonged to varied honoraries as members were tapped for Omicron Nu, Alpha Delta Theta, Theta Sigma Phi, Alpha Epsilon Rho and Phi Upsilon Omicron. Other activities keeping Kappa Deltas busy were Union committees, orchestra, band, and publication staffs. Three KD's were in Angel Flight.

Kappa Delta pledges entertained the actives and their dates with a fall hay ride and Halloween Party. Continuing to sparkle socially, members kept busy with plans for a Christmas party, Founder's Day celebration and house parties. The Emerald Ball was a highlight of the spring semester. A finalist for the Pershing Rifles Queen was a KD.

Increasing the size of their present house by one-third, the women of Kappa Kappa Gamma moved into their remodeled home in the fall. The dining and utility rooms were enlarged and an informal living room, a new kitchen and 12 rooms were added to the living space.

For the second consecutive year, the Kappas won first place in Interfraternity Sing. The girls received first place for their Homecoming float and ranked second in scholarship achievement. Mortar Board and Chimes each had two key wearers. The presidents of Angel Flight and Student Education Association, two K-State Singers, two Student Council members and the Senior Class treasurer were Kappas. Queen contests produced the Homecoming Queen attendant, St. Patricia attendant, Ag Barnwarmer attendant and Miss K-State-Manhattan attendant.

For the fifth consecutive year, Pi Beta Phi placed first in sorority scholarship. The 1961 Y-Orpheum productions brought a second place trophy to the house. Pi Phis entertained with a Christmas party, the "Hobo Holiday" pledge party, the Monmouth Duo, Fathers' Weekend and the annual spring formal. Next fall, the women will move into their new three story French Provincial home.

Three members were tapped for Mortar Board with one serving as vice-president. The president and secretary of Chimes were Pi Phis. The Royal Purple editor, fall editor of the Collegian, Big-8 Panhellenic president, secretary of the Senior Class, Student Council vice-president, and Omicron Nu president were arrow wearers. Pi Phi royalty included the Flush Bowl Queen, Kappa Sigma Sweetheart, Military Ball Queen, and Barnwarmer Queen.

The Pi Beta Phi house at 505 Denison will be occupied by Lambda Chi Alphas when the women move to Todd Road.

Clovia women entertained approximately 30 high school seniors at a Hospitality Weekend in March. Mothers' Weekend was held in the fall and both parents were honored on Parents' Day in the spring. Activities included the fall hayrack ride and supper, the annual Crystal Ball formal and caroling during the Christmas season. Darlene Dewey was an IFYE exchange student to Switzerland. ## Delta Chi's Refused Colonization Renewal

A petition in March for an extension of colonization rights was not approved for the Delta Chi colony by the Interfraternity Council. The group, however, was still recognized as a campus organization by the Faculty Council on Student Affairs. Delta Chi applied for its national charter last April while still in its last semester as a colony.

Informal chapter meetings were held in a room at the Student Union while members and local alumni were looking for a suitable chapter house. Twelve Delta Chi's were initiated in April at the Kansas University fraternity house. President during the fall semester was Phil McManus and Keith Cryderman served as president, spring semester.

Scheduled social engagements included a wiener roast and several informal parties and dances. Delta Chi men participated in such University organizations as the American Institute of Architects, KSDB-FM radio, Pershing Rifles, and Union committees. The men participated in the intramural program.

A comprehensive program of cultural development featuring campus figures as speakers was initiated this year by the Phi Kappa Tau men. Plans were made to improve the house library and to increase the number of classical records in their collection. As a special service project, the Phi Tau's invited the residents of a local rest home to the house for

a Thanksgiving turkey dinner. The fall Cannonball party, the spring Red Carnation ball and a Christmas party highlighted social engagements.

Phi Kappa Tau was represented on campus with members in varsity athletics, the Rifle team and the Psychology club. Others contributed to the Touchstone magazine and the Engineers' Open House.

## Theta Xi Men Serve Benefit Pancake Feed

More than 400 people were served pancakes by the Theta Xi men as a money raising project for the Tiny Foltz Scholarship Fund, a division of the Second Century Fund. The first fraternity to undertake a

project in support of the student campaign, the Theta Xi's cleared \$175 from the pancake and sausage feed. The men served for 11 consecutive hours.

In campus activities, Theta Xi's participated in the Arnold Air Society, Tau Sigma Delta, Alpha Kappa Psi and other University organizations. Members and their dates donned costumes for the annual fall Cave Man Drag party. A Christmas formal, Unicorn ball and a spring "Odd-ball Party" filled the social schedule. The men participated in all intramurals.

Acacia fraternity won the coveted first place trophy in the 1962 Y-Orpheum productions with their skit, "Transylvania Revisited." They entered the event with Kappa Alpha Theta sorority. Competing in the intramural sports program, the men won first place in basketball and second place in the football and volleyball divisions. Social activities scheduled throughout the year included the "Night on the Nile" costume party, Founders' Day alumni party, the annual spring formal, the Christmas party and house parties held after the ballgames.

The assistant editor of the spring Collegian, president of Collegiate 4-H, a Student Council representative and various officers in the Arnold Air Society and Scabbard and Blade were Acacias. Honoraries represented were Alpha Zeta, Phi Eta Sigma, Alpha Kappa Psi and Sigma Delta Chi. Acacias were active on the varsity basketball, track and wrestling teams.

## AGR Men Maintain Lead in Ag Activities

New furniture bought last fall bedecked the recreation room at the Alpha Gamma Rho fraternity house, 1919 Platt.

Representing the University in junior and senior livestock teams, eighteen men of Alpha Gamma Rho were selected for positions on the wool, livestock and meats judging teams. Five of the six officers of the Agricultural Association, chairman of the Little American Royal and Ag Science Day, and president of the Block and Bridle club were AGR's. With a Blue Key representative, and Student Council and Student Activities Board members, the house was well represented in campus organizations.

The fraternity men won first place in two divisions of intramurals. Social activities were the Sister Sweetheart formal, the Roulette party, the Pink Rose formal and the annual steak fry and picnic.

An Alpha Kappa Lambda member was the initiator and editor of *Publius*, a new student opinion pamphlet on campus. Other AKL's were the presidents of the Flying Club, Delta Sigma Rho, Psychology Club and the treasurer of Interfraternity council. The men organized their study and activity time to achieve membership in nine honorary societies, including two members in Phi Kappa Phi. The house ranked third among the 22 fraternities in scholarship. Varsity basketball and wrestling teams had four Alpha Kappa Lambda participants. For a service project the men gave a Christmas party for underprivileged children of Manhattan.

Social activities included the annual Go To Hell party, given by the pledge class for the active chapter, a hayrack ride in October, the spring formal, the Stork Club Party, and informal house parties.

## Beta Theta Pi's Win Scholarship Honors

Achieving first place in fraternity scholastic honors for the 1961 fall semester were the men of Beta Theta Pi. Placing first in the overall intramural program, the Betas won five out of seven major sports and several individual events. The men won second place in Interfraternity Sing. Social highlight of the year was the annual Pig Dinner.

The spring Collegian editor, Second Century Fund drive chairman, president of the Senior Class, IFC president, first runner up in the FMOC contest and three Student Council members, including the treasurer, were Beta Theta Pi's. ## Delta Sigs Awarded National Recognition

For the second consecutive year, Delta Sigma Phi won third place in the "Engineered Leadership" program. Delta Sig chapters throughout the nation competed for this award which was given to outstanding chapters by their national office.

A Delta Sig represented the KSU Interfraternity Council at the National Interfraternity Council convention last fall. The presidents of American Society of Mechanical Engineers and the Amateur Radio Club, and the vice-president of Pi Tau Sigma were Delta Sigs. Eight members attended the fraternity convention in Kansas City last September.

A second place trophy in intramural football highlighted their participation in all intramural sports. One rush weekend was held in the fall and two more in the spring. Approximately 15 high school students attended each event. The Delta Sigma Phi social calendar included the Apache party, Founders Day Ball, Carnation Ball, sorority exchange dances and house parties after the ballgames.

## Delts Acquire Union, SGA Chairmanships

Topping the list of activities of the Delta Tau Delta men was David All, president of Student Council. Active in all phases of Union Work, Delts held the chairmanship of both the Union Program Council and the Union Governing Board. The Royal Purple Business Manager, the Collegian sports editor and the president pro tem of the Model Congress were Delta Tau Deltas. Others were active in varsity football, track and wrestling.

The house entered all intramural sports and placed second in football. Third place in Homecoming decorations and fourth place in Interfraternity Singurer, were Beta Theta Pi's. The house also had five the Paddle party and the Rainbow Formal.

Gathering around the piano, Delta Tau Delta men sing fraternity songs and relax after a day of classes, books, and

A new cultural program to create a favorable attitude toward the fine arts was developed by members of Delta Upsilon. Discussion groups were held dealing mainly with art, music and literature. The programs were directed by President James A. McCain.

The DU's placed second in Homecoming decorations and third in Interfraternity Sing. As a community service project the men decorated a local rest home at Christmas. The house was represented in 51 campus activities. Nine members were in varsity athletics. DU's also held the offices of Attorney General of Tribunal, President of Inter-Pledge Council, and vice-president of Alpha Kappa Psi.

Social activities for the fraternity were the fall costume party in Abilene, a Christmas party, the spring formal and a jungle costume party.

Among the men living in the Delta Upsilon house at 1425 University are two Putnam Scholars and one Blue Key man.

# Men of Farm House Place First in Sing

Entering Interfraternity Sing for the first time, the men of Farm House fraternity won first place in the men's division. During the fall semester, Farm House ranked second among the fraternities in scholarship, after winning first place the previous spring semester. Other honors were brought to the house by Marion Karr, voted Favorite Man On Campus by coeds, and John Carlin, who was selected Attorney General of Tribunal. Farm House had two members in Blue Key, two Phi Kappa Phi winners and the presidents of the Collegiate 4-H and Collegiate FFA. Other men were active in the Alpha Zeta organization and the Varsity Men's Glee Club.

Social engagements during the year included faculty teas, Sisters' Day, the annual fall chicken barbecue, hour dances with sororities, the annual Christmas party and the spring Star and Crescent Formal. The local chapter was host to four other chapters for a regional officers training clinic.

Riding at the top of the scholarship improvement list, the men of Kappa Sigma received the Interfraternity Council Improvement trophy for the spring semester of 1961. Grade concentration did not decrease participation in campus activities, as the group was accepted for the 1962 Y-Orpheum productions, entered Interfraternity Sing, copped first place in the bowling league and participated in all intramural sports. Four Kappa Sigs were on the varsity football team and one on the baseball team.

Highlighting social events were the fall Stardust formal, the spring formal, Red Dog costume party, the Pig Dinner, house parties and pledge parties. Individual activities of Kappa Sigs included editor of the K-State Engineer, member of the K-State Singers, FMOC finalist, and a Blue Key member.

# Lambda Chi Alphas Improve Scholarship

Stepping up their scholarship program, the Lambda Chi Alpha fraternity jumped from nineteenth to fourth place in fraternity scholarship competition and moved into line for a Lambda Chi national improvement trophy. Two recipients of Putnam scholarships and members of Alpha Phi Omega and Phi Eta Sigma honoraries were Lambda Chi's. The house won first place for their Homecoming float in the fall and sponsored their annual Chariot Relay races in the spring. Throughout the year the members made plans for their move next fall into the Pi Beta Phi house.

The men of Lamba Chi sponsored rush parties and entertained with their annual Crescent Ball, semi-formal Christmas party and Valentines party.

The white house at 1334 Fremont was the home of Lambda Chi's for a decade. The fraternity will move next fall.

## Phi Delt Men Offer Community Services

**Two Christmas events** at the Phi Delt house, 508 Sunset, included a house decorating party and children's party.

As a part of their annual community service day, the men of Phi Delta Theta cleaned up Pillsbury crossing. The third place trophy in the 1962 Y-Orpheum productions was secured with their partner, Kappa Kappa Gamma. Participating in all intramural events, the men were listed on varsity and freshmen athletic teams. The house boasted a Blue Key man, president of the Social Coordinating Council, finalist in the St. Pat contest, finalist for the Favorite Man on Campus and the state vice-president of Collegiate Young Republicans.

A hayrack ride and dance highlighted the annual Phi Delt fall Weekend party. A Secret Desire party, Pajama party and the annual spring formal rounded out the social activities of the year.

# Sigma Alpha Epsilon Keeps Lion Mascot

Excitement was aroused at the Sigma Alpha Epsilon house when a member brought a lion cub to the house. The SAE's kept their mascot until it was six months old and then donated the animal to the Manhattan City Zoo.

Active in intramural sports, Sig Alph members helped monopolize the sports program with first place rankings in softball, track, badminton, tennis, swimming and golf. SAE's were represented on the varsity basketball, football, baseball and track teams.

As a special service project, SAE men held a Christmas party for 30 underprivileged children from Manhattan. The children were entertained at dinner and given gifts. Individual honors were brought to the house by St. Pat, king of Engineers' Open House, and presidents of Blue Key and the Integrity Party. The Tribunal Attorney General was an SAE.

## Sigma Chi Members Earn Campus Honors

**Sigma Chi men** spend many hours at 1224 Fremont in pursuit of academic achievements for future benefits.

Sigma Chi Sam Forrer brought honor to the fraternity by winning the presidency of the student body in the spring SGA elections. Sigma Chi men were active in such honoraries as Sigma Tau and Gamma Sigma Delta; members served on the Engineering Council and Arts and Sciences Council. The Union Program Council and union committees benefited from Sigma Chi work. The Derby Day was an annual fraternity event.

A first place trophy for 1961 Y-Orpheum was brought home by the joint performance with Delta Delta Delta sorority. Sigma Chi's placed third in intramurals last spring. The Miami Triad, Pajama Party and Sweetheart Ball were social events.

Members of Sigma Chi entertain outstanding high school seniors during leadership day. Showing a definite interest

# Sigma Nu Restages Last Year's Victory

For the second consecutive year, Sigma Nu fraternity men have kept possession of the Blackfoot-Whitefoot trophy. To win the trophy, Alpha Tau Omega and Sigma Nu men stage a touch football game and relay events. The team massing the most points claims the trophy. The Blackfoot-Whitefoot Queen was chosen at the concluding dance.

Entertainment included the "Hell and Hi-Fi" party, the Christmas party, the annual spring White Rose Formal, exchange dances and picnics with sororities and a Dad's Weekend. The fraternity held a tea in February to honor their new housemother, Mrs. Bertha Clayton. The Sigma Nu's also participated in all phases of the intramural sports program. The National Secretary visited the chapter in April.

Sigma Nu men were active in campus organizations as one member served on the Apportionment Board. Other men were members of Alpha Mu, Sigma Tau, Alpha Zeta and Alpha Kappa Psi.

The sweeping lawn in front of the Sigma Nu house at 513 Sunset is ideal for snowball fights and touch football.

## Sig Ep's Create Best Homecoming Display

One hundred fifty-eight chapters • Founded Richmond, Virginia 1901 • Kansas Beta chapter established 1918 • President: Louie Supica.

A Wildcat predicting a K-State victory from a crystal ball won the first place trophy in the fraternity Homecoming house decorations for the 80 men of Sigma Phi Epsilon. The men were finalists in both Interfraternity Sing and 1962 Y-Orpheum productions. Pledges and actives worked to better community relations by decorating hospital wards during Christmas time. Three men represented the Sig Ep's on Student Council. Several men participated in varsity sports and intramurals.

Aside from exchanges and house parties, the Sig Ep's, in conjunction with the Pi Kappa Alpha's, held the Orgy Productions and Duad party. Native costumes were donned for the annual Hawaiian Party and Sig Ep dates were transported in hay wagons to an old-fashioned Western costume party.

Site of numerous costume and informal house parties, the Sigma Phi Epsilon fraternity is located at 1015 Sunset.

## Tau Kappa Epsilons Attend Miami Confab

Five Tau Kappa Epsilons traveled to Miami Beach, Fla., for the 31st national TKE convention last summer. Other chapter members attended the Tau Kappa Epsilon Great Plains Leadership conference during the spring semester in Kansas City.

The men worked in campus organizations, with members on Arts and Sciences Council and in the Agriculture Honors Program. Tau Kappa Epsilons were tapped for Alpha Kappa Psi and other honoraries. Two men were on the cheerleading squad.

A flurry of parties and house activities kept the TKE's busy socially. Starting the year with an annual Corral Party, the men maintained their social pace by entertaining their parents at the house on separate weekends. The pledges gave a Pajama party, and the annual spring formal ended the activities.

Polishing the "Mourning Glory," Tau Kappa Epsilon pledges take special care of their possession. At the disposal

of the men, the black hearse has a variety of uses ranging from campus transportation to frequent triple dating.

High on the hill overlooking the University, the three freshman dormitories make an impressive sight to the cam-

pus visitor. Under the supervision of three directors and upperclass assistants, the halls housed a total of 638 girls.

# Freshmen Coeds Fill Van Zile Dormitory

Van Zile hall was devoted completely to freshmen women's housing for the first time since its construction in 1926. Last year the dormitory was occupied by one floor of freshmen women. The change was instigated because of the lack of sufficient housing for freshmen due to the increase in enrollment.

Van Zile residents were socially active with the Blue Christmas party as a seasonal highlight. A pirate party on the dorm patio was another attraction. Hour dances and exchange dinners with men's organized houses added variety to Van Zile life.

The women entertained with a faculty tea, a Mother's Weekend and an open house. Campus activities listed Van Zile residents in Student Council, as People-to-People representatives and members of clubs and honoraries. Van Zile hall placed second in women's intramural basketball. Semester presidents were Jill Snyder and Diana Williams.

## Waltheim Hall Coed Reigns as RP Queen

Regal honors were bestowed on Waltheim Hall when Janet Lane was crowned 1962 Royal Purple Queen. The first place trophy for independent Home-coming house decorations was won by the Waltheim residents. The coeds also accumulated the most points at the Sigma Chi Derby Day games and brought home the first place trophy. Two Waltheim women marched in Angel Flight and another was president of the Interdorm Council. Other residents were active in campus clubs and honoraries.

Social activities for Waltheim Hall included the Christmas formal, the spring formal and a faculty tea. Hour dances with fraternities and men's inde-pendent houses occupied a prominent place on the Waltheim social calendar. The women also enter-tained their parents at an open house in October.

Mary Vogt was president first semester and Sandra McGehe was elected to the office second semester.

The only off-campus women's dormitory, Walt-heim Hall offered apartment-style dorm living for upperclass coeds. With dormitory residents totaling 81, the hall was comprised of living suites which each housed six to eight University women.

**Eighty-one upperclass girls** live at 1436 Laramie in Waltheim Hall. The residents held winter open house.

A few hands of bridge or a quick glance at a recent magazine provided a good study break for the women of Wal-

theim Hall. The coeds find that a few minutes of quiet relaxation before dinner will increase their study efficiency.

**Mrs. Mamie Boyd** and Jane Martin, hall president, accept a portrait of Mrs. Boyd given by the Endowment Association.

## Boyd Hall Residents Adopt Needy Family

A family was adopted at Christmas time by the women of Boyd hall. The 236 freshmen residents gave blankets, dishes, food and toys to the underprivileged family. Another service project included a doughnut sale during study hall breaks. The proceeds from the sale were donated to the World University Service. People-to-people representatives, treasurer of AWS, Larry Woods speech contest finalist and Union committee members lived at Boyd.

Socially active, the women entertained at after-game coffee hours during football season. A Christmas formal, "Golden Holiday," portrayed a winter in white and gold. Walking through a whale's mouth to the inside of a ship, Boyd hall residents and their dates sailed on the S.S. Boyd to a spring Shipwreck party. Mothers were entertained to a weekend of dorm life in the spring. A spread and fashion show were presented for the mothers. Holidays were celebrated at the dorm with special guest dinners. Mrs. Mamie Boyd, an outstanding alumna after whom the dorm was named, was honored at Christmas.

**Teaching Dad** the latest dance craze, the twist, keeps the women of Putnam Hall busy during Fathers' Weekend.

## Putnam Women Add To List of Traditions

Under the guidance of a new director, Miss Joanne Burkes, formerly of Oklahoma University, the 240 women of Putnam Hall added new events to their list of traditions. For Fathers' Weekend, the Dads took over one floor of the dorm, moving daughters up to a friend's room. Faculty guests were invited to special dinners held at Thanksgiving, Christmas and Easter. A formal dance was given at Christmas and fraternities sent representatives to a Putnam Easter egg hunt. The baskets used to collect eggs were donated to Riley County Hospital.

Entering Y-Orpheum for the first time, the women and Kappa Sigma fraternity wrote their way into the final productions. St. Patricia and finalists for both the Royal Purple Queen and the Miss K-State-Manhattan contests lived at Putnam Hall.

## West Stadium Ranks As On-Campus Dorm

Since the conversion from living quarters designed for men to a women's residence hall last year, West Stadium has increased its capacity to 130 coeds. Upperclass independent women live beneath the football stadium because of a shortage of housing facilities. Active in campus organizations and honoraries, West Stadium women participated on debate teams, plays and musical productions.

## Rice Hall Organizes, Decorates for Coeds

Rice Hall, the former nurses home for St. Mary's Hospital, became an organized independent house for women last fall. The interior of the privately owned house was completely redecorated and re-furnished. Of the 30 coeds residing in Rice Hall,

four were graduate students and two others were international students. A majority of the women were active in the Off-Campus Women's Association, while another representative participated in the People to People international program. The coeds held a Halloween party for their dates.

**Evening parties** provide relaxation for the women as they take time out from their studies to prepare a late snack.

**Living in the comfort** of a newly decorated home, coeds of Rice Hall finish their first year at 314 North 11th.

## Regents Give Name To Men's Dormitory

The Kansas Board of Regents officially changed the name of the Men's Residence Hall to Isaac T. Goodnow Hall in October, during its second year of operation. Two weeks prior to the action, the men informally adopted the nickname, "Wildcat Hilton" with approval of the hotel-chain owner.

Pawnee house, one of the six units of the dorm, won the Hall's scholarship trophy and forty men from the Hall were on the Dean's Honor Roll. The members raised funds for the Capper Foundation for Crippled Children as a service project. Congressman Robert Dole was a special dinner guest and speaker, and State Senator and Mrs. A. Bauman and Representative and Mrs. A. Glad were guests for the Christmas dinner. The Delta Sigma Rho speech contest winner, an FMOC contest finalist and varsity athletes were residents at Goodnow Hall.

The Goodnow Hall cafeteria serves daily meals to the men from the dorm and 132 women from West Stadium.

Taking advantage of the conducive as well as comfortable study environment, students prepare coming assignments.

Precious moments of relaxation are enjoyed by the men of Goodnow Hall before and after dinner or during study

breaks in these lounging areas. Each of the six floors has its own centrally located, carpeted lounge area with television.

## Name Change Again For Celtics Members

The Celtics changed their name back to the House of Brec during semester break, after living for one and a half years under the name of Celtics. The 16 men living in the House of Brec included three international students from South Viet Nam.

Residents were led by president Fred Fairchild who was also president of Alpha Phi Omega, national collegiate scouting fraternity. Second semester's housemother was Mrs. Frances Brecheisen. Two semi-formal parties were given with La Citadel in the spring. Members participated in intramural football. One Celtic was a K-State Singer and another was active in the Varsity Glee Club activities.

## Acropolis Contributes Money to Red Cross

The members of Acropolis, independent men's organized house, donated money last Christmas to the Ft. Riley Red Cross to give to needy families. They also contributed money to the Second Century Fund and to the United Fund drive. Activities of the 11-member house were directed by President Edward Oborny and House Director Chester Peters.

The social highlight of the year was the annual spring party and dance. Acropolis men were members of the Varsity Track Team, Varsity Rifle Team, Agricultural Education Club, Sigma Theta Epsilon, and Newman Club. The house was organized in 1951 by the present housemother, Mrs. Ethel Stockwell.

## OK House Residents Give Christmas Toys

As an annual service project, the residents of the OK House donated toys to a Manhattan orphanage. Before the holiday vacation the men collected the gifts after a Christmas gift exchange at the house.

Residents of the independent organized house were active in a Union bowling league. The team captured first place honors in several tournaments. Marching in the men's band was resident Mike Parker. Gale Simmons represented the house in Sigma Tau, engineering honorary, and John Todd was a photographer of the Engineering Mag.

The house, named after its sponsors, Mr. and Mrs. Oliver Kientz, maintained an annex to the house for the second year. Bill Gunger was president of the OK House during the fall semester and Fred Folsche was president during the spring semester.

Admiring one of their OK House trophies, members of the house bowling team discuss ways of perfecting their game.

## La Citadel Members Invite Dinner Guests

Under the leadership of Jerry Lawrence, president, the men of La Citadel invited dinner guests to their house throughout the year. The Rev. Earl Minturn spoke to the group during Religious Emphasis

Week. Two international students, one from For-mosa and the other from Viet Nam, visited the inde-pendent house and spoke on the customs of their country and their first impressions of the United States. Other visitors were Dr. Irene Putnam and the Wendell Kerrs. The house donated Christmas gifts to a Manhattan needy family. Social entertain-ment was highlighted with a spring and fall dance. The president of Alpha Phi Omega and a Putnam scholar were La Citadel residents.

## Kasbah Ranks High In Intramural Games

The 20 men of Kasbah entered in every sport in the intramural program and placed eighth out of more than 30 teams entered in the first semester competition. Kasbah representative Philip Litwak won his fourth consecutive intramural singles handball championship in the independent division.

Kasbah members were active in several campus organizations and honoraries. Ten men were members of the Young Republicans, three were active in the Student Chapter of the AVMA and three belonged to the Collegiate 4-H. The Agricultural Education Club and the Hillel Organization each listed two Kasbahs. The house was also represented in Alpha Kappa Psi, the Clinic Club and the Union Dance Committee. Robert Hamlett won the slogan writing contest for the student division of the Second Century Fund drive. A Christmas party and gift exchange among Kasbah men and a spring picnic for men and their dates were social events.

Kasbah House had members from several states other than Kansas. States represented were New York, Nebraska, Missouri, and Illinois. Larry Gies served as the president of the independent house and Mrs. E. E. Rogers was the housemother.

## Williams Men Stage Alumni Open House

House of Williams alums were invited to an open house and tea after the Homecoming game last October. The men were host to approximately 30 guests, including parents. Other social events were a hayrack ride followed by a wiener roast at the Top of the World picnic grounds in the fall and the annual spring semi-formal dinner and dance. Members of the house participated in several events of the intramural athletic program and placed second in the basketball division.

Four varsity baseball players lived in the House of Williams. Sigma Tau, Phi Epsilon Kappa, and Eta Kappa Nu honoraries and the People to People International program all had members representing the House. Nearly one-third of the 21 men held scholarships, including a Putnam scholar and two holders of athletic scholarships. The recipients of an Arthur Drip Scholarship, a Whitlock Trucking Co. Scholarship, and a Universal Oil Scholarship were also members of the House of Williams.

First semester president was Robert Meyer and Robert Hallgarth was president second semester. Mrs. Katherine Williams, who founded the independent men's house 23 years ago, was housemother.

# Smurthwaite Women Occupy New House

Dedication ceremonies were conducted October 28 for Smurthwaite Scholarship House, the first scholarship house on the Kansas State campus built for women. Miss Georgiana Smurthwaite, President James McCain, and representatives of the Board of Regents and the Kansas Home Demonstration Units participated in the ceremonies.

The coeds living in Smurthwaite clean, cook, and perform other household duties to decrease living expenses. Jan Cooper served as president and Mrs. Lisbeth Patton was the housemother. Group activities included giving Christmas gifts and singing carols to occupants of rest homes in Manhattan, participating in intramurals, presenting a musical program at Erwin Army Hospital at Ft. Riley, and inviting the girls' mothers to the house for a weekend. Smurthwaite women entertained with a semi-formal Christmas party, a spring dance and a

# Smith Scholars Win Homecoming Trophy

For the second consecutive year the first place trophy in the independent division for Homecoming decorations was won by the Maitland E. Smith Scholarship House. Initiated as an annual event, the men challenged KU's Stephenson Scholarship House to a basketball game. Social activities were the annual Homecoming party, a Hawaiian party, a Christmas "Mistletoe Mischief" semi-formal dance and a spring formal, plus informal house parties after games.

The secretary-general of the Midwest Model United Nations and the president of Phi Epsilon Kappa were residents of Smith. The house also had several men active in campus clubs and honoraries. The men living at the Scholarship House are selected on the basis of entrance test scores and grade averages.

First of its kind on the K-State campus, the Smith Scholarship House at 331 N. 17th is now in its fourth year.

Founded Kansas State University 1958 • President: Jim Krob.

## Straube Men Enter Cultural Discussions

Keeping in stride with increased interest in culture on campus, the men of Oscar E. Straube Scholarship House discussed topics of current interest with faculty members every Monday night. Straube men entered into campus service projects by participating in the People-to-People international program and

the Second Century Fund-raising drive.

Forty-five residents, most of whom were majoring in feed and milling, cooperated with house duties and cooking during Straube's second year on campus. Founded as a memorial to Kansas City milling executive Oscar E. Straube, the house required residents to maintain a minimum 2.5 college grade average.

Social activities for the men included exchange hour dances and dinners with sororities and women's residence halls. A Halloween party was high on the fall social agenda. Christmas spirits were doubled as Straube men entertained dates at a Christmas dance and held a stag Christmas party. The year's social events were completed with an April Fool's Day Dance, a spring formal and informal house parties.

When the new men's marching band stepped into formation for the first time last fall, ten Straube men donned band uniforms. Two musicians played with the concert band while the varsity men's glee club included two others. Athletic talent abounded as the men of Straube finished second in swimming and second in golf competition in the independent division of the intramurals program.

High grade averages earned 19 men membership in eight honorary societies. Straube was represented in Phi Eta Sigma, freshman men's scholastic honorary, by seven men. At the end of the fall semester, Straube scholars posted an over-all grade average of 2.9, well above the all college average.

## Apartment Expansion Planned for Jardine

Plans for five additional units to Jardine Terrace were approved by the Board of Regents this spring. The units, each composed of 24 apartments, will be valued at approximately \$1,000,000 or \$8,700 per unit. Similar to the present apartments, except for being unfurnished, the apartment buildings will be ready for occupancy during the 1963 year. Making use of streets and sidewalks, the new units will be located around the periphery of the present buildings.

Present Jardine Terrace apartments are furnished with refrigerators, stoves and built-ins in the kitchen. Bedrooms are equipped with a bed, springs, mattress, dresser, mirror and chair. Tables, chairs, desks, a divan, lamps and lounge chairs are found in the living

**Young married students** take time off from studies to read and play with their children. Jardine couples, like

rooms. Parking areas are located near the building and wash houses and areas for washing cars are provided for student tenants. The two-bedroom apartments supply ample space for a children's room or nursery. Couples with as many as four or five children have lived at Jardine Terrace. An elementary school is within walking distance.

A street dance in the spring topped the social calendar for Jardine couples. Teams from the Jardine apartments were also active in intramural sports with participants entering every division.

Jardine Terrace is divided into four areas which each elect their own council and mayor. The councils solve problems between residents, such as noise, traffic and commotion at the wash houses. Each area also had a "host" couple who were student representatives from the Housing Offices. The couples intermediated between the Housing Office and Jardine Terrace residents. Their primary responsibility was to serve as custodians of the apartments.

**Married students** must face the responsibility of bringing up their children in addition to completing studies.

## Sports Program Led By Athletic Council

Governing the K-State athletic programs was the Department of Intercollegiate Athletics and the 12 member University Athletic Council. Students as well as faculty members and alumni composed the Athletic Council membership with M. A. Durland presiding as chairman.

## Upsets Provide Cats With 2 Season Wins

Doug Weaver, in his second season at the head of K-State's football program, led the Wildcats to two shocking upsets to begin the 1961 football season. These first two outings were the only times the Cats were to taste victory, however, as they dropped their eight following games and finished in last place in the Big Eight conference for the third consecutive year.

K-State's only two wins were scored on successive weekends when the Wildcats met and defeated the University of Indiana and the Air Force Academy. Opening the season in Manhattan, the Cats took on the favored Indiana Hoosiers in what many thought would be the first of a season-full of defeats for K-State. Led by inspired play from quarterback Larry Corrigan and end Darrell Elder, K-State rolled against Indiana to provide the first "upset" with a score of 14-8. "Upset" number two came at the expense of the Air Force Academy when the Wildcats traveled to Denver for a 14-12 victory.

## Outlook Brightens As Cats Improve Skills

K-State's victory chain could not go on forever, even with the return of halfback Bill Gallagher from the service. The University of Nebraska gave the Cats their first conference loss, 24-0. After the Nebraska bout, the Wildcats took an excursion into the southlands, but the University of Kentucky Wildcats crunched the K-State Wildcats, 21-8. However, even the pressing Kentucky defense was not enough to stop K-State's sophomore halfback Joe Searles as he romped 93 yards on a punt return to score the only K-State touchdown as he equaled K-State's school record set in 1953 by Veryl Switzer.

A homecoming crowd of 12,500 watched as the Cats held league leading Colorado to only 13-0. Colorado went on to finish as undefeated Big Eight champions. Although K-State dominated the first half play against Iowa State, the Cats lost, 31-7. The OU-K-State game decided which team had possession of the Big Eight cellar and it looked like the Cats might have a chance for their first conference win. After Larry Corrigan manipulated the team 83 yards to paydirt, OU faked a kick and scored on an 82-yard run and the Sooners won, 17-7.

## Season Ends Without Conference Victories

The Wildcats next had to face the highly ranked Kansas Jayhawks at Lawrence. The Jayhawks wasted little effort in neatly disposing of the Wildcats as they held K-State to minus 10 yards rushing. The final score was 34-0. The Missouri Tigers added insult to injury as they defeated the team of their former assistant coach and left the Cats without a win in the conference loop. K-State made several costly mistakes at Missouri and the final score stood at 27-9 with the Tigers winning.

The fourteenth consecutive Big Eight loss for the Wildcats came from the Oklahoma State Cowboys in the final game of the season. The Cowboys, held scoreless for the first 19 minutes, went on to score in almost every conceivable way to win 45-0.

## Short Season, Losses Mar Frosh Record

K-State's 1961 freshman football team lost the two intercollegiate games, but gave Kansas and Nebraska Universities quite a scare before falling.

The frosh started their season against the Kansas Jayhawks at Lawrence. Although the Jayhawks scored first, K-State came back strong in the second quarter to make the tally 7-6, with the Jayhawks still in front. The Cats only other scoring opportunity came at the end of the final period when quarterback Doug Dusenbury threw a pass from the Kansas 22, only to have it intercepted in the end zone. The final score stood 21-6, KU.

The second and final tilt was against Nebraska in Manhattan. The Cats scored first, but the Huskers fired back and won the contest, 18-13.

## Wire Services Rate Cats Fifth in Nation

Ranked fifth in the nation by both major wire services at the end of the season, the K-State 1961-2 basketball team compiled one of the most unusual season's record in the school's history of the sport. In spite of the team's 22-3 record, second best in K-State records, the Wildcats had to settle for second place in the Big Eight conference. Next year nine lettermen will form the nucleus of the team.

The Wildcats were among the most watched teams in the nation as they broke conference and Ahearn Fieldhouse records with an average home game attendance of 11,209 in 10 games. Coach Tex Winter, who was named Coach of the Year by the Rockne Club of Kansas City, is the most successful coach in the history of K-State athletic teams.

Pat McKenzie moves quickly against St. John's, ranked ninth in the nation when the game was played at K-State.

A hook by K-State's Roger Suttner in the Kansas City pre-season tournament semifinal round helps defeat Missouri.

Al Peithman rings in two points against Oklahoma State. OSU was one of two conference teams to defeat the Cats.

## Wildcats Take Sixth Pre-season Tourney

Before a near-capacity crowd in Ahearn Fieldhouse, K-State started their season with a victory over New Mexico. A road trip provided victories over both St. Louis and the University of Indiana.

The victorious Cats returned home for the Sunflower Doubleheader which staged K-State and Kansas against Marquette and St. John's of New York, later crowned the NIT champions. The Cats defeated Marquette, 80-64, at Lawrence, and returned to Manhattan where St. John's fell, 63-50.

After extending their winning streak to six with a 59-43 victory over Arizona, the Cats were the top-seeded team in the University of Kentucky Invitational. In the first round, K-State beat Xavier, 75-67, but the Kentucky Wildcats topped the K-State Wildcats, 80-67, in the final round.

In the Pre-season tournament, K-State entered with the most impressive record, but the Cats had some anxious moments before winning the title with victories over Nebraska, Missouri and Iowa State.

Warren Brown (14) and Gary Marriott (40) move in to help Pat McKenzie (42) during the K-State-KU game.

McKenzie, named all-conference team by AP and UPI, was elected "Most Inspirational Player" by his teammates.

Head Coach Tex Winter shows concern during a time-out. In his ninth season at K-State, Winter has won 161 games, lost 61 and won five Big Eight championships.

# Colorado Produces Conference Surprise

Riding the crest of a 10-1 pre-season record and sporting the Pre-season Tournament championship, the Cats headed into conference play against Colorado, the team that finished seventh in the Pre-season tourney. Colorado, in a surprise victory, handed the Cats their first conference loss. Returning to Manhattan to face Kansas, defensive aces Richard Ewy and Warren Brown held all-conference Kansas guard Jerry Gardner to nine points for a K-State win, 70-45. The 25-point margin was the largest scored by either team in more than a decade.

After winning their nineteenth consecutive game from Oklahoma State, 50-44, the Wildcats traveled to Columbia. An inspired Missouri squad kept the score close, but the Cats won, 69-66.

**A rebound tussle** in the Nebraska freshman game involves Herb Graves (30) and Larry Cohan (32), K-State frosh.

**Named to the all-conference team** by both major wire services, Mike Wroblewski maneuvers past defenders.

Despite the efforts of a Missouri defender, George "Whistle" Davidson shoots for the basket as Roger Suttner and

Junior Miller (44) move into rebound position on the home court. K-State defeated MU three times this season.

## Senior Wildcat Ties Conference Record

In the Kansas State-Iowa State game, the Cyclones led throughout the entire contest with the exception of a one-point deficit once in the first half. With four seconds left in the game, Warren Brown tossed in the final Wildcat points that cost Iowa State the game. K-State won, 56-55. The Wildcats easily handled the University of Nebraska Cornhuskers, 72-53. A standout in the University of Kansas game at Lawrence was Mike Wroblewski. Tying the Big Eight scoring record with a total of 46 points, Wroblewski led the Wildcats to a 91-72 victory. Again the University of Missouri game was close, but the Cats came out on top of the final score, 65-59.

Meeting the Oklahoma University Sooners in two successive games, the Cats won both, 71-63, and 89-57. The two wins over Oklahoma brought the K-State record to 19-2, but the Wildcats were still trailing league-leading Colorado. The Buffaloes had yet to lose a conference game.

Mike Wroblewski tied a Big Eight conference scoring record when he pumped in 46 points against KU at Lawrence.

**Warren Brown (14)**, Rich Ewy (12) and Roger Suttner move into rebound position for a shot by Gary Marriott in

the K-State-Colorado game in Manhattan. Marriott, a junior standout, scored 14 points. Mike Wroblewski scored 20.

The stage was set, then, for the biggest game of the year. The Kansas State-Colorado tilt at Manhattan would decide if CU remained alone on top of the Big Eight standings, or if Kansas State would tie the Buffs. A CU win would have given them un-

disputed possession of first place. Taking command from the start of the game, the Wildcats never relinquished the lead as they rolled to a 60-48 victory. With only two games remaining on their schedules, K-State and Colorado were tied for the league lead.

After suffering nineteen consecutive defeats at the hands of the Wildcats, Henry Iba's Oklahoma State Cowboys defeated K-State, 78-68. Because of the Wildcat loss, Colorado was again at the top of the Big Eight conference title race where they remained.

In his last year at Kansas State, Mike Wroblewski was named second-team All American by the Helms Foundation.

**Basket-bound**, this Iowa State shot was knocked aside by Pat McKenzie and picked up by teammate Wroblewski.

## Big Eight Title Race Ends in Photo Finish

Before the title race was ended, however, CU had to play cellar-dwelling Kansas at Boulder and K-State had to meet Nebraska at Lincoln. Nebraska, facing the Cats fresh from their defeat in Stillwater, were unable to keep up the pace as K-State soundly won their last conference game, 84-60.

Although the Wildcats had played their final conference game, K-State was not completely out of the Big Eight title picture, for Kansas University had yet to play Colorado at Boulder. A Jayhawk win would have meant a tie for the Big Eight championship between K-State and Colorado. Wildcat fans, switching loyalties for this one game, pulled for KU to upset the Buffaloes. "Every man a Jayhawk" rang in the ears of the K-State fans. Kansas led into the final four minutes of the game, but lost a 10 point lead and the game to the Buffs. With KU's defeat, Colorado had won the Big Eight conference title after K-State's domination for four consecutive years.

## Freshmen Win Two, Lose Two in Season

Limited to only four intercollegiate games, the freshmen basketball team broke even with a two win, two loss record. Both wins were recorded over Nebraska, while the losses were to Kansas.

The greatest win of the season was the opening game when the Wildcats downed NU, 65-46, in Manhattan. Playing their second game in Manhattan, the freshmen dropped the first KU game, 60-49. In the rematch at Lawrence, the Jayhawks again were victorious, 61-52. The final win of the season came over the Cornhuskers in Lincoln, 70-69.

Former K-State all-American Ernie Barrett coached the freshmen in their intercollegiate games after Howie Shannon, also an all-American at K-State, directed them in the annual freshmen-varsity game. The varsity won the annual game, 78-40.

Elusive ball handling skills by freshman Wildcat Bill Strait (42) keeps the KU defenders off guard at Manhattan.

# Wrestling Injuries

## Mar Overall Record

Plagued by injuries and lack of experience and manpower at many weights, the K-State 1962 wrestling squad posted their most disappointing season in a decade with a 4-9 record in dual competition. After opening the season with losses to the University of Nebraska and South Dakota State, the Wildcat squad chalked up its first win at the expense of Mankato State. The team began a road trip with a loss to the University of Illinois, but posted their second win of the season over Northwest Missouri State. A loss to Minnesota University ended the trip.

**Down to 167 pounds,** Jack Grove was beaten by Colorado's Leo Davis, 2-1, in the consolation tournament round.

**Undefeated** in regular season action, Joe Seay, 147-pound junior, was beaten in the third round of the NCAA tourney.

Returning home, the Wildcats were defeated by the University of Colorado, bringing their season mark to 2-4. This loss was followed by the Cats third win, a decisive shut-out over Fort Hays State. Their winning streak was extended to two with a victory over the University of Missouri following the Missouri-Kansas State basketball game in Ahearn Fieldhouse. Missouri was the last victim of the Wildcats, however, as they lost the last four matches of the season to the University of Nebraska, Iowa State University, the University of Oklahoma and Oklahoma State University, the team that went on to win the 1962 national championship.

# Wrestling Men Show Excellent Prospects

In spite of the team's overall season record, the young wrestling team showed some excellent prospects for next year as none of the starting team will graduate. Joe Seay, 147-pound junior, went through the entire regular season without a defeat before he was injured in the final match at Iowa State. Posting the second best win-loss record in duel competition at 7-3-2 was Denton Smith, 191-pound junior. Identical win-loss records of 6-6-0 were sported by Arlen Keith, 130-pound junior, and Dave Unruh, 123-pound sophomore. Al Bird, 167-pound junior, held a 6-2-2 record before being injured.

John Fettes, 130-pound junior, Unruh, Smith and Seay participated in the NCAA tournament at Stillwater. None placed in national competition.

**Efforts of Nebraska's Jim Faimon** were futile as K-Stater Arlen Keith defeated him, 7-5, in the 137-pound category.

**Dave Unruh**, 123-pound sophomore, defeated Tom Hetchel of M. U., 5-0. Unruh took third in the Big Eight.

**Before suffering** a rib injury against OSU, Alvin Bird, 167-pound sophomore, often displayed his winning form.

## Gymnasts Win Five Matches, Lose Two

In what was supposed to have been a rebuilding year, the 1962 Gymnastics team posted a record of five wins and two losses, keeping alive the record of 11 consecutive winning seasons since 1952.

Six returning lettermen, David Cudney, Clayton De Pue, Don Krasko, Richard Page, Eldon Pickinpaugh and David Spence, formed the nucleus of the team. The gymnasts, beaten by NU and CU, scored double wins over OSU and KU and a single win over Fort Hays. At the Oklahoma Open Meet, the Cats placed second to the Kansas City Gymnastics club. In April the gymnasts will defend their Southwest AAU title. Charles Howard was high point man.

## Cross Country Team Retains League Spot

The K-State 1961 Cross Country squad scored a decisive win over Iowa State and Mankato State in a triangular meet at Ames for their lone win of the season. Pat McNeal came home first a full 28 seconds ahead of the nearest competitor. Earlier, the team finished third in a triangular with CU and NU.

In the only other two meets of the regularly scheduled season, K-State lost a dual to Missouri at Columbia, and ran second to Wichita in a triangular with Wichita and Drake at Des Moines.

Following regular season action, the Wildcat squad repeated last year's fifth-place performance at

the Big Eight conference meet. Five lettermen, Jerry Schletzbaum, Bob Jadow and Gene Mater, all seniors, and Ed Mahoney and McNeal, both juniors, led the team. With a sixth-place finish in the league meet, McNeal promises to pace next year's squad.

## Hooker, Walker, Stout Pace Indoor Track

The 1962 Indoor Track team added assistant coach DeLoss Dodds to the roster as coach Ward Haylett toured New Zealand with four U. S. athletes. The NU triangular opened the season. David Walker, first in the pole vault, Ron Stout, second in shotput, and Pat McNeal, second in the 2-mile run, gathered points for the Cats. Of the seventeen teams

entering the Michigan State Relays, K-State was ninth with 16 points. Jerry Hooker, high hurdles, Dale Alexander, 60 and 440-yard dashes, and Stout, shotput, took first place medals at the KU triangular. Stout broke a meet record in the shotput with a 53'8½" toss. First at Drake were Hooker, hurdles, McNeal, 2-mile run, and Walker, pole vault.

**Sophomore Ray Daniels** works for first place in the low hurdle event in the 1962 K-State Invitational Relays. Two

American records and eleven meet records were broken, and one meet record was tied during the all-day affair.

**Champion hurdler** Rex Stucker, double winner of K-State's athletic award, is advised by Coach Ward Haylett.

## Stucker Paces Cats With Track Victories

A thin, unbalanced track squad, strongest in the hurdles and distance events, weakest in field events, earned an even record of one win and one loss in dual competition and fifth place in the Big Eight meet. The win came over Iowa State, as Missouri downed the Cats by a slight margin for the loss.

### Haylett Sports Impressive Record

It was Coach Ward Haylett's 44th year of coaching track, and his 33rd at the helm of the Wildcat squad. He began coaching K-State track squads in 1928 when he was appointed the first full-time track mentor. The Wildcat coach has earned many laurels during his long career. He was assistant coach of the U. S. Olympic team in 1948, has been a member of the U. S. Olympic Track and Field committee three times, has made numerous trips abroad with troupes of U. S. track stars, and in 1957 was named to the Helms Hall of Fame for his many outstanding contributions to track.

In 1937 Haylett coached the U. S. team in the Pan-American Games. The next year he took a U. S. team on a ten-country European tour, and in 1948 he was Olympic coach of broadjumpers, shot putters, and the decathlon at London. In 1951 the energetic Wildcat coach directed a good will track tour of Japan with a squad of 15 U. S. stars. In 1957 he made two junkets to Europe with troupes of United States track men.

Haylett's latest duty with United States Olympic affairs was as a member of the United States Olympic Track and Field committee for the 1960 Olympic games in Rome.

### Proteges Star in Track and Field

The K-State mentor has developed All-American performers in almost every event. Among them are Thane Baker, sprinter; Elmer Hackney, shot putter; Rollin Prather, weight man; Herb Hoskings, broad jumper; Virgil Severns, high jumper; and Harry Hinckley, world record hurdler in 1932. Haylett's

latest protege was Rex Stucker, who paced the Wildcats in two dual meets, seven relay meets, the Big Eight conference meet, the Meet of Champions at Houston, and the NCAA meet at Philadelphia.

The Wildcats started the 1961 outdoor season on a slow key at the Oklahoma State Preview Relays in March. Only the distance medley relay team placed as the squad came in second to the Jayhawks from the University of Kansas.

### Stucker, Relay Team Break Arkansas Marks

The thinclads made a better showing at the Arkansas Relays at Fayetteville. Stucker broke a record he had set in the preliminaries when he ran the 120-high hurdles in 14.0. Jerry Hooker placed third in the same race. The two-mile relay quartet, comprised of Bob Jadow, Pat McNeal, Larry Wagner, and Bob Groszek, set a new mark with a 7:41.3 time, breaking the old record by seven seconds, which previously had been held jointly by the University of Kansas and the University of Oklahoma since 1955.

The Texas Relays were next, with Stucker again gathering points as he brought home a gold medal in the 120-high hurdles. Also placing at Austin was the two-mile relay team which ran fourth in the annual University of Texas classic.

**Two-mile relay** team of Bob Jadlow, Pat McNeal, Larry Wagner and Bob Groszek set a new Arkansas record.

## Hurdlers And Relays Post Thinclad Wins

Led by Stucker running the hurdle events and the relay teams, the Wildcat thinclads entered the Southwest Louisiana Relays at Lafayette in April. The Cats went wild as they gleaned two firsts, and several more placings. Stucker again brought home a gold medal in the 120-high hurdles with Hooker close behind him for second place. The two-mile relay squad brought in the other first place points. Also placing were Ron Stout, second in shot put; distance medley relay, second; half-mile relay, third; and Dave Chelesnik, fourth in the discus.

The fifth relay meet entered by the Wildcat squad was the Kansas Relays in Lawrence. Stucker was again the "big boy" for K-State as he garnered another first in the 120-high hurdles and second in the 400-meter intermediate hurdles. In spite of the fact that the Wildcat two-mile relay quartet broke a school record set in 1930, they were able to finish only third behind Drake and Kansas. Duane Holman took second in the 3,000-meter steeplechase.

### Stucker Edged at Drake Relays

The Drake Relays proved to be the downfall of the habitual first place man Stucker as he was edged for the first time of the year in the 120-high hurdles. He placed third behind Texas Christian University's Bobby Bernard and Minnesota University's Dave Odegard. The two-mile relay squad, State's only other entry, placed fifth.

Also placing were Stout, second in shot put; Hooker, second in 120-high hurdles; 440-yard relay team, second; Bob Baker, fourth in 100-yard dash; two-mile relay team, fourth; and mile relay team, fourth.

**Split Two Dual Meets**

After the Colorado Relays came the first dual meet of the season for the Wildcats as they easily downgraded Iowa State, 93-43. The Cyclones were easy prey as K-State captured 12 first places, and set 3 new meet records. In the second and final dual meet of the season, however, the Staters were not so fortunate as they were edged by Missouri, 69-62.

K-State participated in three post-season meets—the Big Eight conference, the Meet of Champions, and the NCAA. Stucker brought home two gold medals in the Big Eight meet to lead the Cats to

**Stucker Places At Houston Relays**

In the Meet of Champions held at Houston, Texas, Stucker placed third in both the 440-yard hurdles and the 120-yard hurdles, and Hooker came in fourth in the 120-yard event.

Both Stucker and Hooker represented K-State at the NCAA meet in Philadelphia and participated in the 120-high hurdles and the 440-yard hurdles.

## Cats Improve Record In Big Eight Baseball

Finishing the season's play with the best win-loss record and conference standing since 1948, the 1961 K-State baseball team placed fourth in the Big Eight Conference. The much improved Wildcat team, ending with a 10-10 record in conference play, was aided by a new baseball diamond west of the campus.

### Arkansas State Grabs Season Opener

The season's opener was a non-conference double tilt against Arkansas State as the Wildcats began their six game southern tour. Lynn Nash pitched a shutout for Arkansas State until the ninth inning as the Indians won the opener, 8-1. A wild throw to first base by Wildcat catcher Dean Pease allowed the winning run to score as Arkansas squeezed by in the second game, 3-2. The games scheduled against Memphis State and Murray State were cancelled.

### Wildcats Win on New Field

First to play on the new field was Iowa State as a tough Big Eight schedule began for the Wildcats. K-State southpaw Wayne Thummel hurled a shut-out in the first game, 11-0, as Cat batters erupted

for 6 runs in the third inning. Trailing 6-4 going into the bottom of the seventh inning, the Wildcats came from behind to gain a second win over Iowa State, 7-6. With the bases loaded and two out, the Cyclones committed an error and the winning run crossed the plate when Wildcat Harold Haun stole home.

The Oklahoma State Cowboys, the team that went on to win the Big Eight title, second place in the NCAA tournament, and ranked fourth in national polls, took a three game series from the Wildcats by scores of 8-2, 5-1, and 10-0 at Stillwater. The Cats were then 2-3 in conference play and 2-5 overall.

### Cats Drop Pair to Buffs

The Wildcats took the first game of a three game series against Colorado, 10-8, in their second home stand, but the Buffaloes rebounded and won the two remaining games, 2-0 and 9-8, winning the series. Cat pitcher Thummel gained his second victory hurling six of seven innings, with Rich Heiman and Brad Steele relieving him in the last frame to choke off a delayed Colorado rally. K-State collected six runs in the fifth inning, highlighted by a three run homer by outfielder John Solmos. Buff pitcher Jim Westervelt struck out eight batters and walked three in shutting out the Cats in the second tilt.

Trailing 9-5 going into the bottom of the ninth, K-State's Ken Jones doubled and Tom Dunn walked to set the stage for Solmos' second home run of the series. Colorado's ace lefthander Westervelt stopped the Cats, providing Colorado with a 9-8 win.

**Taking a low pitch** batting against Iowa State, third baseman Richard Taylor waits for the umpire's final decision.

K-State's Wildcats gained one victory in a three-game series against the tenth ranked Missouri Tigers at Columbia. Wayne Thummel, pitching the first game of the opening double header, limited the Tigers to two doubles in recording his third conference win of the season. Wildcat batters broke the 1-1 deadlock with a 3-run surge in the top of the final inning to down the Tigers, 4-1. A pitcher's duel came in the second game with the Tigers coming out on top, 2-1. Missouri outslugged the Wildcats in the final tilt, 16-8, as Wildcats Brad Steele and Jim Krob gave up 17 hits to the winning Missouri Tigers.

## Conference Switch With Oklahoma

Oklahoma advanced to fourth place as the Sooners knocked the Wildcats down a notch in the conference lineup by defeating K-State in two of three games.

**Bat boys**, as well as squad members, listen as Coach Wauthier points out KU's pitching strength and fielding

**Wildcat baseballers** hosted three home series games against Colorado, Oklahoma, and Kansas at the new varsity

ball park. The new diamond, located west of the campus, features a grass infield and provides adequate bleachers.

The Sooners took both games of the double header, 2-1 and 5-2, but the Wildcats rallied for the final game as their lone win came when Steele shut out Oklahoma, 1-0, in ten innings.

#### **Cats Sweep Jayhawk Series**

K-State moved back into the first division of the conference standings with a three-game win over the Kansas Jayhawks. The Cats took their final home series by scores of 8-7, 7-2, and 17-13. John Solmos highlighted K-State's triple victory hitting three home runs to up his total to five for the season.

Errors proved to be too costly for Kansas in the first two games, and the Wildcats scored in all but one inning of the final game to close the series.

Nebraska and K-State traded shutouts in the final series for both teams. Third baseman Tom Dunn led the Cats to a 4-0 win with a home run in the seventh inning. Nebraska's Ron Havekost fired a two-hitter to blank K-State 10-0 in the second game and Nebraska errors gave the Cats the final game, 4-2.

## Golfers Lift Standing With 7 League Wins

After serving eleven years as K-State golf mentor, Mickey Evans retired at the close of the 1961 season posting seven wins against seven losses. Playing at a .500 clip and gaining skill with each match, a young golf team pulled their conference rating up from last place of last year into seventh place as the linksters played their best season since 1958.

Jim Colbert, rated eleventh in the conference, led his teammates with a 6-2-1 record. Gary Kershner followed with a 5-4 season. Dave Nelson compiled a 4-4-1 score while Wayne Denton ended the year with 3-0. Finishing with 3-4-1 was Bill Bouchey,

and Mike Herbel was 1-4-1 for the year.

Starting the season with a double duel meet at the Manhattan Country Club, K-State's home course, the Cats gained a double win over Nebraska and Wichita. The golfers split the Missouri match, defeated Washburn twice, scored again over Nebraska and beat Omaha to round out the seven victories.

# Record Improves As Netmen Tally 8 Wins

The 1961 season marked improvements in the tennis team's record as the Wildcats posted the best score in competition since 1958. Under Coach Karl Finney, five lettermen comprised the team which achieved a record of eight wins and six losses.

Returning letterman John Bird, playing in the team's number one position, brought in a 4-6 record. Bob Dittoe, leading the Wildcats with the top number of victories, compiled a record of eight wins and two losses. Posting a 5-6 record was Lee Atkins while Steve Poort broke even with a 5-5 mark. Pat Finney, the only sophomore on the squad, finished the season with a 3-5 record. Bird and Finney teamed up in doubles matches posting a 3-5 total. Atkins and Dittoe claimed a doubles record of 4-3.

The Wildcats scored wins over Missouri, Nebraska and Iowa State in Big Eight competition, as well as a win over Iowa University. A triple win started their successful season as the Cats defeated Southwestern, Washburn and Iowa State.

Van Zile Hall intramural teams triumphed to win the 1961 women's program trophy for the second consecutive year by accumulating the most points in the eight sport divisions. Participating in the five team sports and three individual sports offered by the Women's Athletic Association, K-State coeds matched skills in round-robin elimination matches. The Off-Campus Women matched their volleyball skills to defeat Putnam Hall, 11 to 6. Putnam Hall, opposing the freshman women of Van Zile Hall, won the softball competitions in the spring. The tennis matches were not completed because of inclement weather. The three-member team from Alpha Delta Pi captured the bowling title after winning a six-game tournament. The indoor swimming meet was won by a Pi Beta Phi trio.

Women's intramurals are participated in by sororities, off-campus women and dormitories. In order to play on a team, a woman must attend two practices which are scheduled through the director of women's intramurals, Willa Mason. Student officials, timekeepers and scorekeepers direct the games.

Edging out all opponents in the horseshoe doubles were Eugene Johnson and Larry Nelson, Beta Sigma Psi. The Jr. AVMA duo Robert Baugh and Bruce McLaury won the independent meet. In the singles class, Larry Haesemeyer, independent entry defeated Jim Krob, Smith Scholarship. Larry Nelson, Beta Sig, topped Bob Downs, Sigma Phi Epsilon.

Tied for first in tennis competition were Beta Sigs Lloyd DeWerff and Dick Eberhardt with SAE's Pat Milliken and Jim Butts. Arlyn Bieber and Vincent Driski of ASCE won the tennis independent doubles. A tie in tennis matched David Duncan, Delta Upsilon, with Doug Dusenbury, a Beta.

Jr. AVMA took first place in the independent horseshoe doubles represented by Bruce McLaury and Robert Baugh.

During badminton's ninth year of inclusion in the intramurals program, Dan Kershaw and Karl Lindenmuth, representing Jardine II, topped all opposing teams to win the independent doubles championship. Smith and Whittier, SAE's doubles winners, competed in the badminton singles, Smith winning over Whittier. Ray Eaton, representing AIA, won his third badminton singles title.

Eaton of AIA also marked a four-year record as table tennis singles championship. In the fraternity division, Larry Rash of Sigma Chi was the winner. In the fraternity table tennis doubles competition, Rash and C. J. Austermiller of Sigma Chi won the division honors. Vincent Driski and Cheng Wang of ASCE edged opponents to win the independent title.

## Acacia, AIA Capture Basketball Divisions

Competing in the most popular intramural sport, the Acacia men defeated the Sigma Chi's 34 to 30, to win the basketball round-robin tournament. The AIA team captured the independent title by defeating the House of Williams, 41 to 37. On the volleyball court, the Beta Theta Pi team won over the Sigma Alpha Epsilon's and the Jr. AVMA squad returned an independent division victory by defeating Straube Scholarship House players.

Phil Litwak, representing Kasbah, defended his handball singles title for a fourth consecutive victory. Litwak and John Cerny, Kasbah, joined forces on the courts to win the independent handball doubles.

Fraternity medalist in the golf competition last fall was Larry Lewman of SAE with a 67. Roger Beatling, Lutheran Students Association, was independent medalist with a 70-stroke game. Team championships were won by Sigma Alpha Epsilon, under-stroking their opponents, Beta Theta Pi. The Shoshoni team won the independent golf championship.

# Students Hit Record As Enrollment Ends

An increase of 312 students for the fall semester brought about a total enrollment of 7,850 students, cramped classrooms and crowded dormitories. Men traditionally outnumbered the women, 2.2 to 1, with a total of 5,531 men and 2,319 women, the third year of attendance breaking enrollment records.

Women students held their own with a 12 per cent increase. Women swelled the School of Home Economics enrollment by 22 per cent, making a total of 681 students. The Graduate School and the School of Arts and Sciences followed with an enrollment boost of 10 per cent each, admitting 861 and 3,476 students respectively. The School of Agriculture enrollment remained constant at 710, while the School of Veterinary Medicine and School of Engineering dropped to 253 and 1,661 respectively.

**Working out** a suitable class schedule takes concentrated work from both the advisor and the student involved.

**Long lines** are a familiar sight at enrollment as students wait to begin the maze of enrollment procedures. Within

a three day period a record number of students juggled classes and line numbers to form closely fitting schedules.

New talent makes its collegiate debut as twelve student performances comprise the annual freshman talent review.

## New Students Learn About University Life

Orientation to university life engulfed 2,420 freshmen and transfer students. Gathering in Memorial Stadium, the new students and their parents were welcomed by President James A. McCain. The President's reception followed in the Union.

Orientation Week, September 10-13, started slowly as heavy rain forced the new students into Nichols gymnasium on Monday for instructions. Lectures, discussion groups, and tours of the campus occupied most of the students' time during the day.

Amidst physicals, aptitude tests, and last minute registration conferences with their advisors, new K-Staters ventured into the Union to further investigate university life. Wednesday was highlighted with the annual Collegiate 4-H Mixer held on the tennis courts. Freshmen and transfer students were given opportunity to display their talents at the annual Freshman Talent Show. Twelve variety acts were chosen from the 26 that auditioned for the talent display. A watermelon feed and the Wildcat Kick-Off Dance completed the activities.

By the end of the week, new students were settled in their living quarters, had made a mental note to get flu shots, and apply for campus committees.

Parents and students find the President's reception an opportune time for renewing or making acquaintances.

**Speaking before** new students and their parents, President McCain elaborates on the University and its accom-

plishments. Other members of the administration are introduced at Sunday afternoon convocation ceremonies.

**Exhibits showing** the activities and structure of campus organizations and honoraries attract the eye of new stu-

dents at the annual Activities Carnival. Brochures and pamphlets about the clubs are distributed to the crowd.

In his Philadelphia living room, Gary Haynes begins the task of selecting his choice for the Royal Purple Queen.

## News Photographer Names Royal Court

Gary Haynes was the first K-State graduate to be asked to select the Royal Purple Queen. Haynes, a '58 graduate, now manager of the Philadelphia News Picture Bureau of United Press International, chose Janet Lane queen of the 1962 Royal Purple. Queen Janet was crowned with a rhinestone tiara and presented a bouquet of lavender and white mums. Her four attendants received identical mum bouquets.

"Wonderland by Night" was the theme of the Royal Purple Dance at which more than 550 couples danced to the music of the Pied Pipers. Highlighting the entertainment, the nationally-known Four Preps sang at a pre-dance concert and during dance intermission after the queen was crowned.

## Y-Orpheum Winners Recaptivate the Past

From witch trials to Robin Hood's men comprised scripts for the 1961 Y-Orpheum productions, based on the theme, "The Past in the Present."

The satirical antics of Noah Jones, together with touches of snappy music and dancing, blended harmoniously to win first place for Delta Delta Delta and Sigma Chi. "The Wheel House", presented by Pi Beta Phi and Sigma Alpha Epsilon, brought labor problems of primitive men into focus as they captured second place. Chi Omega and Pi Kappa Alpha won third place with a backward glance to the year of 1692 and the notorious Salem witch trials.

Combined entries also included skits presented by Kappa Kappa Gamma-Delta Tau Delta, Kappa Delta-Farm House, and Alpha Chi Omega-Acacia.

At the close of the witch trial, the judges pass verdict in the Chi Omega-Pi Kappa Alpha skit, "A Witch in Time."

## Sounds Reverberate At Football Stadium

The crack of applause as the Wildcats ran on the field, the roar of the cannon from the hill, the shouts of the crowd in despair, all these were the afternoon sounds at the football games.

During the 1961 football season the team played its hardest and the cheerleaders yelled until they couldn't. The men's band strutted across the field, proudly displaying its talent and new uniforms. The flash card section, reputed as being the best in the Big Eight, created pictures ranging from Wildcats to a Welcome Alum sign. Touchdown VII, the Wildcat mascot, discontentedly paced his cage.

Halftime entertainment varied from honoring a queen and parents, to the performance of 63 bands. Judy Whitesell was elected by the student body to reign over the Homecoming festivities. Presented before the Homecoming game crowd, she was saluted by the band with her favorite song, "Exodus."

Band Day involved 3,900 uniformed students from Kansas high schools as 63 bands filled the football field. Forming a 1961 with an outline of Kansas, the bands joined forces to play three songs.

Honor parents for 1961 were Mr. and Mrs. Gilbert J. Wagner, Kansas City, Mo. A 1938 graduate, Mr. Wagner and his wife represented all parents as they received special tribute on Parent's Day.

## Songs Depict Victory Over Colorado Buffs

"Songs of the Century" were used to portray a Wildcat victory over the Colorado Buffaloes in the 32 house decorations for Homecoming. First place in the sorority division was won by Gamma Phi Beta with "Among My Souvenirs." Alpha Xi Delta buried a buffalo to earn the second place trophy.

In the fraternity section "That Old Cat Magic," created by Sigma Phi Epsilon, won first place, while a railroad train brought the second place award to Delta Upsilon. Delta Tau Delta used a matador theme for their third place display.

Smith Scholarship House took the only prize in the men's independent division for "Ol' Rockin' Chair's Got Me." In the women's independent division, Waltheim Hall won with "Does the Buffalo Lose Its Fervor on the Goal Post Overnight?"

## Theatergoers Flock To Play Productions

Productions ranging from a Greek classic to an oriental comedy drew a multitude of students, faculty and campus visitors to the KSU stage audience. Major plays were produced by the K-State Players and

laboratory one-act plays were directed by students.

An oriental atmosphere transplanted 3,000 viewers to the setting of "Teahouse of the August Moon." Directed by Dennis Denning, the comedy centered around the attempts of the U.S. Occupational Forces to Americanize an Okinawan village. A conflict arose when the villagers clamored for a teahouse instead of a pentagon-shaped school house. Capt. Fisby, portrayed by Stewart McDermet, and Col. Purdy, played by Charles Peak, watched the stage reconstruction

of the teahouse following its destruction by order of Col. Purdy. Lotus Blossom, the geisha girl, was portrayed by Marby Connet; Sakini, a philosophical Okinawan narrator, was played by Jerry Holloway.

### **"Allegro" Has Cast of 100**

"Allegro," a musical by Rodgers and Hammerstein, was produced by a cast of more than 100 students and three directors. A 21-member chorus provided background music, moved scenery and posed as backdrops. Relating the story of a young physician struggling to follow in his father's footsteps, the musical starred Bob Thomas as Dr. Joseph Taylor. The plot illustrated the conflict of the ambitions of his social climbing wife, portrayed by Janet Coleman, and his own desire to be only a small town doctor.

### **One-Acts Give Directing Experience**

Drama production students gained directing and producing experience with the presentation of one-act plays. "Glory in the Flower" was directed by Tomi Worthman; "The Lesson" was directed by Jerry Holloway. Charles Peak was director of "Five Days." The three one-acts were cast with K-State students.

A **teahouse** provides a colorful setting for village gaiety during a scene from "Teahouse of the August Moon."

**Parents debate** on marriage possibilities of Doctor Joseph Taylor and his future wife in the musical play, "Allegro."

Thirty pairs of getas, authentic silk kimonos, peasant costumes and army uniforms were used in the production.

### Players Stage Greek Classic

"Antigone," a 5th Century Greek drama written by Sophocles, was staged in Danforth Memorial Chapel. A popular play of the Greek Classical Theater, "Antigone" was directed by Austin Perego. The plot developed around events that befell the house of King Oedipus. Conflict arose when Antigone, portrayed by Joan Priefert, buried her brother who had been killed during the war against the State, despite the orders from King Creon that her brother be left unburied. The King, played by Sidney Cherpital, ordered the death of Antigone. The consequence of this act was the death of the King's wife and son, leaving him to contemplate his inescapable tragic fate brought on by his unjust rule.

Children's theater work premiered on campus with nine performances of "Hansel and Gretel." Two 11-member casts were composed of University and Manhattan Junior High School students. Presenting the play to the Manhattan elementary schools during Children's Theater Week, the two casts presented alternate performances.

**Cast members prepare** to sing the theme song, "Allegro," a tune which compares society to a merry-go-round that

will let no one off. The third all-University musical on campus, it required more than 25 days of rehearsal.

**King Creon** delivers his decision that Antigone must die during a tense scene from "Antigone" in Danforth Chapel.

The production shifted the action from the stage by using two voices behind the audience to speak chorus lines.

**Cackling in triumph**, the witch finds children outside her gingerbread house in the play "Hansel and Gretel."

**Two different witches** rant in the "Hansel and Gretel" production as two complete casts alternate performances.

# Diplomas Mark End Of Collegiate Career

World problems stepped aside for a moment while a new world marched in, that of a college graduate. Hours spent studying, cramming for tests, doing research, and "unionizing" were forgotten as a total of 1620 students received their diplomas.

The winter and summer graduates numbered 399 and 297 respectively. Because the spring graduation was the only formal commencement, the January and August graduates were invited to participate in the exercises and their diplomas were mailed to them.

## Garb Denotes Recognition

At the formal spring commencement exercise families and friends, reflecting with pride this moment of achievement, watched 924 receive their diplomas in Mike Ahern Field House. Three students, Judith C. Vogt, School of Arts and Sciences; Kenneth H. Carpenter, School of Engineering and Architecture; and Virginia L. Railsback, School of Home Economics, displayed purple and white four-

mencement exercises. This is the ninety-eighth class to close their Kansas State careers and don the name of alumni.

rageres on their left shoulders denoting "Summa Cum Laude" honors for grade averages of 3.95 or more with no grades below a "B". Dr. Russell I. Thackrey, Executive Secretary of the American Association of Land Grant Colleges and State Universities, delivered the commencement address.

#### **Graduates Receive Diplomas, Capes**

For the second year the deans of the schools conferred the diplomas, making a total of 38,000 diplomas awarded since 1863. The School of Agriculture awarded 145 bachelor degrees, the School of Arts and Sciences issued 657, the School of Engineering and Architecture, 360, and the School of Home Economics, 118.

The School of Veterinary Medicine conferred 65 Doctor of Veterinary Medicine degrees, the Graduate School, 275. Advanced students received 219 degrees for Masters of Science and 24 for Masters of Arts. Doctorate capes were awarded to 32 Ph.D's.

**Winding** their way across campus, graduates bring their college life to a close and look ahead to new experiences.

A frequent performer in European concert halls, Maureen Forrester rehearses for her first Artist Series appearance.

## Artist Series Opens With Branko Chorus

Bringing a varied and cultural music program to the University campus, the 1961-62 Manhattan Artist Series opened its season with the Branko Kramanovich Chorus from Yugoslavia. The chorus members, 40 men and 40 women, were all students of the Belgrade University. Dressed in their native Yugoslavian costumes, the group sang in different languages as they presented selections from baroque, classic, romantic and contemporary styles for audience approval and enjoyment.

Maureen Forrester, Canadian contralto, was billed on the second Artist Series program. Since her debut in New York in 1956, Miss Forrester has appeared with every major orchestra in the United States. Displaying a versatility in language, she sang parts of her program in seven different languages. During her performance, Miss Forrester donned the role of a story-teller to interpret art and folk songs.

A former member of the NBC Symphony Orchestra, Rose has also appeared with the Cleveland Orchestra as first cellist, and with the New York Philharmonic. Despite his busy schedule, Rose remained on the University campus after his Artist Series appearance to conduct clinics for cellists ranging in age from junior high school to college.

An outstanding operetta, sung by the Boston Lyric Theatre, pleased the near-capacity audience.

### **Dallas Symphony Blends Effects**

Blending instrumental effects, the Dallas Symphony Orchestra, under the direction of Laszlo Somogyi, presented the final program of the Artist Series season. In its 62nd year of performances, the orchestra, touring the midwest, employed a background of chimes and the echo of French horns to suggest the underlying theme of heroism and power depicted in the Suite from the opera, "Hary Janos."

## International Quartets Give String Concerts

String orchestras from Italy, the Netherlands and Kansas State demonstrated their musical talents to University students throughout the year. The Netherlands String Quartet performed on campus in November. The famous string ensemble has made

concert tours in Europe, North and South America.

The Quintetto Boccherini, an Italian string orchestra, presented a polished performance in January. The Quintetto orchestra featured the quintetto of Luigi Boccherini, who was known as the "Italian Mozart," in its musical program.

The I Musici string orchestra, a 12-member ensemble from Italy, featured the works of Handel, Mozart and Bartok. Playing before a capacity crowd, the group performed without a conductor. The Resident String Quartet, composed of K-State faculty members, was another highlight of the music series.

Well-known at the University for their musical talents with a variety of string instruments, the Resident String

Quartet plays selections from the various string composers in a spring concert at the Danforth Chapel auditorium.

## Engineers' Exposition Links Advancements

Offering a look into the latest accomplishments of science and engineering, the 38th annual Engineers' Open House drew more than 7,500 visitors to view the link between the advancements of today with their effects on the progress of tomorrow. Brig. Gen. Roger Crow, a KSU engineering graduate, discussed intercontinental ballistic missiles at the public assembly. A torch relay opened the exposition.

Robbie the Robot, a feature of Open House day, wandered up and down the Seaton halls, talking and shaking hands with people — fascinating adults as well as children. Each of the 10 departments set up displays showing some of the professional training offered at the University. One display by the civil engineers showed methods of surveying and mapping land. A nuclear engineering exhibit featured structures of simple atoms and methods of fission.

## Veterinary Students Offer Varied Exhibits

A top attraction at the fifth annual Veterinary Medicine Open House was the exhibit showing the effects of injecting hormones into a chicken and a rooster which caused the rooster to cackle like a hen and the hen to crow like a rooster. To better acquaint prospective students with the career opportunities available in veterinary medicine, all departments of the school prepared exhibits.

Officially opened by United States Senator Frank Carlson, the Veterinary Medicine Open House drew crowds of more than 6,000 visitors. Displays included a heart regulator, the pacemaker, which times the speed and forces contraction of the heart, an X-ray of a living heart under both normal and altered conditions and explanations of rabies and distemper and how these two diseases affect people.

Abnormal fetal positions in cattle which may cause problems at calving are explained to visitors by a veterinary

medicine student. Skeletons such as this one are often used for classroom study to understand the animal structure.

**Modeling creations** of their own design, K-State coeds show their clothing construction projects at the Hospitality

Day style review. The show is designed to acquaint the high school visitors with some present campus fashions.

## Home Ec Illustrates Career Opportunities

"Our Wizard of Ah's—Home Ec" provided a basic theme for the School of Home Economics 1961 Hospitality Day which was attended by about 1,500 high school girls, 4-H members and teachers. The annual Open House featured exhibits in year-old Justin Hall depicting the career opportunities available in the 11 major fields of home economics. The displays showed the various courses offered in each department, the textbooks and materials used, the professional activities of the home economics clubs and honoraries, and the laboratories and research facilities that are available at Kansas State. Mary Jo Mauler was the Hospitality Day chairman.

Following morning registration and exhibit tours, a luncheon was served by students from the dietetics and institutional management classes. A skit explaining the different phases of dormitory life, a 30-minute fashion review, and afternoon teas and tours at the freshman halls climaxed the events.

## 125 Vie for Honors In Royal Competition

A throng of 3,500 viewed the Little American Royal show last spring. The 33rd annual event, sponsored by the Block and Bridle Club and the Dairy Club, provided competitive experience in livestock exhibitions for 125 students.

Grand Champion ribbons were copped by Stanley Stout, showing a quarter horse in the Block and Bridle division, and Vernon Banzet, showing an Ayrshire heifer in the Dairy division. Reserve Champion winners were Dell Allen, with a short-horn heifer, and Sharon Schmidt, with an Ayrshire heifer. Other winners and their divisions were Bob Rhodes, Holstein; Steve Robb, Jersey; Charles Rayl, swine; Lowell Slyter, sheep; and John Stuckey, Guernsey.

Preparation of the livestock began six weeks in advance of the event. Students designated their preference as to the class and division of animals. Contestants drew for animals and then worked on fitting and breaking them to lead. Showmanship awards were dependent on the animal's training as well as on the student's performance.

# Ag Science Features Educational Displays

The exhibit "Feast and Famine," prepared by the Klod and Kernal Club, demonstrating the effects of fertilizers on wheat, soil types, and the development of hybrid corn, won first place at the 1961 Ag Science Day. The club received a monetary prize and plaque from the sponsors of Ag Science Day, Alpha Mu, a scholastic milling honorary. Second prize went to the Block and Bridle Club for the theme, "From the Indians to Science Methods." Agriculture Economics Club sponsored "From Agriculture to Agribusiness to ?" to win third prize.

Other exhibits were a full scale model of harvesting equipment, a model of a plastic bubble building, and a hyperbolic paraboloid. Eleven exhibits were viewed by students from all parts of the state.

**The Ocrim Roller-Mill**, donated to the milling department by an Italian manufacturer, is explained to Ag visitors.

the second consecutive year. The Kappas appear in white corduroy dresses and carry aqua bells with matching bows.

## Farm House, Kappas Place First in Sing

In their first appearance in Interfraternity Sing, the men of Farm House fraternity placed first in the fraternity division. Kappa Kappa Gamma won the sorority division for the second consecutive year. Beta Theta Pi and Delta Upsilon placed second and third respectively in the fraternity division. Gamma Phi Beta was second in the sorority division, and Pi Beta Phi won third place. This was the 28th year that K-State fraternities and sororities have entered Interfraternity Sing.

Farm House won the Sing with two fraternity songs, "Builder of Men" and "Fair Farm House." The women of Kappa Kappa Gamma sang "Give Your Heart to a Kappa Girl" and "Carol of the

Belle." The entrants were allowed to sing one fraternity song and another song of their own choosing. Galen Slifer was the songleader for Farm House fraternity and John Stewart led Beta Theta Pi. Sharon Schoolcraft directed the Kappa Kappa Gamma chorus and Linda Piercy was the Gamma Phi Beta songleader.

Co-chairmen for Interfraternity Sing were Jim Buchele and Joan McNeal. They announced third place and presented permanent trophies to the first and second place winners.

The 15 Greek organizations entering into competition were judged on the following items: stage appearance, showmanship, interpretation of the song, balance, tone quality and diction. Other sororities participating in the annual event were Alpha Chi Omega, Chi Omega and Delta Delta Delta. Additional fraternities that entered were Alpha Kappa Lambda, Delta Tau Delta, Kappa Sigma, Sigma Alpha Epsilon, Sigma Chi and Sigma Phi Epsilon.

the first place trophy in the fraternity division, Farm House participates in the annual all Greek Sing for the first time.

# New Judging System Selects Debbie Dick

A new system of selecting the finalists for the Ag Barnwarmer Queen was used last fall, incorporating the use of a judging panel of three faculty members and four students. The scoring of the candidates was on a 100 point basis, with 50 points awarded for beauty, 40 points for poise and personality and 10 points for knowledge of agriculture. The queen selection was made by student balloting.

Debbie Dick, representing Pi Beta Phi, reigned as the agriculture queen at the annual Barnwarmer Dance. Her attendants were Shari Ayres, Smurthwaite; Gloria Bartholomew, Delta Delta Delta; Sara Sue Bowles, Kappa Kappa Gamma; and Joyce Timmons, Putnam Hall.

The five finalists competed in the annual Chore Day. The first agricultural event presented the coeds with the problem of catching, throwing and tying a goat. Other events were the cow milking contest, the tractor driving contest in which the tractor had to be driven through an obstacle course, a pig driving contest and a chicken catching contest.

At the Barnwarmer Dance, Queen Debbie was destined for the auction block where she was auctioned off for a date with the highest bidder attending the dance. The cost of the date was \$47. Approximately 250 people attended the dance in Nichols Gymnasium. Over 400 bales of straw were used to decorate the gym. The queen's straw throne was 10 feet high and 25 feet wide.

## Greeks Clean Parks, Build Picnic Tables

Winning the first place trophy in the fraternity and sorority divisions for Greek Day last spring were Alpha Tau Omega and Delta Delta Delta, accumulating the most points during the annual clean-up, play-day. To help promote the Greek Day activities, fraternity and sorority members painted the pavilion at Sunset Park, built picnic tables at the City Park, picked up trash and cleaned the grounds around Memorial Park and the five Manhattan recreation areas.

After completion of the clean-up work project, fraternity and sorority members competed in the Greek "Olympics." The Greeks participated in 15 events which were separated into three divisions—fraternity, sorority and a combination of both.

Casual dress was worn throughout the day. A picnic was served to the workers at Warner Park in the evening as no dinners were served at the fraternity and sorority houses. To climax the event, co-sponsored by Panhellenic Council and Interfraternity Council, a Greek Day Dance and talent show was held on the University tennis courts.

# Karr of Farm House Wins FMOC Crown

Marion Karr, representing Farm House fraternity, was crowned "Favorite Man on Campus" at the annual FMOC dance in November. Crowned by Kathy Reeves, president of the Home Economics Council, he was presented a permanent trophy in recognition of the honor. Richard Ewy, Beta Theta Pi representative, was first runner-up and Phil Barger, representing Phi Delta Theta, was the second runner-up. All three men were elected by coeds in a general election prior to the dance. Sponsored annually by the School of Home Economics, dance proceeds go to scholarship funds.

Twenty-one candidates representing fraternities and organized living groups entered the contest. Eight finalists were selected on the basis of activities, personality and poise by two panels of judges. The other finalists and sponsoring houses were Dee Bircham, Acacia; Jack King, Tonkawa House of Goodnow Hall; Richard Gunn, Seneca House of Goodnow Hall; Tom Carrico, Kappa Sigma; Al Peithman, Sigma Alpha Epsilon.

The Home Economics Council this year limited campaign activities to short dinner speeches.

## Cheerleading Squad Spreads Enthusiasm

After a two year's absence, four men again participated in the cheerleading ranks. Working under the Union Games and Rallies Committee, the four men and four coeds led pep rallies and cheering sections. A wider variety of cheers and stunts held the audience's attention as the male cheerleaders combined the usual routines with gymnastic feats.

# Campus Inaugurates People-to-People Plan

The People-to-People campaign on the K-State campus was inaugurated in January. The program evolved from the idea of former president Dwight D. Eisenhower that understanding of world problems requires a people-to-people understanding.

In the elaboration of this theory, students initiated poster campaigns, which advertised forums, an international dance and fund raising projects. The organization introduced a Brother-Sister program and student ambassador trips to Europe. The trips were designed to create better world understanding.

# Judge Panel Selects Pledge Queen, King

Changing the voting procedure for Interfraternity Pledge Queen and King, a panel of five judges selected the royal couple from a group of eight finalists on the basis of personality, poise, appearance and activities. The five fraternity finalists and three sorority finalists were selected by popular vote after a week of student balloting.

Nanci Nelson, representing Chi Omega, and Ted Zielke, representing Acacia, reigned over the annual pledge dance. Thirty-two candidates from fraternity and sorority pledge classes vied for the royal titles. Featuring a jazz band from Pittsburg, the dance incorporated the theme, "Rendezvous with Rhythm." Profits from the dance went to the Second Century Fund drive and a freshman scholarship fund.

**Sam Forrer**, Integrity party candidate for Student Body president, emerged victorious in the all-University elec-

tions. Polling 1,192 votes, Forrer defeated Bob Ihde, University party, and Tom Holland, write-in candidate.

## Integrity Party Wins Government Positions

Sweeping all but four Student Governing Association positions, the Integrity Party won over the opposing University Party for the second year. Sam Forrer was elected Student Body President by defeating University Party candidate Bob Ihde and independent write-in candidate Tom Holland by a vote of 1,192 to 655 and 585. Twenty out of 23 Student Council seats were filled by Integrity Party members. Two Integrity and one University candidates were elected to the Board of Student Publications.

During ballot counting, the Veterinary Medicine Council became the fourth school council to ratify an SGA amendment which changed graduate school grade eligibility requirements for Council positions. The change enabled a write-in to be elected.

**Casting ballots** in the 1962 Student Government elections involved thirty-six per cent of the entire student body.

## 'Chief' Medlin Named Distinguished Advisor

C. J. (Chief) Medlin was named "1961 Distinguished Yearbook Advisor" at the Associated Collegiate Press national convention. Under his guidance, the Royal Purple has received all-American ratings given by the ACP for 26 years. Besides serv-

ing as advisor for the Royal Purple, he prepared the budget and supervised all business operations for the Collegian and student directory.

Roberta Price assumed her position as editor of the student directory last fall and spent three months securing the names, addresses and telephone numbers of students, living groups and organizations.

As secretary of the student publications office, Rae Ellen Smith supervised the Royal Purple office business staff and assisted the Collegian business manager by taking classified ads and billing advertisers.

**Compiler and editor** of the student directory, one of the University's handiest reference books, is Roberta Price.

**Supervising the RP office** staff and keeping records are jobs of Rae Ellen Smith, student publications secretary.

# Summer Publication Issues News Weekly

Keeping summer school students informed of campus events, the University daily Collegian was published on a weekly basis each Thursday during the summer months. Seven issues of the paper were published under the editorship of Roberta Price. Her assistant editors were May Rogers and Doris Geraghty. Business manager Sandra Sloan and her staff handled the advertising and Jerry Hiatt was the student photographer. May Rogers wrote a humorous column for each edition entitled, "Coffee Break." Completing the editorial staff, reporting II students covered campus "beats" and wrote feature articles.

The summer school student directory, listing the names, addresses and telephone numbers of more than 2300 students, was printed in the second and third issues. Feature articles and human interest sidelights of faculty members appeared in the summer paper. The final issue included a picture page of summer sports available in Manhattan plus names of the 433 summer candidates for degrees.

# Royal Purple Shows Tomorrow's Campus

Featuring the campus of tomorrow, the theme of the 1962 Royal Purple, Genia Mangelsdorf, editor, employed the newest in buildings, equipment and research projects on the K-State campus to carry out her theme in the 53rd annual edition of the Royal Purple. Selected by the Board of Student Publications, she began her duties last April and worked until the RP's were given out this spring. Her job included choosing the cover, laying out pages, selecting pictures and coordinating the editorial staff.

Under her direction, eight color pages were added to the feature section, making a total of 28 color pages. The personal background and individual research studies of deans and administrators were emphasized. The copy for organizations was written with a news angle and the Greek section was revised. Eight pages were added to the class section.

## Editorial Staff Prepares Copy

Assistant editors Frances Towner and Roberta Price were in charge of the yearbook copy, with the exception of the opening pages. The senior editor was Clare Cameron and the underclass editor was Virginia Von Riesen. Miss Price arranged for pictures and Owen Brewer and Rick Solberg were the

#### RP Awarded 26th All-American

The 1961 Royal Purple was awarded all-American honors by the Associated Collegiate Press. The 26th all-American rating in succession, the award was one of 25 delegated to college and university yearbooks in the United States. Helen Splichal Brewer, '61, edited the all-American book. The 1961 Royal Purple competed for the award with institutions with an enrollment of 7,000 to 10,000. The 1962 Royal Purple will again be competing for awards with some of the largest colleges and universities throughout the nation.

At the annual K-Key banquet May 8, 17 gold keys were awarded to Royal Purple staff members who had done outstanding work on the yearbook for two consecutive semesters. Editorial staff members who received gold keys for recognition were Owen Brewer, Clare Cameron, Jay Crabb, Genia Mangelsdorf, Bette Mills, Roberta Price, Linda Santee and Frances Towner.

Advertising staff and business staff members awarded gold K-keys for their work were James Caldwell, Kathy Dickey, Sandra Foltz, Gretchen Gerster, Diane Lee, Mark Miller, Monte Miller, Leah Ottaway and Robert Thompson.

## Daily Collegian Tells Student, World News

Student journalists worked throughout the two semesters, often late into the night, to follow the production of the Collegian through the stages of gathering the news to the printing of the paper. Editors, Joan Faulconer, first semester, and John Reppert, second semester, developed their philosophies in the staff editorials and oversaw the editorial production of the student newspaper. Student opinion was expressed in the daily newspaper by letters to the editor and guest interpretative columns.

The ratings distributed by the Associated Collegiate Press for the 1960-61 Collegian awarded an all-American score to the fall issues, edited by Wanda Eggers. The spring paper, edited by John Petterson, was given first-class standing.

Gold K-Keys were awarded to students for outstanding work on the Collegian for two semesters. Editorial staff members who were recognized at the awards banquet were Kalen Ackley, Paule Campbell, Ann Carlin, Ellen Claydon, Jay Crabb, Ann Curry, William Dobbins, Bart Everett, Joan Faulconer, Bernie Gilmer, Roberta Price, John Reppert, May Rogers, Glennys Runquist and Rick Solberg. Business staff members who received recognition for Collegian advertising and sales work were Mitch Eddy, Marlin Fitzwater and Sandra Sloan.

**Dave Bear** is first semester editor of the K-State Engineer, which has compiled 25 national awards in 44 years.

## Engineer Mag Alters Editorial Objectives

A change in the editorial policy of the K-State Engineer, a student staffed and operated magazine, resulted in the appearance of current interest and controversial subject articles, rather than limiting the publication solely to engineering topics. In line with their new policy, one feature story covered Brazilia, Brazil, from its architectural, engineering and political views. Other articles dealt with nuclear power, astronautics and space, and recent developments in engineering research. "For Geniuses Only," student and faculty profiles, campus news and a calendar girl of the month were featured.

Edited first semester by Dave Bear and second semester by Bob Benson, the monthly magazine, which is completely subsidized by advertising, was given to students in the Engineering and Architecture School. The Engineer, with an average circulation exceeding 3,000, sends free magazines to Kansas high schools, colleges and member schools of the Engineering College Magazine Association.

## Ag Mag Rates First For Design, Layout

First place award for design and layout was designated for the Ag Student Magazine last fall in the annual publication contest sponsored by the Agricultural College Magazine Association. In other divisions, the student magazine placed second in over-all excellence and tied for second place in cover design. Written, edited, managed and distributed by K-State students, the magazine contained articles on home economics and agricultural subjects.

The Ag Student also included technical articles, features of general interest and up-to-date information on current research projects that were conducted by the School of Agriculture and the School of Home Economics. Published six times a year by the University Press, the magazine was edited by Norman Werner during the fall semester and by Ken Hofmeyer during the spring semester. Dr. Lowell Brandner was the faculty sponsor. Subscribers to the magazine included University students, parents and vocational agricultural teachers. County agents and high school agricultural organizations throughout the state purchased subscriptions to the publication.

Norman Werner, fall editor of the Ag Student, finds that his position necessitates work on evenings and weekends.

## Creative Magazines Show Student Work

Serving as an outlet for creative work, K-State's literary magazine, Touchstone, was published once during the spring semester. In its third year on campus, the magazine featured short stories, poems and non-technical essays written by students. Eight pages of photographs of paintings and sculpture were included in the magazine. Touchstone was edited by Jewell Lemahieu. Faculty advisor was Alwyn Berland and art was directed by Pat Harrison.

Publius presented views on topics of current interest during its first year on campus. The opinion journal was published six times throughout the year, providing an extensive cross section of student opinion. More than 1500 copies of the mimeographed journal were sold at the three campus distribution points. Articles exchanged with other universities aided the Publius staff in determining the fields of current interest. Works which were printed in the issues ranged from politics to education and economics. James Dean was editor of the journal.

# KSDB Staff Relays Local News Events

Initiating a new public service program, the KSDB-FM staff strove to bring local and regional news to K-State students and Manhattan residents while simultaneously increasing the listeners' knowledge of international happenings. The staff managed the University radio station as a laboratory course.

Interviews with international students were designed to inform the radio audience about customs, literature, government and other aspects of the nations represented on campus. A half hour program called "This Week in Manhattan," plus strong local and regional news broadcasts kept listeners up-to-date with local happenings. A 11-man staff brought complete live coverage of all home-town University athletic contests and major campus events.

Faculty sponsor James Saunders advised and offered suggestions to the class. Six daily directors handled the program assignments which were written by the staff as material for five four-hour weekly programs and one five-hour Saturday broadcast.

Working with radio control room machines trains KSDB staff members in the techniques of radio broadcasting.

# Music Sections Give Concerts, Programs

The Men's Marching band, under the direction of Paul Shull, experienced a successful initial year. Bedecked in new purple uniforms with gold and white trim, the musicians performed at Wildcat football games. The half-time ceremonies were reputed as the best ever performed at K-State. The University bands were divided into five main units. A women's auxiliary to the marching band played during football games from the stands, and the basketball pep band was under the guidance of William Jones, assistant band director. Presenting campus concerts and touring throughout the state were members of the Concert and Varsity bands. A newly organized Jazz Workshop Ensemble gave students an opportunity to study band music composition and score arrangements for jazz selections.

K-State Singers, under the direction of William Fischer, performed before varied audiences. The six women, six men and accompanist toured with the A Cappella Choir. Organized by Fischer in 1954, the Singers made frequent on and off-campus appearances. Members demonstrated individual talents by inserting dance routines and instrumental solos during their concert performances.

As a part of the Centennial observance, the A Cappella Choir joined the orchestra in giving the first Kansas performance of Norman Lockwood and Carl Sandburg's composition, "Prairie." The A Cappella Choir, formed in 1945, had a membership of 80. William Fischer was director.

Luther Leavengood conducted the K-State University-Civic Orchestra which was composed of University students and Manhattan residents. The orchestra presented two concerts.

Two sections of the varsity men's glee club, under the direction of Morris Hayes, and the women's glee club, directed by Jean Sloop, made appearances at Kansas schools, in addition to campus concerts.

Versatile puppeteer Daniel Llorde manipulated some 200 marionettes in his presentation, "Spectacle on Strings."

Sophisticated sorcery in the program, "An Evening with the Shaw Smiths," delighted the summer school audience.

## Enrollment Upsurges In Summer Months

Summer school enrollment figures showed 2,460 students earning extra hours. The upsurge in enrollment was an increase of 325 over the preceding summer. Varied student activities included use of the Manhattan swimming pool, the University tennis courts and the Student Union facilities.

Students were informed by the Quelle Lecture Series. Five lectures, presented under the theme of "The Concept and the Book," covered topics concerning the world crisis and changing ideas in Christian tradition. Philip Farkas, one of the leading French horn players in America, gave a summer recital. Another musical event was the orchestra performance conducted by Henry Sopkin of the Atlantic Symphony Orchestra. The Boston Lyric Theater, a musical theater group, and the Shaw Smiths, a magician-comedy team, also drew summer students and faculty.

# Alumni Mag, Bureau Relate Campus News

Press releases prepared by the Kansas State News Bureau publicized current news about students and faculty members. Acting as a nerve center for news dissemination, the Bureau, directed by Carl Rochat, kept people throughout the state informed about recent research findings, campus events and student activities. Rochat was aided by a graduate assistant, a secretary and five journalism students who gained additional experience in news writing.

The K-Stater alumni magazine was written and edited by Helen Hostetter. In previous years, only the members of the K-State Alumni Association received the magazine. This year, however, K-State graduates will receive the alumni magazine for two years without having to join the Association. Through interpretative reporting and feature articles, the K-Stater magazine, published four times a year, creates a true picture of University life.

**Press releases** are prepared and mimeographed for publication by the office staff of the University News Bureau.

# Campus Coeds Win Crowns, Royal Titles

Campus coeds vied for royalty status in major and minor queen contests, ranging from the Miss Football title to the queen of the Arab-American Club. Bertie Lou Powell was selected by a panel of judges to represent K-State at the national Miss Football contest. One of 12 university representatives in the contest, Miss Powell traveled to California to compete for the national honor.

Reigning as Miss Scheherazade was Nancy Harris. She was crowned at the Scheherazade Night festivities, sponsored by the Arab-American Club. K-State's first official candidate for American Royal Queen was Eunice House. Climaxing the Army-Air Force Military Ball was the crowning of Linda Pigg. A vote of both corps selected Miss Pigg as queen.

As the results of two competitions, Judy Whitesell was crowned Miss K-State-Manhattan. The first judging was on the basis of beauty, talent, poise and personality, and the second on interviews by judges. Miss Whitesell competed in the Miss Kansas contest for the right to go to the Miss America pageant.

## Renowned Performers Entertain Audiences

Campus audiences were musically and visually entertained by a foursome of world-renown talent groups, scheduled by the Union Campus Entertainment Committee and the India Association. Performing before a record-breaking audience, the Dave Brubeck Quartet rendered his internationally famous jazz which has won every poll and award for jazz.

Appearing on campus at the invitation of the India Association, Indrani executed the temple rhythms of India with the motions of her hands and feet. Indrani and her company interpreted religious legends and portions of the lives of Indian gods.

In November the Glenn Miller Orchestra, under the direction of Ray McKinley, gave a full length concert version of the "Glenn Miller Time" which has previously appeared on television. Jazz selections and Miller originals comprised the two performances which coincided with Parents' Day. Highlighting the Royal Purple Dance, the Four Preps sang selections of popular and contemporary music. After clowning their way through the pre-dance concert, the four returned to display their musical talents at the dance.

## Ag Judging Squads Rank in Competition

Judging teams from K-State traveled throughout the nation to rate crops, animals and products. The men used score cards and written and oral reasons to relay their ratings. Dairy Cattle judges launched their competitive season with a victory at the ninth annual Intercollegiate Dairy Cattle Judging contest at the Hutchinson State Fair.

### Livestock Judging Team Ranks High

Fourth place was captured by the Senior Livestock Judging squad in the Intercollegiate contest at the American Royal in Kansas City. Coached by Don Good, the team tied with Mississippi State for sixth place at the Chicago International Livestock Exposition. Best individual showings were made by Paul Ryding, third high in swine judging, and Ronald Scott, tenth high in cattle judging. The Junior Livestock Judging team tied for second place in the Intercollegiate Judging contest at Fort Worth in the Southwest Exposition and Fat Stock Show. The junior team is in training for next year's shows.

Washington, D. C. are Albert S. DePee, Gary D. Reif, Lyle G. Helmer, Coach W. H. Martin and Roger F. Baroch.

**Meat Judging Team—**  
Ivan E. Kanak, Wilbur D. Smith, Lawrence H. Speer, Coach Robert A. Merkel, John R. Teagarden, Larry J. Theurer, Arthur L. Slyter.

### Meat Judges Place Fourth

Robert Merkel coached the Meats Judging team that placed fourth in an 18-team Intercollegiate contest at the American Royal in Kansas City. Meats judges received tenth place in the International collegiate contest held at Madison, Wis. The best individual score was made by Ivan Kanak who won second in lamb judging. The Junior Meats Judging squad placed third at an Intercollegiate Judging contest at Fort Worth. The team, coached by Dave Topel, ranked second in beef and lamb grading and was third in pork judging. Leon Dunn won the high individual scoring honors in lamb judging, while Larry Antrim placed third high in beef.

**Senior Dairy Cattle Judging Team—***Top Row:* Coach G. B. Marion, Earl D. Kellogg, Lawrence E. Schrader. *Bottom Row:* Larry L. Coon, Ronald S. Robb.

**Poultry judges** watch attentively as Amos J. Kahrs, team coach, explains how to check a hen for moult. Team mem-

bers are John R. Baird, William S. Edwards, Jerry R. Craig, Coach Kahrs, Sterling Ingwersen, and Gary L. Eilrich.

**Meat Judging Team**—Ivan E. Kanak, Wilbur D. Smith, Coach R. A. Merkel, Lawrence H. Speer, Arthur L. Slyter, Larry D. Antrim.

**Crops Judging Team**—Don M. Gronau, Ralph Holliday, Coach E. L. Mader, Jon W. Thole, Norman Hildebrand.

#### **Crops Team Wins Top Honors**

Capturing top honors at the International Collegiate Crops contest was the Crops Judging team. Larry Johnson was second high man in the contest while Don Gronau finished fourth. Coached by E. L. Mader, the men placed third at the National Collegiate Crops Judging contest at Kansas City.

Dairy Products judges ranked 14th in the 27th Collegiate Student International contest in Washington, D. C. The team was coached by W. H. Martin. Poultry judges placed fourth in the 38th International intercollegiate Poultry Judging contest. The Wool judging team, coached by Myron Hillman, entered competition at the American Royal.

# *Classes*

Students pass by Farrell Library and the new Student Health Center.

Every classroom, every passing year, every rung on the ladder brings students to realize that each is richer in both knowledge and friends.

Experiencing the last phase in the life of a senior, 1961 June graduates await the walk to Ahearn Fieldhouse and

commencement exercises. Diplomas were awarded to 1620 graduates in the only formal exercise of the school year.

The 1962 Senior Class officers discussing plans for selling senior derby hats and senior buttons are Brenda Mor-

gan, secretary; Dee J. Hubbard, vice-president; Tausca McClintock, treasurer; and Richard Ewy, president.

## Senior Class Wears Buttons, Derby Hats

The University party swept all four positions of Senior Class officers as only 16 per cent of the 1,442 eligible juniors voted. The officers selected the graduation invitations and the class memorial. Black derbies marked the pep section at the Oklahoma State football game and senior buttons were sold for the Colorado basketball game.

**Working with** complicated mechanisms in the physics laboratory, graduate students attempt to complete their prob-

lems. A wealth of technical machines is available for graduate use on daily work problems or master thesis papers.

**Informal parties** provide relaxation and opportunity to increase acquaintances for students doing graduate work.

## Graduates Reinforce Knowledge, Research

Concentrated application in a chosen field makes long hours of tedious study an important part in the life of the graduate student. Having completed the years of undergraduate study, the student fully realizes that the conscientious work to receive a bachelor's degree was a prerequisite to graduate study.

Cultivating expanding interests, the graduate student experiences many enlightening moments in the close relationships with faculty members. The presence of international graduate students makes possible the exchange of knowledge and opinions all culminating in intellectual achievement.

**Combining forces,** the cheerleaders and pep band create enthusiasm by introducing a new cheer at the final pep

rally of the season. The all-University rally, preceding the Colorado basketball game, honored the 1962 team.

**Drawing upon** their accumulated knowledge, incoming freshmen take many required orientation examinations.

Taken at various intervals during the summer, these tests help to determine the field potentialities of the new students.

**Evening departmental** examinations play an important role in the curricular routine of the average college student.

## Undergraduate Faces Multi-facet Existence

Experiencing the many facets of campus life, the undergraduate exits in a maze of activities, intellectual perplexities and social relationships. In the multi-phased undergraduate years are decided the student goals and the realization of the barriers that may block attainment of these aspirations.

From the first moment of registration, the student becomes continually aware of the many opportunities offered by the University. It is the decision of the undergraduate to determine to what use these invaluable chances will be put. All ambitions are captured in the realms of community life. In the end, the undergraduate realizes that the search for the goal has been a creative part of life's philosophy.

## One last word...

The editor of the 1962 ROYAL PURPLE wishes to acknowledge and thank all of the many people who helped with its publication. This book, which records the memorable events that took place during the school year, belongs to every Kansas State student, not just the editor. The editor wishes to express deep gratitude to C. J. Medlin, Royal Purple advisor, for support and help throughout the year; to the members of the editorial and business staffs; to Owen Brewer, Rick Solberg and David von Riesen for activity pictures; to Laurence Blaker for color pictures; to the Studio Royal for class pictures; to Floyd Hanna for organization pictures; to Richard M. Ong and the printers of Grimes-Joyce Printing Company, Kansas City, for cooperation; to Ralph Kolb of Burger-Baird Engraving Company, Kansas City, for understanding; to Larry Weatherman, Kansas City, for the art work; to Robert J. Renn of S. K. Smith Company, Chicago, for the covers; to Rae Ellen Smith, student publications secretary; and to the Kansas State students and faculty who helped make this book possible.
